PUBLIC AFFAIRS PROGRAMMING

PUBLIC AFFAIRS - SHOW RECAP FORM

Date: 10/19/16

Host & Day part: The Cruz Show w/J Cruz / 9am

Topic: Breast Cancer Awareness & Medical Marijuana Use

Guests & Organization name: Melissa Etheridge

Live / Pre-Recorded / Re-Run:

Summary: Melissa Etheridge is a breast cancer survivor and has been cancer free for 12 years. Instead of using pain killers and other prescription drugs she turned to medicinal marijuana. Strong advocate for medical Marijuana. Believes parents should smoke and that it does not affect parenting. Children know she smokes and call it medicine.

PUBLIC AFFAIRS - SHOW RECAP FORM

Date: 10/27/16

Host & Day part: The Cruz Show w/J Cruz (Mornings, M-F)

Topic: Latinos for Trump

Guests & Organization name: Tito Ortiz

Live / Pre-Recorded / Re-Run:

Summary: Tito Ortiz is a huge Donald Trump supporter; half Mexican. People tell him he should be walking out with the Mexican flag. Does not want the same "stuff" that has happened in the past eight years for another four years, wants to see change. Other Mexican-Americans tell him he shouldn't be supporting Trump. Ortiz says that he is not fighting for Mexico he is fighting for America. People say that America was Mexico and Ortiz agrees, however Ortiz says that times have changed. The problem is people coming to America illegally, says we need to keep our country safe. Ortiz goes on to mention the issue of homeless veterans. Says nothing will change with Hillary and if things do change they will change for the worse. Cruz asks what he would say to Hillary in ten seconds. Ortiz says he would ask her, how could she abandon our troops and how could she allow Benghazi to happen the way it happened? Does not support Colin Kaepernick's choice to protest the national anthem, says they should have some respect for the country they live and if they don't then they should go somewhere else.

This dude gets ZERO props for forcing his son to get a Master's degree before he fights. For starters, by the time his kid is that old, he can do what he wants. Second, why not go hard for your goal instead of wasting time doing something you don't even want.

Today is the big day. It's Election Day 2016 and many candidates are making last minute efforts into their campaign. Loretta Sanchez is running for U.S. Senate and if she won, she would be the first Latina in Senate. She hung out with #TheCruzShow to talk about her platform, her hometown Lynwood, and more. Common also talked about the significance of voting when he was with #TheCruzShow and many fans. Todd the Hater has received a lot of criticism for not exercising his right to vote, and Common related to that. The artist revealed that he used to be against voting also, but because of all the injustices in American society, he needs to contribute to change. Don't miss him rap to the children's book *Llama Llama Red Pajama* then dive into a freestyle about politics. Jeff and Krystal also get into a little debate about the significance of voting with Todd, since he doesn't believe voting matters. Things get pretty heated.

Don't miss the October 24 Deadline.

Get ready to join more than one million volunteers nationwide. When you sign up, fundraise, and participate in LA's 2.7 mile walk, you will support every person affected by breast cancer.

We walk to make sure that anyone touched by this disease has a hand to hold. So give us yours by taking the first steps in supporting this year's Making Strides Against Breast Cancer event.

You can start your own team, or keep another team going, all while raising awareness and donations. Begin today! The sooner we start, the farther we'll go.

Registration begins at 7:00a, walk begins at 8:00a.

Click here to see more information & to sign up online.

SHARE

The Orange County Buddy Walk is one of the largest Down syndrome awareness events in the country, bringing together more than 2,500 people for a great cause and an exciting day. The actual walk is only a small portion of the day's activities, but it unites participants and symbolizes celebration and acceptance of people with Down syndrome. In addition, the event raises funds to help further the missions of the Down Syndrome

Dear Terri Dourian:

If you are like most people, you know someone who has had breast cancer. One in eight women, and some men, will have the disease during their lifetime.

Now imagine a world without breast cancer. That's the vision of Susan G. Komen.

Please help us get the word out as the Los Angeles County affiliate prepares for its 20th Annual Race for the Cure® at Dodger Stadium on March 11.

Attached are the scripts for staff announcer read PSAs. I hope you'll be able to assist. With your commitment, we will be happy to list you as a media partner and include your logo in event materials.

