## QUARTERLY SIGNIFICANT PROGRAMS REPORT

**January 1 – March 31, 2024**

Station KWCH –DT is a CBS Network affiliate in its service area. In carrying out its responsibilities as a public trustee, the station deals with and is responsive to the principal issues arising in its community on a continuing basis. A variety of specials, public service announcements, public affairs programs and broadcasts on matter of concern to our community are supplemented, in some cases, with in-community projects. Our most significant programming, which has dealt with current community issues during the preceding three-month period, is set forth below.

There are three primary satellites of KWCH-DT which simulcast most of the programming. KBSD-DT, KBSH-DT, and KBSL-DT do insert local segments and are listed in the Supplemental Issues and Programming report for each station.

### **Specific Treatment of Community Issues**

**News stories carried in any of five daily newscasts, Monday through Friday, and on three per day newscasts on Saturday, and on two per day newscasts on Sunday, ranging in length of 45 seconds or more, address community issues.**

## **COMMUNITY ISSUES**

**Crime** - Channel 12 reports regularly on criminal activity throughout the entire Channel 12 viewing area as well as the rest of the country and the world. Here we are listing just a few of the stories that were included in our newscast this quarter.

**Community** - Events impacting the quality of life, including community caring and involvement.

**Economy** - The economy is of major importance to Kansas residents. Continuing growth keeps our employment rate high; new contract acquisitions by the local aircraft manufacturers, old businesses leaving town, new businesses coming in, proposed tax increases/decreases, and major weather concerns for residences and businesses. All of these factors impact the community and are of ongoing interest and concern for our viewing audience.

**Education** - Channel 12 has updated its method of covering educational issues in its viewing area, with the assignment of one reporter to focus solely on education.

**Environment** - Environment issues and concerns are of interest to the Channel 12 viewing area and are aired regularly in our newscasts to keep our viewers as informed as possible of the latest in Environmental technology, treatments, advisories, etc.

**Health & Safety** - The well-being of Channel 12 viewers is always our top concern and the Channel 12 News Team is on top of every issue from traffic hazards to severe weather warnings, school closings, fire safety, disaster preparedness and emergency situations. And, with severe weather season, storm spotter training meetings are held several times a week in locations throughout the Channel 12 viewing area all over the state.

**Politics** - Channel 12 makes sure to convey to viewers how the issues and decisions by city, county and state government can affect them.

Kassandra Cantrell was supposed to meet her best friend, Alexandra McNary, on August 26<sup>th</sup>, 2020, but never showed up. Cantrell had vanished and her family and friends had no idea where she had gone. Three days after her disappearance, police located her car in an industrial area near downtown Tacoma; they also discovered surveillance footage of a mysterious man in a fedora leaving her car, later identified as Colin Dudley, an ex-boyfriend Cantrell met in 2006. Investigators questioned Dudley and he insisted he had not seen Cantrell in years, even though Cantrell had told McNary that she was pregnant and that Dudley was the father. Further investigation and digital evidence, including data from the black box of Dudley’s

truck, led investigators to Cantrell's body in a ravine on September 22<sup>nd</sup>, 2020; Dudley was arrested later that night and charged with first-degree murder. Two years later, family and friends were angry to hear that prosecutors were considering a plea deal due to the lack of physical evidence. Eventually, Colin Dudley agreed to plead guilty to murder in the first degree and formally entered his guilty plea on November 14<sup>th</sup>, 2022; he was sentenced to 26 years in prison. Cantrell's family would like a law in Washington State that if someone is guilty of knowingly killing a pregnant woman, they would automatically get a life sentence. Original on-screen text graphic: Kassandra Cantrell's family has filed a wrongful death lawsuit against Colin Dudley. It is scheduled to go to trial in August 2023. **On-screen text graphic for the 01/06/24 rebroadcast:** Kassandra Cantrell's family has filed a wrongful death lawsuit against Colin Dudley. ## 48 HOURS (continued)

01/06/24      **48 HOURS: “The Suspicious Death of Megan Parra”** (10:00 – 11:00p) – a report on the death of 29-year-old Megan Parra, who was discovered on June 28<sup>th</sup>, 2014, by her parents, Missy and Steve Ducote. Found on the living room floor at her home in Cottonwood, LA, Megan had suffered a gunshot wound to her head and was still alive, but barely breathing. Steve telephoned Dustin Parra, Megan’s husband who returned home shortly thereafter; both medically trained, Missy and Dustin worked to save Megan. Airlifted to a trauma center in Lafayette, she was taken off life support the next morning. Chris Knight, the original detective on the case, closed his investigation four days after the shooting and the manner of death was ruled suicide. The family learned soon after that Detective Knight lied about testing the weapon found near Megan’s body, and questioned the thoroughness of his investigation as well as the ruling that her death was classified as a suicide. Convinced there was foul play, they suspected Dustin’s involvement, whose behavior after his wife’s death was odd and his story, regarding their daughter’s final days, inconsistent. Steve and Megan’s sister, Betsy Jeansonne, studied more than 100 images taken at the crime scene, some of which revealed signs of a struggle, and spent hours on the internet studying blood spatter patterns. Several months later, Steve went to the Avoyelles Parish district attorney, who worked to get local and state law enforcement officials to take another look at the case. Most resisted, but those who did eventually agreed with the original determination of suicide as the manner of death. Megan’s family refused to give up and continued with their own investigation. Occasionally over the years, law enforcement agreed to review the case, but never overturned the initial findings. Steve reached out to childhood friend and former FBI agent David Lemoine, who agreed to meet with Steve in 2018 and review the evidence; afterwards, he believed Megan was murdered. David came out of retirement in 2019 and worked the case, along with fellow retired FBI agent Zack Shelton; both were deputized by the Cottonport police chief, who reopened the case. In 2019, they interviewed the original detective on the case and Dustin Parra, remarried and raising Megan’s sons with his new wife, who abruptly ended the interview. Also interviewed were Megan and Dustin’s neighbors at the time of the shooting. In 2021, Steve hired an independent crime scene analyst, who determined that blood spatter on the shorts Dustin was wearing the day of the shooting proved he was there. On October 13<sup>th</sup>, 2021, the district attorney presented evidence to a grand jury seeking murder charges against Dustin Parra; they returned a charge of second-degree murder after six minutes of deliberations. On March 24<sup>th</sup>, 2023, there days before Dustin’s murder trial was set to begin, District Attorney Riddle received a call from the defense attorney, who offered a plea: negligent homicide. Megan’s family agreed to the deal, but only if Dustin agreed to answer specific questions. On March 26<sup>th</sup>, Dustin pleaded no contest to negligent homicide and answered the district attorney’s questions and admitted that he shot Megan and it was not suicide. In April 2023, Missy and Steve were granted full custody of Megan and Dustin’s sons. In late April 2023, David Begnaud was present when Dustin Parra and his wife arrived at the sheriff’s office so that Dustin could turn himself in; he