Please let me know what else we can provide.

Hi Craig!

Thank you so much. I indeed have 10 names. Unfortunately I will not be able to take any more. So please stress to your class that we will not be able to accommodate anyone else whose name is not on my confirmed list of 10 that I got from you. So hopefully no one attempts to show up and try to get in through one of the student's whose names I have. I know that sometimes students think they can get around the system. Also, be sure to let them know that there is a cost to any building parking. Each 15 minutes is a dollar. And the max is \$8 for 2 hours or more. And last but not least, please remind them to please be prompt by arriving as close to 3pm. There's a lot of traffic, unfortunately between Cerritos and Burbank and it will easily take them at least an hour. So as a courtesy to me, I expect them to arrive on time @ 3pm as if it is a class. I don't like having to wait more than 10 minutes for any student groups, especially if they are getting a grade for visiting a station. And if everyone is not here by then I will start the tour without them. I'm sure you have the same rules for all of your classes, right?! :)

I have been working with Power 106 for the past 16 years and have been in Los Angeles radio for the past 25+ years. I have always wanted to work in radio since a young age. So when in college I took the necessary communications and broadcasting classes as well as completing a non-paid internship for school credit. After my internship ended I was able to get a part time job in radio while still attending college, which helped keep my foot in the door, so to speak. I graduated with a Bachelor of Arts in Radio/Television/Film with an emphasis in Media Management. Upon graduation, I was then able to land my first full time job. From there I just worked my way up the ladder by doing as much as I could so as to get noticed by the right people so as to let them see first-hand my hard working ethics and how eager I was to learn as much as possible. It took about 5 years until I was a part of the management team.

>

> There are lots of pros and cons that go along with any job. The pros for me is that I have a very large amount of job responsibilities which adds quite a variety to my daily work load so as not to always be doing the same thing every day. The cons would be that I have a lot of job responsibilities. So it's hard to get everything done. My position is a one person job, which means that only I can do everything as most of work load is all confidential work. More pros would be I take care of the general welfare of our entire staff. I love helping people. Perhaps it's the mom in me that tends to come out naturally. However, I find it very gratifying that I can help and teach others within the scope of my work. I oversee our station's internship program. So assisting and teaching college and university students who especially have an interest and/or passion of radio and broadcasting is quite pleasing to me.

Subject: Re: Interview for an Industry Profile

Great! Thanks so much Terri. The assignment is actually due later this week, but when I contacted you last week I failed to take note of the Thanksgiving holiday. The questions are as follows:

1) What is your current Job title and what duties come with it? What skills are necessary for the role? How did you land this job and what jobs would you love to land in the future?

My current job title is Executive Assistant/Office Manager. My duties are literally too many to list. However, some of them include assisting our General Manager, first and foremost. I also manage our station's internship program, maintain and manage our station's Public File, manage and supervise our front desk Receptionist and her backup/fill-ins, processing expense reports for several of our managers, I manage all travel planning for our managers, am the chief contact for our building's property management company and their building staff, coordinator for staff meetings and station staff events/parties (I basically oversee the general welfare of our entire staff, which is approximately 90+ employees), I am the legal assistant and manage all contracts, manage our EEO compliance by maintaining the hiring files, job postings, job fairs, etc., assist in network administration with our IT Manager, just to name a few. I like to tell people that I am like the station mom as I literally am that "go to" person when someone is not sure how to handle a given situation or has an issue with someone or something.

The necessary skills for my job is lots and lots of patience, calm, cool & collected demeanor, must be a multi-tasker and able to balance several projects at once, excellent organizational skills, interpersonal skills, effective communication skills both verbally and written, & problem solving skills, good time management skills, good customer service skills via

phone, email and in person, good attention to detail, MS Office proficient (Outlook, Word, Excel, PowerPoint), excellent accountability & dependability, and able to handle confidential matters in complete confidentiality.

I've been in this role for the past 19 years within my 26+ years in radio. Before this role I was a Programming Assistant, Receptionist, Street Team Member, and Station Intern.

2) In regards to Career Path/Background: what steps did you take to get to where you are? Jobs before this one? First job out of college? What are some of the best practices and skills needed to build a career in the field?

I studied Radio/TV/Film @ CSUN and graduated with a B.A. in Radio/TV/Film with an emphasis in Media Management. I also pursued an internship while in college in order to assist in jump starting my radio career while still attending college. I held a part-time job in radio while finishing up my college classes. My first full-time job in radio after graduating was Receptionist at KBIG-FM/My FM.

3) What did you major in in college? Are there any advanced degrees important to your role/field?

Please note above answer for my major. An advanced degree in Business Administration can definitely assist within my role. However, it is not necessary. It is always advised to seek an advanced degree for any upper management positions such as General Manager, Controller, Marketing Director, etc.

4) Industry Trends: Is the field growing/declining/changing and how so? How are these trends impacting the growth in the field? What is your biggest hurdle/challenge right now and where do you think jobs will be in the future for your field?

The industry is growing within the digital world right now both within the sales advertising sector and within marketing, especially social media. These have a direct impact on the station's revenue. The biggest challenge will always be related to ratings and getting more people to listen. So marketing your station in a strategic manner is always going to be tough as you can't make people listen. But you can entice them by playing the music they want to hear, giveaway contest prizes that people want to win (items that are really worth it to them), and put on the best station events possible.

5) Tips for getting started: How do you get your foot in the door and stand out among graduates in the field? How should students prepare for the field, while still in college? Is there anything you wish you had learned in college? What tips for networking and building contacts would you advise students to follow? How do you recommend a professional use social media (including LinkedIn) for business? Any advice/recommendations when it comes to attending events/networking events/conferences?

I always tell everyone that the best way to get your foot in the door in to take advantage of the internship programs that radio stations offer. Most stations offer internships. However, some of the stations, like Power 106, have such a HUGE following with college students that our internship program is in extremely high demand. We receive on average about 150-175 applicant resumes each intern session and can only hire about 20 interns per session. So if an internship is something you are looking to do, you must apply to all radio stations in order to up your chances of landing an internship somewhere. If you have already graduated then you can try to get hired as a Street Team Member with a radio station. The thing to do is to go onto station's websites to look and see what job positions they have available. If you happen to see that any station is hiring for a part-time Street Team Member then apply as those positions are high in demand as well but are only offered as needed.

This is the core of what my interview comprises of, but feel free to add anything you deem beneficial. Also, please let me know if there is anything in your responses that you just wanted to share with me, but would like for it to stay out of the written portion of this assignment (if applicable). Thank you again, and I hope you have a great day! Feel free to get in contact if you have any questions yourself. Happy Holidays!

Best regards,

Dear Guest Speaker,

Just a reminder that Career Day at King Elementary School is this Friday! This letter will provide some logistics for your experience with us.

8:15-8:30am

Parking will be provided on our school playground for the event. There will be signs posted and staff present to guide you towards designated areas.

8:30-9:00am

Guests will check in at our school library where breakfast will be provided by the Career Day Committee. While in the library each guest will be given their schedule and assigned a student chaperone to assist you getting to designated classrooms.

9:00-9:30, 10:00-10:30, 10:30-11:00

These are the time blocks for classroom presentations. Each presenter will be assigned TWO of the three time slots. If your presentations ends before the half hour is up, we welcome you back to the library where there will be coffee and food, and opportunities for networking.

Please note that there are no presentations from 9:30-10:00. Our students will be at Recess during this time. During this time block we ask that ALL guests meet in the library to receive a token of appreciation from the Career Day Committee.

We look forward to seeing you on October 14, 2016. If you have any questions, please feel free to call (323) 294-0031 and leave a message for the Career Day Committee. One of us will get back to you immediately. Thank you for your participation!

Sincerely,

Mrs. Eva Carpenter, Principal
& Career Day Committee

Hello Krystal, Emmanuel and J Cruz,

Thank you for agreeing to and taking the time to speak to the students next Wednesday, November 9th. If you updated your **bio/head shot** from last time please forward.

Arriving at 7:15 would be perfect, but come earlier or later if it's more convenient.

If you can let Angela know your ETA once on the road it would be appreciated.

You can reach **Student Assistant Angela's phone at 714 916 7489**. Dick Block's 310 452 3355.