never responded to any of the questions. **On-screen text graphic:** Megan's death certificate now lists her manner of death as homicide. Dustin Parra will likely serve 18 months in prison and the remainder of his five-year sentence out on parole. Parra's nursing license has been permanently revoked. Interviewed: Betsy Jeansonne, Megan Parra's sister; Missy and Steve Ducote, Megan's parents; Dave Blanchard, police officer, Cottonport Police Department, first officer on the scene; Luke Welch, Megan's uncle; Dan Schaub, commander, Criminal Investigations Unit, Avoyelles Parish Sheriff's Office, reviewed the case and released a report in January 2015; Charles Riddle, district attorney, Avoyelles Parish; Dr. L.J. Mayeux, then-Avoyelles Parish coroner; Peter Lemoine, attorney, brother of retired FBI agent David Lemoine, who got involved with the investigation after David died of COVID-19 in late December 2020; Zack Shelton, retired FBI agent; and Eric Richardson, crime scene analyst. (Contributor: David Begnaud – Producer: Judy Rybak)

## 48 HOURS (continued)

01/13/24

**48 HOURS: “Shootout at the Shaughnessys”** – a report on the 2018 death of Ted Shaughnessy and how the results of the investigation forever impacted the family. On March 2<sup>nd</sup>, 2018, intruders entered the home of wealthy jewelers Ted and Corey Shaughnessy in Austin, TX. A gunfight between Ted, Corey and the intruders left 55-year-old Ted dead. At first, investigators wondered if it was a random attack, a robbery gone wrong or a targeted assassination and, consequently, suspected their profession made them targets. Corey notified their son Nick, who lived two hours away with girlfriend Jaclyn (“Jackie”) Edison in College Station, TX. All three agreed to answer questions at the police station, but Corey soon felt that they were treating her like a suspect and brought an attorney to the final police interview. Police found Corey’s behavior suspect after the shooting, but were also suspicious of Nick and Jackie, who showed more interest in speaking with the media than with the police. Additionally, Nick went unprovoked to the window used by intruders to gain entry to the home and an app on his phone, which gave him access to the house’s alarm system, indicated an activation for an open window at 4:27 that morning. A search of Nick and Jackie’s home days later resulted in the discovery of the same brand and caliber ammunition found at the crime scene and the revelation that Nick and Jackie were secretly married, unknown to both Ted and Corey. Nick and Jackie moved into the family home in Austin with Corey and police, who now believed that they had also targeted Corey, became concerned for her safety. Corey was instead concerned for her son and hired a defense attorney for him on March 10<sup>th</sup>, 2018. Police discovered incriminating evidence on Nick’s cell phone, including text messages with Jackie, which showed Nick attempted to hire a friend to kill his parents; both were arrested on May 29<sup>th</sup>, 2018, for criminal solicitation. Their arrest and the evidence shared with her, resulted in Corey’s realization that her son and his girlfriend were involved. Security footage from the couple’s home in College Station eventually led them to Johnny Leon and Arieon Smith; Arieon told police where to find the murder weapon and requested the death penalty for his involvement. A few weeks after their arrest, Jackie blamed Nick and cooperated with investigators; she was released on a reduced bond. Nick and the two alleged hitmen were charged with capital murder. By the spring of 2021, Amy Meredith had left her job as assistant district attorney; the new district attorney’s office made the three men an offer: plead guilty to a reduced charge of murder and serve 35 years with the possibility of parole, thereby avoiding the death penalty; all three men accepted the deal. Jackie was also offered a deal and accepted: plead guilty to conspiracy to commit capital murder by terror threat or other felony; she received a jail sentence of 120 days and probation. Corey, who did not agree with the deal Jackie received, testified via a recorded video to be played in court. Corey and Nick have not spoken directly since his 2018 arrest; Corey now lives out of state under a different name. Jackie was released from jail on October 17<sup>th</sup>, 2023. **On-screen text graphic:** As a parole requirement, for the next ten years, on the anniversary of Ted Shaughnessy’s murder, Jaclyn Edison must spend the night in jail. Interviewed: Corey Shaughnessy, victim, Ted’s wife and Nick’s mother; Nick Shaughnessy, admitted

to hiring people to kill his parents and discussed his toxic relationship with Jackie Edison during his 2023 summer interview; Jackie Edison, interviewed by 48 HOURS producer Jenna Jackson upon her release, believes her sentence is fair; Paul Salo, detective, Travis County Sheriff's Department; Amy Meredith, former assistant district attorney; and James Moore, detective, Travis County Sheriff's Department. (C: Jim Axelrod – P: Josh Yager)