Location:

USC School of Cinematic Arts (SCA) - Room 209

900 West 34th Street, Los Angeles, CA 90089-2211
LaFern Cusack's Cell: 818-415-1504

Directions To USC Parking Structure D (PSD):

Eastbound exit the 10 a half-mile past Arlington at Western/Normandie, and then two miles-plus on the service road to the Hoover exit and then right on Hoover for about two miles to left on Jefferson and a quarter-mile to right on Royal and USC Gate 4

If South on the 110, exit at Adams south to Figueroa and then right at Jefferson to left at Royal.

Once on campus, turn left and stop at the kiosk and give your name to the guard and enter the adjacent six-level **Parking Structure D (PSD)**.

Once parked in a non-reserved stall, elevators and stairways are at the South West (SW) marked exits that will take you to 34th Street, which is on campus.

This is a three block walk—or we can send a Campus Cruiser for you -- to the right on 34th to the four story Mediterranean style School of Cinematic Arts (SCA) main building on the left at Watt Way. Proceed past Watt on 34th Street to the SCA plaza entrance where you'll be greeted by a bronze sword-waving Douglas Fairbanks rising out of the fountain.

Then go right into the Spielberg wing. Elevators will be hidden on the left past the exhibits, and then up to two and right to **SCA room 209**

About The Students:

There are three graduate students in the **class of 24**, which is **predominantly 2nd and 3rd year undergrads, and three seniors**. It's the eleventh week of the semester, but assume that while they are sophisticated as to content that appeals to their demo and things digital, they represent many different majors, and are new to The Biz. It's the only class of its kind in the school, although the five Comm students do get exposed to some of what my course covers .About half of the students in the class want to go into Entertainment (some news) and several have a minor in Cinema.

Guests so far have been a **Googler** (a former Stanford student of mine who helped develop Chromecast, YouTube and Google search); a **WME packaging agent** and his assistant, an HRTS video interview with **Lorne Michael's by Martin Short** the week when our TNT guest had to cancel; **Andy Kaplan**, President, Worldwide Networks, Sony Entertainment Television; **Joe Lewis** who oversees Amazon Studios half-hour programming, **Kathleen McCaffrey**, VP, Original Programming, HBO; **Spencer McCoy**, VP/GSM KABC-TV. A week ago Saturday afternoon there was a field trip to the **CBS Broadcast Center** in Studio City where our host was the EP for newscasts on Channels 2 and 9. The visit in the conference room with the anchors was a highlight. Last Wednesday it was **Marc Summers**, who produces and hosts several shows on Food Network, and for whom I was a mentor. This week it's **Jen Celotta**, who spent eight years as a writer and producer on "The Office." She's currently working on a movie starring Steve Carell, and last week, **Russ Myerson**, EVP Technology & Affiliate Relations, the CW network.

Explaining terminology and concepts will be welcomed and not taken as patronizing.

Best,

Discussion: Radio professionals share (approximately 15 minutes each) how they engage audiences, the landscape of radio, job opportunities and real world career experiences followed by a Q&A.

Directions from the 10 east are to exit at Vermont or proceed to Hoover, and then right on Jefferson to Gate 4 at Royal.

Once at the kiosk your Confirmation Number (TBD) which leads into Parking Structure D, and then it's up the ramp to one of the six levels. Once parked in the structure, look for a SW (Southwest) stairway, where through

the door, you can descend by elevator or stairs.

Exiting from the Parking Structure, you'll be on 34th Street, which is on the campus, and walk back (right) for about three blocks until you see a four story, goldish-reddish Mediterranean style building on the left. which is the School of Cinematic Arts (SCA). Walk down the block to the courtyard entrance on the left, were you'll see Douglas Fairbanks rising from the fountain, sword in hand, and go into the building on your right (Spielberg) and then to the elevators on the left in the lobby. There are also stairs. The class is in SCA 209.

It's an informal atmosphere, as you know, with many questions from the 25 students, mostly undergrads, and juniors and seniors. Advice is another high priority subject.

The Charitable Foundation

August 22, 2016

Dear Friends and Community Partners:

You are invited to make a difference by joining The Charitable Foundation in supporting our annual Charity Fundraiser **LIGHT UP THE NIGHT!** at the spectacular top floor restaurant of the Hotel Angeleno on October 27, 2016.