## 48 HOURS (continued)

01/20/24      **48 HOURS: “For the Love of Cayley Mandadi”** - an update to 48 HOURS: “The Final Hours of Cayley Mandadi” (OAD: 09/19/20; Rebroadcast: 06/12/21), a report on the death of Cayley Mandadi and the case against Mark Howerton for her murder. Cayley, a 19-year-old sophomore at Trinity University in San Antonio, TX, was rushed to the emergency room in Luling, TX, on October 29<sup>th</sup>, 2017, by her boyfriend Mark; she was nearly naked, bruised and not breathing. Mark told investigators that they drank alcohol, took MDMA (also known as ecstasy or Molly) and attended a music festival in San Antonio, where they argued; he claimed she passed out after they had consensual sex in his car. Medical staff were unable to revive Cayley and she died at the hospital. Cayley’s mother, Alison Steele, and stepfather, Lawrence Baitland, were suspicious of Mark and believed he killed her. An autopsy concluded Cayley died of blunt force trauma to the face and head and ruled it a homicide; Mark was arrested and charged with murder. During the first trial in December 2019, prosecutors argued that Mark was abusive and had beaten Cayley; his attorney maintained her injuries were caused during resuscitation efforts at the hospital or by a possible fall. Jurors could not reach a verdict and the judge declared a mistrial. The retrial was initially scheduled for 2021 but was delayed until 2023. Cayley’s mother, Alison, a scientist, and stepfather, Lawrence, a NASA engineer, believed the jurors needed more information about what happened inside Mark’s car and launched their own investigation. They consulted with experts and studied autopsy photos. As part of their investigation, Cayley’s parents tracked down the new owner of Mark’s car, which he sold in 2018, and they purchased it. They then commissioned a video using actors to demonstrate their theory that Mark struck Cayley and she hit her head on the car door lock knob. The second trial began on May 23<sup>rd</sup>, 2023. Prosecutors added more charges, including aggravated assault and criminally negligent homicide. In the end, the prosecutors did not use the video ordered by Alison and Lawrence because the judge determined that it would make them both witnesses and they would not be allowed to sit in the trial. Prosecutors alleged that Mark was a textbook abuser and his defense claimed that the high levels of MDMA in Cayley’s system caused the brain bleed. Jurors found Mark not guilty of murder, but guilty of aggravated assault causing serious bodily injury; he was sentenced to the maximum, 20 years in prison. Alison, who worked to pass the Texas CLEAR Alert Bill, continues to help other victims of violence. **On-screen text graphic:** Mark Howerton will be eligible for parole in 2033. (This broadcast contains footage and interviews from 48 HOURS: “The Final Hours of Cayley Mandadi”.) Interviewed: Christy Jack, attorney based in Fort Worth, asked by 48 HOURS to review the case files; Taylor Clement, Cayley’s best friend; Lawrence Baitland, Cayley’s stepfather; Alison Steele, Cayley’s mother; John Hunter, Mark Howerton’s attorney; Alessandra Cranshaw, prosecutor; David Lunan, prosecutor; and Hallie Pease, Mark Howerton’s attorney. 01/27/24      **48 HOURS: “The Mysterious Death of Tiffiney Crawford”** (9:00 – 10:00p) - a report on the death of Tiffiney Crawford, mother to a son and daughter, and the case against her husband, Jason Crawford. On the night of May 2<sup>nd</sup>, 2017, then-37-year-old Jason dialed 911 to report that his wife had been shot. When sheriff’s deputies arrived at their home in Cullman, AL, they found 32-year-old Tiffiney dead in the driver’s seat of her van. Two bullet wounds were in her head; one to her left jaw area, the other to her left temple. The gun was in her left hand, but Tiffiney was right-handed. It initially appeared to at least one deputy to be a suicide. Because Jason’s mother works as an office manager at the sheriff’s office, the case was turned over to the Alabama State Bureau of Investigation. Jason admitted that they fought the night of her death, after he discovered Tiffiney was having an affair. Further investigation and the death ultimately being ruled a homicide by the medical examiner, resulted in an indictment for murder; Jason surrendered on May 21<sup>st</sup>, 2018. In November 2022, Jason went on trial for Tiffiney’s murder; he was found guilty on November 18<sup>th</sup>, 2022. Cheryl McGucken, Tiffiney’s mother, supported her son-in-law until she finally viewed the evidence in the public record; she spoke at Jason’s sentencing hearing on March 10<sup>th</sup>, 2023. He was sentenced to 99 years in prison. Under Alabama law, Jason will be eligible for parole in 15 years. **48 HOURS: “Capturing Moriah Wilson’s Killer”** (10:00 – 11:00p) – a report on the murder of 25-year-old cyclist Moriah (“Mo”) Wilson and the international hunt to find suspected killer Kaitlin Armstrong. On May 10<sup>th</sup>, 2022, Moriah arrived in Austin, TX, to stay at the apartment of a close friend and prepare for the Gravel Locos bike race. Just before 10:00 p.m. the next evening, the friend returned home to find Moriah on the bathroom floor, shot multiple times. Investigators discovered Moriah’s expensive racing bicycle discarded in the bushes, but no sign of a break in at the apartment. They also learned she was dropped off at her friend’s apartment by Colin Strickland, a professional bike racer who Moriah dated in 2021. Video from a neighbor’s doorbell camera showed a black Jeep SUV with a bike rack drive by a minute after Colin dropped off Moriah; that vehicle belonged to Kaitlin Armstrong, a yoga instructor with a background in finance and Colin’s girlfriend. When Colin was interviewed by investigators, he claimed his relationship with Moriah was platonic and portrayed Kaitlin as the jealous type. That, and other clues pointed to Kaitlin and police picked her up on an old warrant. Kaitlin resisted questioning and police let her go when they discovered the warrant was not valid, due to a mistake with her birthdate. Two days after Kaitlin’s police interview, one of her friends called police and claimed Kaitlin was so angry over Colin’s relationship with Moriah, that she wanted to kill her. Police issued an arrest warrant, but Kaitlin had fled Austin. Deputy U.S. Marshals— members of the Lone Star Fugitive Task Force— joined the case and discovered Kaitlin used her sister’s passport to flee to Costa Rica and the Marshals traveled there in June 2022. Multiple leads took the Marshals to popular tourist destinations, where they learned she used multiple identities and changed her hair color. In the small village of Santa Teresa, they placed an ad for a yoga instructor. Days later, Kaitlin responded and a meeting was scheduled at a local hostel; local police made the arrest. At her arrest, the Marshals noticed the change in her appearance and discovered she had been getting plastic surgery. Kaitlin was returned to Texas, where she was charged and held in jail. On November 1<sup>st</sup>, 2023, Kaitlin’s trial began; her defense argued there was no direct evidence that showed Kaitlin was at the scene of the crime, even though her DNA was found on Moriah’s bike. It took the jury around two hours to find Kaitlin guilty of murder; she was sentenced to 90 years behind bars.

## 48 HOURS

02/03/24

**48 HOURS: “Who Took Our Dad? The Abduction of Ray Wright”** – a report on the disappearance of Ray Wright and the events which led to the conviction of two men for his kidnapping and murder. When Ray Wright, a 55-year-old twice divorced father of two and a master carpenter, suddenly lost contact with his family on January 11<sup>th</sup>, 2018, they were immediately concerned and feared a relapse. Ray, a recovering alcoholic, had spent time in prison for a November 2011 car accident in which he drove drunk, struck another vehicle and seriously injured the married couple inside. Two days after his 2018 disappearance, his brother Dean Wright confronted an intruder in Ray’s home in Rocklin, CA, a Sacramento suburb. The man ran out the back door but left a soda cup and straw behind in the kitchen which, when tested, gave investigators key forensic evidence. Sixteen days after Ray vanished, a high-speed chase ended with the arrest of Victor Gray, whose wrecked van contained a treasure trove of evidence, including a blood-soaked raincoat, a baseball cap printed with ‘Ray Wright Design’ and Ray’s wallet. Victor’s cellphone contained a picture of a letter he wrote to a man named Bob, in which Victor demanded payment because he “hand delivered you your revenge.” Additionally, the registration tag on the van actually belonged to Ray’s 2016 Ford pickup truck. Three months after Ray’s disappearance, the DNA left in the straw was matched to Victor Gray, which placed him in Ray’s house. Text messages on his phone led investigators to Katie Barnard, who lived in a trailer next to Ray’s cabinet shop in Rio Linda. When questioned in October 2018, Katie eventually admitted that she surveilled Ray because she believed Victor wanted to steal his truck. Additionally, Katie identified Bob as Robert “Bobby” Manor, her ex-boyfriend; she later told investigators that Bob admitted to killing Ray and threatened her to never speak of it again. Robert Manor and his wife were the couple Ray struck when he drove drunk in 2011; he was a feared methamphetamine dealer in North Sacramento who had been in prison for assault and selling drugs, armed with a gun. Multiple witnesses told investigators that he had wanted revenge and cryptically admitted his crime to others. In March 2021, Robert Manor and Victor Gray were charged with the kidnapping and murder of Ray Wright; both men pleaded not guilty. The trial began March 2023 and since there was still no body, the case had become a nobody homicide. On March 17<sup>th</sup>, Robert Manor and Victor Gray were found guilty of first degree murder and kidnapping; both were sentenced to life without the possibility of parole on April 28<sup>th</sup>. Until Ray’s body is found, the case remains an open missing person’s case with the Rocklin Police Department. **On-screen text graphic:** If you have any information about Ray Wright’s whereabouts please call Rocklin Police (916) 625-5400. Interviewed: Matt Chisholm, prosecutor; Haley Kendall, Ray Wright’s daughter; Zack Lewis, sergeant, Rocklin Police Department; Peggy Wright, Ray Wright’s ex-wife; Dean Wright, Ray Wright’s older brother; Kennedy Wright, Ray Wright’s daughter; Ashley Englefield, investigator, Placer County District Attorney; and Bob Manor, suspect in the kidnapping and murder of Ray Wright, interviewed while in the Sacramento County jail. **48 HOURS: “Christy and Hilda’s Last Dance”** (9:00 – 10:00p) - On Friday, November 12<sup>th</sup>, 2021, model Christy Giles and her friend Hilda Marcela Cabrales-Arzola went to a warehouse party in Los Angeles, CA. The next afternoon, both women were left at separate hospitals by two men in a car with no license plate, who in each instance claimed to have found a woman “passed out on the curb somewhere nearby”: Christy at Southern California Medical Center and Hilda at Kaiser Permanente Hospital. Christy died of a drug overdose; Hilda spent two weeks on life support, before her family decided to donate her organs. The police suspected foul play and made use of the digital trail left behind. Christy’s phone led investigators to the apartment of David Pearce, who passed himself off as a Hollywood producer; surveillance footage tied him, his roommate Brandt Osborn and their friend, photographer Michael Ansbach, to the crime. Three weeks after Hilda’s death the men were arrested; Brandt and Michael were released, but David was held on four unrelated sexual assault charges. When news of David’s arrest was made public, more women came forward. In May 2022, the prosecution added three more counts of sexual assault against David; he is currently charged with eleven counts, seven counts of drugging and sexually assaulting, forcibly raping and/or sodomizing several women, two counts of murder and two counts of providing a controlled substance, that being Fentanyl. So far, the prosecution has “declined” to charge Michael Ansbach; he’s cooperating with prosecutors and will likely testify against his two friends. This broadcast features the first