We need your help to raise funds for two wonderful non-profits: **Strength United Family Justice Center** dedicated to ending abuse, empowering families, and developing leaders, and **Shelter to Soldier**, which rescues shelter dogs and trains them to be psychiatric service companions for wounded combat veterans. Attached is more information on the mission and impact of each of these wonderful charities.

Our elegant fundraiser will include a Silent Auction and a Raffle, the proceeds of which will benefit the above charities.

We would like to invite you to partner with us in our efforts by donating a Silent Auction or Raffle item. In appreciation of your donation, you will receive recognition at our event. And by donating an item, you'll not only be making a tax-deductible contribution, but also helping send a supportive message to abuse survivors, veterans, and their families. Popular items include:

- Weekend Getaways
- Dinners
- Real Estate Services
- Spa Certificates
- Tickets to Performances or Events
- Wine & Cheese Baskets

The Los Angeles Chapter of The Charitable Foundation awarded \$200,000 in grants to more than 150 local non-profits last year, and the organization as a whole has exceeded \$5 million in grants since its inception! We are comprised of dedicated agents and employees of Berkshire Hathaway HomeServices California Properties who donate a portion of their commissions/salaries to The Charitable Foundation. **We know that individuals and companies can make a difference. We hope you will support us!**

Did you speak to onsite client before setting up?

Yes we did. He showed us where we needed to set up.

Photos taken (minimum 6): 8

What did client share with you that they wanted to see for a successful event?

That there is going to be alot of foot traffic at the blood drive and if we can set up close to that event.

What did we do right? What worked well?

The Raffle worked well and had a good amount of students registering to vote and hanging out with us to win the gift cards.

What could we have improved?

n/a

Was onsite client happy with event?

Yes, he was impressed that so many people came out and registered. "We usually do not have that many people out in the courtyard".

Any problems or comments that station/AE should know about?

The Target gift cards was a really good idea because it is so universal and a lot of people are interested.

Did we have a good location? If not, did you speak with client/contact and ask to have us moved?

Yes we did! Right in front of the library where they were hosting the blood drive.

Did you speak to onsite client before setting up?
Yes, she was very helpful.

What did client share with you that they wanted to see for a successful event?
We could not play music, because they only allow amplified music on Tuesdays and Thursdays at 1p.

What did we do right? What worked well?
We worked around the NO MUSIC policy, set up our tent and table, and still were able to attract people there.

What could we have improved?
Music would have attracted majority of the students there.

Was onsite client happy with event?
Yes, the client was happy, and thankful that we were there.

Any problems or comments that station/AE should know about?
NA

Did we have a good location? If not, did you speak with client/contact and ask to have us moved?

Did you speak to onsite client before setting up?

we spoke to a p.e teacher that led us behind the gym to park and unload.

Photos taken (minimum 6): _____

What did client share with you that they wanted to see for a successful event?

the client wanted us to hype and do our best to keep them happy.

What did we do right? What worked well?

the whole team did an amazing job. gabe hozer soph and myself pleased the students with great music prizes and a good life time memory.

What could we have improved?

what the team can approve on is on how to hold and talk on the mic. we can raise the volume louder instead of screaming.

Was onsite client happy with event?

our on site client was very please.

Any problems or comments that station/AE should know about?

n/a

Did we have a good location? If not, did you speak with client/contact and ask to have us moved?

we had an ok location to set up. fresh empire had a better set up location than us.

Equipment/Vehicle Report- report all broken, missing, scratched, dirty or equipment in need of repair here:

the mics do need to be a little fixed. before the mic volume had to be at a certain limit to be loud enough but now we have to pass the limit.

Event Recap:

Did you speak to onsite client before setting up?
Yes, Andrea showed us which gate to enter in through!

Photos taken (minimum 6): _____

What did client share with you that they wanted to see for a successful event?

When we met the representatives from the Army they just told us to do our "thing" and try and get as many sign ups as possible.

What did we do right? What worked well?

I think telling the kids that we were signing them up for a raffle was a great idea! It was definitely the most sign ups I had ever seen!

What could we have improved?