primetime television interview with Jan Cilliers, the husband of Christy Giles, as well as the parents and friends of Hilda Marcela Cabrales-Arzola. **On-screen text graphic:** A trial date has not been set for David Pearce or Brandt Osborn. Interviewed: Barry Telis, retired homicide detective, Los Angeles Police Department, CBS News consultant; Mary Fulginiti, former prosecutor and defense attorney; Fernanda Cabrales-Arzola, Hilda Marcela's sister; Jan Cilliers, Christy's husband; Dr. Hilda Marcela Arzola-Plascencia, Hilda Marcela's mother; Dusty and Leslie Giles, Christy's parents; Misty Weldon, Christy's sister; Luis Cabrales, Hilda Marcela's father; Fernanda Cantisani and Alan Betancourt, Hilda Marcela's friends; Erica Bergman (aka Erykah Poe), assaulted by David Pearce and tried to warn others about him on "The Dirty" blog; and Josh Ritter, former Los Angeles assistant district attorney, practicing defense attorney, advising Jan Cilliers on legal issues. Brandt Osborn, charged as an accessory to murder after the fact, responded to a question from Greg Fisher, a 48 HOURS producer, outside of court. ## 48 HOURS (continued)

02/10/24

**48 HOURS: “Justice for Amie Harwick”** (10:00 – 11:00p) – an update on the murder of Aime Harwick, a prominent Los Angeles therapist and author, who was killed by Gareth Pursehouse, an ex-boyfriend and photographer. This broadcast contains an interview with Michael Herman, Aime’s roommate, who is publicly telling his story for the first time, as well as interviews which reveal the impact Aime had on her friends, family and clients; also included are details of the case from the lead detective and district attorney’s point of view, and the August 2023 trial. In the early morning hours of February 15<sup>th</sup>, 2020, Michael telephoned police to report that his roommate had been attacked. When police responded, they found 38-year-old Aime lying unresponsive on the ground beneath the third-floor balcony of her bedroom; Aime was transported to the hospital, where she died. Her friends and parents told investigators about Gareth Pursehouse, an abusive ex-boyfriend, who she began dating in 2009. After Aime ended the relationship, she obtained a restraining order against Gareth in 2012, who continued his obsession. In a chance encounter at an awards show in January 2020, Gareth confronted her and then stalked her through texts and phone calls; Aime blocked his number. Investigators and prosecutors believed Gareth was lying in wait in Aime’s home and hoped to catch her off guard, and that he wanted to make a statement by killing her on Valentine’s Day. Gareth was charged with Aime’s murder on February 19<sup>th</sup>, 2020; his trial began in August 2023. At first, the defense claimed that their chance encounter sent their client into a deep depression, that Gareth’s only intention that night was to speak with her and that he intended to kill himself with the nicotine-filled syringe found at her residence. After the prosecution presented their case, the defense rested without calling any witnesses. At closing arguments, the defense presented a new theory: Aime preemptively attacked Gareth in order to subdue him. The jury found Gareth guilty of first degree murder with a special circumstance of lying in wait; two months later he was sentenced to life in prison without parole. **On-screen text graphic:** If you or someone you know is experiencing domestic violence or stalking, the National Domestic Violence Hotline can be reached at 1-800-799-7233. “Justice for Aime Harwick” contains interview footage from prior broadcasts on the subject. **48 HOURS: “The Assassination of Jeff German”** – a report on the murder of Jeff German, a *Las Vegas Review-Journal* investigative reporter and local legend, renowned for his reporting on infamous mobsters, crooked politicians and murderers. On September 2<sup>nd</sup>, 2022, Jeff was ambushed and stabbed seven times by an unknown assailant outside his home in Las Vegas, NV, in an attack captured on video. A neighbor discovered his body 24 hours later. Staff member at the *Las Vegas Review-Journal* started working to determine who killed their coworker; one of the names on their list of people who may have threatened him was Robert Telles, a Clark County public administrator. Jeff had written four articles about his alleged hostile behavior at the office, which included harassment, bullying, physical intimidation and discrimination, after he learned about the accusations of a toxic workplace from Clark County employees Rita Reid, Aleisha Goodwin, Jessica Coleman and Noraine Pagdanganan. The four women also said Robert was having an inappropriate relationship with a subordinate in the office and gave her power and privileges beyond her job title. The impact of Jeff’s first piece was immediate: the county assigned an outside consultant and Robert lost his bid for reelection in the primary. Jeff wrote three more articles, with another in the works at the time of his death. On September 7<sup>th</sup>, 2022, Jeff was brought in for questioning while police searched his home and cars and collected crucial evidence. After positive DNA results showed Robert’s DNA at the crime scene, police arrived to arrest him, but he refused to come out of his home and cut himself. A *Las Vegas Review-Journal* photographer was the only one who captured Robert’s arrest by SWAT and it made the