Majority of the kids weren't actually Kanye fans. Also the way the Army's table was set up, the Marine's had a big advantage on the Army! Also the way we were set up it was very hard to distinguish if we were there for the Marines or the Army. In fact the Marines were under the impression that we were there for them and continued to ask us for a shout out!

Was onsite client happy with event?

Although the Marine situation was confusing I would say that the Army representatives were very happy and thanked us for doing such a good job when we left.

Any problems or comments that station/AE should know about?

I would say for future reference if we know that there is going to be a Marine table right next to the Army table we ask to be put somewhere separate from them!

Did we have a good location? If not, did you speak with client/contact and ask to have us moved?

I would say no. But we were still very successful overall!

Did you speak to onsite client before setting up?

Yes I called and she told me where we were setting up and to speak with security to get a parking pass.

What did client share with you that they wanted to see for a successful event?

She didn't talk much, was in a rush because she wasn't at work yet so I didn't have a chance to ask her.

What did we do right? What worked well?

We played music and talked to people on the mic telling them to sign up to vote.

What could we have improved?

I think we did everything possible to make the vent a success.

Was onsite client happy with event?

Yes the workers from LA County loved us and enjoyed what we did with them.

Any problems or comments that station/AE should know about?

The first event had good foot traffic but the 2nd event had little to none. I think because at that time everyone had went home from class.

Did we have a good location? If not, did you speak with client/contact and ask to have us moved?

Yes the location was good.

Event Recap:

Did you speak to onsite client before setting up?

Yes, he directed us to where we would be setting up, and was very excited to see us.

What did client share with you that they wanted to see for a successful event?

What did we do right? What worked well?

We worked well with their scheduling, and with their keynote speakers.

What could we have improved?

If we had the wireless microphone, it would have worked a lot better, to be closer to the students sitting down on the benches.

Was onsite client happy with event?

Yes, he was very happy with us.

Any problems or comments that station/AE should know about?

NA

Did we have a good location? If not, did you speak with client/contact and ask to have us moved?

Yes we were top centered of the basketball court inside the gym, in front of the kids.

Did you speak to onsite client before setting up?
Yes, she told us to get our passes at the main office and we were good to set up from there.

What did client share with you that they wanted to see for a successful event?
She just asked that we make announcements often. They wanted to get as many people possible to register to vote and entering them in the raffle really helped make that possible.

What did we do right? What worked well?
Going out to people that walked by instead of just staying within our space/tent. People at this school seemed shy

What could we have improved?
Maybe going at a busier time. There didn't seem to be a lot of students on campus at this hour

Was onsite client happy with event?
Yes

Any problems or comments that station/AE should know about?
n/a

Did we have a good location? If not, did you speak with client/contact and ask to have us moved?
The location was good. It was in front of major buildings on campus and the library

Did you speak to onsite client before setting up?

Yes! Andrea gave us our script and let us know where to park!

What did client share with you that they wanted to see for a successful event?

They wanted to make sure there was music, games, and that we were prompt about the talking points on the script that she gave us!

What did we do right? What worked well?

We played a lot of games. There was constantly a crowd of kids in front of our tent! We also made sure to play requests

What could we have improved?

I think the stage was unnecessary & that the location they gave us was too far away from everyone else

Was onsite client happy with event?

Yes! Very! She thanked us multiple times before we left

Any problems or comments that station/AE should know about?

The Super PA was not working. We made it work, but we started with the music a little late!

Did we have a good location? If not, did you speak with client/contact and ask to have us moved?

No! But the location was already set since months before the carnival!

Did you speak to onsite client before setting up?

Yes, the onsite client approached us as we arrived and told us where to set up.

What did client share with you that they wanted to see for a successful event?

The client didn't really have any specific instructions, all that was expected was high energy.

What did we do right? What worked well?

A-Ron definitely had the people that were outside moving to the music he was playing. The crowd was definitely enjoying the music and yesis presence.

What could we have improved?

Overall the event went well, nothing needed improvement.

Was onsite client happy with event?

yes, the client was very satisfied with us.

Any problems or comments that station/AE should know about?

No, no problems at all

Did we have a good location? If not, did you speak with client/contact and ask to have us moved?