front page the following morning. Six weeks later, he was indicted for murder with use of a deadly weapon. Robert maintains his innocence and claims he was framed. **On-screen text graphic:** Robert Telles' trial is scheduled for March 18, 2024. **48 HOURS: “Alisa Mathewson’s Night Terrors”** (9:00 – 10:00p) – a report on the 55-hour ordeal Alisa Mathewson suffered at the hands of her estranged husband, Trevor Summers, who manipulated his children into believing he just wanted to get back together with his estranged wife and their mother. Just after midnight on March 11<sup>th</sup>, 2017, Trevor drove to Alisa’s home in Valrico, FL and entered through a window, left open by their 14-year-old daughter Arden, whom Trevor manipulated into believing he wanted to reconcile and make the family whole again. Once inside the house, Trevor woke up Alisa by dripping water on her head and told Arden to drive her siblings to his house and wait. Trevor tied Alisa with a string of holiday lights, kidnapped her, sexually assaulted her and then tried to kill her; he even used Alisa’s phone to record bizarre messages, admitting to his crime. Trevor was arrested on March 13<sup>th</sup>, 2017, after police received a 911 call from a Walgreens’ employee who saw a woman attempting to flee from an SUV. Trevor’s trial began in August 2022; he was found guilty of all 11 charges and the judge sentenced him to three life sentences, followed by 224 years of prison. In a wide-ranging interview, Alisa discussed her experience and the trial, in which she faced her ex-husband, who acted as his own attorney, while on the stand. **On-screen text graphic:** Trevor Summers declined our request for an interview, citing his decision to appeal his convictions. **48 HOURS: “The People v. Kouri Richins”** (10:00 – 11:00p) – a report on the death of Eric Richins and the criminal case and ongoing civil cases against his wife, Kouri Richins. Married since 2013, they had three boys; Eric started a stone masonry business and Kouri was in real estate, flipping houses. On March 4<sup>th</sup>, 2022, in Kamas, UT, Kouri found Eric unresponsive in their bed. They had celebrated Kouri’s most recent real estate deal the night before and she had prepared him a Moscow Mule (vodka and ginger beer). First responders tried to save him but were unsuccessful and said Eric died of an aneurysm. A month later, police said Eric’s death was caused by a fentanyl overdose. To help with her and her children’s grief, Kouri self-published a book, *Are You with Me?*, about coping with loss and received local media attention. On May 8<sup>th</sup>, 2023, Kouri was arrested and charged with aggravated murder; court documents allege she committed homicide by the administration of a poison. Prosecutors believe she gave Eric a lethal dose of fentanyl and his family suspects she placed it in the drink she prepared for him. Kouri’s family claims Eric was a recreational drug user and did not always buy from reputable sources. At the time of Eric’s death, there were numerous life insurance policies on him, which totaled nearly \$3 million. His family maintains their premarital agreement made Eric more valuable to Kouri dead than divorced and that she was having financial difficulties. There were problems in the marriage, including allegations of infidelity on Eric’s side and the couple had undergone counseling; Eric created a trust during their marital problems and it was kept secret until his death. Eric’s family told investigators that they suspected she had tried to kill him twice before: first in 2019, while the couple was in Greece, and then on Valentine’s Day in 2022. In June 2023, Kouri appeared in court for a bond hearing; testimony from the lead detective on the case stated that Kouri procured fentanyl from a convicted felon who worked for her. She was denied pre-trial release of any kind. In September 2023, Kouri suffered a medical emergency in custody. While she was away, jail officials found a letter, which the prosecution claimed was witness tampering and filed a November 2023 motion for a no contact order to deny Kouri access to her mother and one of her brothers. The judge denied the motion. Kouri’s family have been denied private visits with the children. There are multiple ongoing civil cases regarding Eric’s estate. Kouri denies all charges and maintains her innocence. **On-screen text graphic:** Kouri Richins is expected to go on trial in 2025. ## 48 HOURS

03/02/24

**48 HOURS: “The Menendez Brothers’ Fight for Freedom”** – a report on the case of Lyle and Erik Menendez, who have spent nearly 34 years in prison for killing their parents, Jose and Kitty Menendez—shot to death in their Beverly Hills mansion on August 20<sup>th</sup>, 1989. About six months after the murders, police received a tip from the girlfriend of a psychologist who Lyle and Erik had been talking to; the brothers confessed to the killings in therapy and there was an audiotaped recording of it. Lyle and Erik first went on trial in 1993 and claimed they killed in self-defense after a lifetime of physical, emotional and sexual abuse suffered at the hands of their parents; prosecutors pointed out that their confession did not mention abuse or self-defense. Although the brothers were first tried together, there were two separate juries. After weeks of deliberation, a mistrial was declared with both juries divided on whether Lyle and Erik should be convicted of murder or manslaughter. At the retrial in 1995, prosecutors argued the brothers were lying about being abused and convinced a judge to exclude some of the evidence of alleged abuse. There was only one jury and Lyle and Erik were convicted of first-degree murder and sentenced to life in prison. Currently, both are incarcerated at R.J. Donovan State Prison in San Diego, CA. There is renewed attention to their case and murder convictions due to the allegations of Roy Rossello, a former member of Menudo, a boy band that originated in Puerto Rico which was very popular in the late ’70s to mid ’80s. Roy, who first spoke publicly in a documentary, and then in a sworn affidavit filed in 2023, claims Jose Menendez, an executive at RCA, who signed the group to a recording contract, raped and sexually abused him on three occasions. Lyle and Erik’s attorney filed a habeas petition in May 2023, asking that their convictions be vacated; they are awaiting the judge’s decision on whether new evidence supports their claim that they killed their parents in self-defense and should have been convicted of manslaughter instead of murder. If that happens, it will be up to the Los Angeles County District Attorney’s Office whether to retry the case; in a statement, the district attorney’s office said it is investigating the claims made in the habeas petition. **On-screen text graphic:** It is unclear when a ruling will be made in the case. Interviewed: Lyle Menendez (telephone interview) (Erik Menendez chose not to speak with 48 HOURS for this broadcast); Jackie Lacey, former elected district attorney, Los Angeles County, CA; Milton Andersen, Kitty Menendez’s brother, does not believe his nephew’s claims of abuse; Cliff Gardner, attorney, represents the Menendez brothers; Alan Andersen, Erik and Lyle’s cousin, testified for the defense at both trials; and Dr. Judy Ho, neuropsychologist, specializes in childhood sex abuse trauma, 48 HOURS consultant, asked to review the case. **48 HOURS: “The Monica Sementilli Affair”** – an update to 48 HOURS: “Who Killed Fabio?”, a report on the January 23<sup>rd</sup>, 2017, murder of Fabio Sementilli, who was sitting by his swimming pool in Los Angeles, California, when he was stabbed to death. At first, police believed he was the victim of the “knock-knock” burglars, a ring targeting Los Angeles celebrities. Fabio, who grew up in Canada and was a celebrity hairdresser and beauty executive, moved to Los Angeles in 2008 with Monica Sementilli, his second wife. They appeared to live a charmed life, while they raised their two daughters. Although the Sementilli house had video surveillance, the digital video recorder was missing, but a neighbor’s security camera captured two figures in hoodies running close to the Sementilli home at the time of the murder. Investigators soon ruled out the “knock-knock” burglars—they had never killed anyone before, and Fabio’s \$8,000 Rolex watch was still on his wrist when his body was discovered by one of his daughters. DNA from blood left at the scene led to Robert Baker, a registered sex offender and leader of a racquetball league Monica belonged to. Clues led to the discovery that Monica and Robert were involved romantically and police believed both were responsible for Fabio’s murder, motivated by his life insurance policy. Both were arrested in June 2017 and charged with murder; both pleaded not guilty and are scheduled to be tried together. The accomplice seen in the neighbor’s security camera has never been identified. **03/09/24 UPDATE:** Legal delays and COVID delayed the trial. In July 2023, Robert Baker skipped trial altogether and pleaded no contest; he was sentenced to life in prison without the possibility of parole, plus one year. 48 HOURS visited him in jail; he claimed Monica had nothing to do with Fabio’s murder and was unaware that he was her husband’s killer. Monica’s defense team and the district attorney declined to be interviewed before trial. Gessica and Isabella, the daughters Monica shared with Fabio, are supporting their mother. **On-screen text graphic:**

Monica Sementilli's trial is scheduled to begin in April 2024. **48 HOURS: “Lamar Johnson: Standing in Truth”** (10:30 – 11:30p) - a report on the case against Lamar Johnson of St. Louis, MO, who spent almost three decades in prison for the murder of his friend, Markus Boyd. In 1994, 20-year-old Lamar worked at Jiffy Lube and attended community college; he also sold small amounts of crack cocaine for extra cash. On October 30<sup>th</sup>, 1994, 25-year-old Markus, who worked at a printing company and sold drugs on the side, was shot to death by two masked gunmen on his St. Louis porch. Named as a possible suspect by Markus’ girlfriend and his photo selected by witness Greg Elking, who later chose Lamar in a police lineup, Lamar was arrested along with his friend Phillip Campbell, on November 3<sup>rd</sup>, 1994. Though he had an alibi – Lamar was miles away with his girlfriend and daughter – he went on trial in July 1995; it took the jury two hours to reach a guilty verdict, primarily based on Greg’s testimony. Between his trial and sentencing, Lamar exchanged letters with the other suspect, Phillip Campbell, who admitted Lamar was not involved and named the other shooter: James "B.A." Howard. In September 1995, Lamar was sentenced to life in prison without parole. The Midwest Innocence Project discovered that Greg later wrote a letter to a clergyman, admitting he had lied at Johnson's trial. In 2018, St. Louis Circuit Attorney Kimberly Gardner agreed to look at Lamar’s case. Convinced of his innocence, she attempted to get Lamar’s conviction overturned, but was denied by the Missouri courts. In 2021, the Missouri Legislature passed a law, giving prosecutors the power to bring cases of innocence to court. On December 12<sup>th</sup>, 2022, Lamar Johnson and his legal team gathered in a St. Louis courtroom for a week-long hearing; Greg Elking testified he felt pressured by lead investigator Joe Nickerson to choose Lamar in the lineups. In February 2023, Lamar’s murder conviction was overturned; the judge also found there was clear and convincing evidence of Johnson's innocence. After more than 28 years behind bars, 49-year-old Lamar Johnson was finally exonerated. **On-screen text graphic:** Under current law, Johnson is not entitled to compensation from the state of Missouri. Interviewed: Lamar Johnson; Brittany Johnson, Lamar’s daughter; Kiera Barrow, Lamar and Erika’s daughter; Erika Barrow, Kiera’s mother, Lamar’s former girlfriend; Greg Elking, lone eyewitness to Markus Boyd’s murder; Ricky Kidd, Lamar’s friend, met while serving a life sentence for murder before Ricky was exonerated; Lindsay Runnels, Lamar’s attorney; Dwight Warren, original prosecutor; Kimberly Gardner, St. Louis circuit attorney; Robert Ogilvie, chief investigator, Circuit Attorney’s office; Jonathon Potts and Charlie Weiss, attorneys appointed by Kimberly Gardner to handle Lamar’s case; and Tony Messenger, columnist, [St. Louis Post-Dispatch](#). **48 HOURS: “Who Poisoned Angela Craig?”** – a report on the March 18<sup>th</sup>, 2023, death of Angela Craig and the case against her husband, Dr. James (Jim) Craig. Angela, a wife and mother, was raising six children with James, a well-known dentist, in Aurora, Colorado. On March 6<sup>th</sup>, 2023, Angela reported feeling sick and James took her to the emergency room at Parker Adventist Hospital, where doctors were unable to determine why she was ill and sent her home. Within 24 hours, Angela’s symptoms came back and she returned to Parker Adventist Hospital, where she was admitted. Still unable to diagnose what was making Angela so sick, doctors sent her home on March 14<sup>th</sup>. Within a day, she started feeling sick again and was admitted to nearby University Hospital on March 15<sup>th</sup>. Through it all James was in constant contact with his wife and texted his business partner and fellow dentist, Dr. Ryan Redfearn and his wife Michelle, a nurse, for advice. While at University Hospital, Angela suffered a seizure and was put on life support. James reached out to Ryan again for support, unaware that he knew James had received a package at work, which contained Potassium Cyanide, a poison not needed in a dental practice. Ryan alerted a nurse, who called the Aurora police. Hours after Angela was taken off life support and died, Jim was arrested and charged with first-degree murder; he pleaded not guilty. Angela’s autopsy revealed she had been poisoned and died from lethal concentrations of cyanide and a lethal concentration of tetrahydrozoline, the chemical found in some eye drops; she also had toxic concentrations of arsenic in her blood, found in those two earlier hospital visits. Police claim the evidence pointed to her husband and allege he researched poisons online and laced Angela’s protein shakes. Investigators discovered Jim began an affair with Dr. Karin Cain, an orthodontist from Austin, TX, and that his dental practice was in debt in excess of \$2 million—Angela’s life insurance was valued at \$3.4 million. At a preliminary hearing in 2023, Jim’s attorney said his client has a

history of depression, had sought counseling in the past and had plans to die by suicide. Three of Angela and Jim's children live with his brother, the other three are now adults living on their own. **On-screen text graphic:** Jim Craig's trial is scheduled to begin on August 8, 2024. Interviewed: Steffan Tubbs, podcast host, "Arsenic, DDS", talk show host, Denver, CO; Dr. Jeff Lapoint, emergency physician, director, division of medical toxicology, Kaiser Permanente Hospital, San Diego, CA, reviewed the arrest warrant for 48 HOURS; Skye Lazaro, criminal defense lawyer, reviewed the case against Dr. James Craig for 48 HOURS; Chelsea Otoy, former employee, worked for Dr. Craig at Summerbrook Dental; and George Brauchler, former elected district attorney, Arapahoe County, CO, former morning host, Colorado talk radio. **48 HOURS: “The Troubled Case Against Jane Dorotik”** (10:00 – 11:00p) – an update to 48 HOURS MYSTERIES: “A Family Torn Apart”, a 2001 report on the case against Jane Dorotik, a California mother and wife convicted of murdering her husband, Bob Dorotik. On February 14<sup>th</sup>, 2000, the murdered body of Bob Dorotik, a 55-year-old engineer and father of three, was found bludgeoned and strangled by the side of a mountain road near their home in the foothills of San Diego, CA. Despite her denial of any involvement, Jane, Bob’s wife of 30 years, was arrested for the crime. In response to the prosecution’s damaging physical evidence, including blood spatter, Jane’s attorneys tried a risky and divisive strategy—trying to shift suspicion to Claire, the couple’s daughter whose relations with her father had been strained. In 2001, Jane Dorotik was tried for murder, found guilty and sentenced to 25 years to life. **03/30/24 UPDATE:** Jane has always maintained her innocence and from prison, spent years filing motions asking for new testing of evidence; a motion was eventually granted in 2015. A wrongful conviction group, Loyola Law School’s Project for the Innocent took over her case and the court allowed them to have new DNA testing done on several items; results indicated foreign male DNA was found on several items. The state stood by its original investigation and Jane’s appellate team maintained the bedroom did not resemble a crime scene and questioned the handling of evidence. In 2020, Jane was temporarily and conditionally released from prison due to COVID health concerns. During the summer of 2020, the state requested that her murder conviction be overturned and the judge agreed; three months later, the district attorney’s office decided to retry her. In May 2022, just as jury selection was about to begin, the prosecution requested that the court dismiss the charges; the case against Jane Dorotik was dismissed without prejudice, meaning if new evidence surfaces, charges could be brought again someday. Jane works with advocacy groups that assist incarcerated women.

**On-screen text graphic:** Jane Dorotik has filed a civil suit against the County of San Diego. The suit also names several members of the San Diego County Sheriff's Department and its Crime Laboratory.