Yes, the location was perfect. It was right next to a power outlet so set up was a breeze.

Did you speak to onsite client before setting up?

Yes, Upon arrival directed us to the event grounds, showed us where to park and set up.

What did client share with you that they wanted to see for a successful event?

The client asked us to not play music and to only interact with the students by informing them with how to break into the radio business.

What did we do right? What worked well?

We were both very knowledgeable about the internship program that Power offers and other ways to be involved with radio

What could we have improved?

We could of improved on having a little more power106 merch give aways in comparison to the other radio stations that were there. Also our set up (tent) vs. the rest of the radio stations looked very old

Was onsite client happy with event?

After the event the client told us how happy they were that we were able to make it to their radio fest.

Any problems or comments that station/AE should know about?

There were no problem or concerns with the event during or after

Did we have a good location? If not, did you speak with client/contact and ask to have us moved?

Yes we had a very good location that was right in the front of the festival that allowed us and the truck to be very visible.

Event Recap:

Photos taken (minimum 6): 8

Did you speak to onsite client before setting up?

Yes, he met us outside, and let us know where we can set up.

What did client share with you that they wanted to see for a successful event?

He just made sure we were good to go and anything we needed to let him know.

What did we do right? What worked well?

We did everything possible to get the kids excited for the game, but there were not a lot of kids, nor excitement.

What could we have improved?

We did everything possible, the school was just not really vibing with us, nor was there a lot of people.

Was onsite client happy with event?

The on site client was very happy that we were there.

Any problems or comments that station/AE should know about?

None

Did we have a good location? If not, did you speak with client/contact and ask to have us moved?

Did you speak to onsite client before setting up?

Yes, he let us know where to come in by, and was very excited for us being there.

What did client share with you that they wanted to see for a successful event?

NA

What did we do right? What worked well?

We tried many attempts to get the kids involved and to participate with the pep rally for the game later on. At first it was really slow and dead, and the kids were just not having it, after some time to warm up, and the school instantly went to a 10.

What could we have improved?

maybe have a small performer come out to the lunches and perform something.

Was onsite client happy with event?

Yes they were happy with the outcome.

Any problems or comments that station/AE should know about?

NA

Did we have a good location? If not, did you speak with client/contact and ask to have us moved?

Yes, we were at the center quad where they host their main Lunch events.

What did client share with you that they wanted to see for a successful event?

Awesome music to get the crowd going

What did we do right? What worked well?

Having the crowd entertained with several things such as performances and our giveaways. Playing family oriented songs. As well as music that is respected by the Compton community.

What could we have improved?

n/a

Was onsite client happy with event?

Yes very pleased as always.

Any problems or comments that station/AE should know about?

We should have an aux cord with the controller just in case. The performances needed an aux to connect the music to their phone. We ended up figuring something else out but we believe that's something valuable to have. The generator was not working but the city grabbed one for us.

Did we have a good location? If not, did you speak with client/contact and ask to have us moved?

Yes we had a stage right in the center of the parade.

Event Recap:

Did you speak to onsite client before setting up?

Yes, he was very helpful when we arrived

What did client share with you that they wanted to see for a successful event?

He asked for mellow music at first and then to gradually make it more energetic as it got more crowded.

What did we do right? What worked well?

People really enjoyed Medek's music selection and kept complimenting him as it was perfect for them to snowboard or ski to.

What could we have improved?

We never got a crowd going because everyone was doing their own thing and enjoying their time snowboarding. Maybe if we had things to raffle off we could get more crowd involvement.

Was onsite client happy with event?

Yes, he thanked us for being out there "so happy regardless of the rain and cold"

Any problems or comments that station/AE should know about?

no

Did we have a good location? If not, did you speak with client/contact and ask to have us moved?

yes, it was a great location

Event Recap:

Did you speak to onsite client before setting up?

Yes, the client directed us to our setup location inside the warehouse.

Photos taken (minimum 6): 8

What did client share with you that they wanted to see for a successful event?

The client didn't really give us any instruction on what they wanted, therefore we just set up and started playing music and hopping on the mic.

What did we do right? What worked well?

Gabe and I did a great job with keeping the scene active with the music selection.

What could we have improved?

The event was smooth and there was nothing we could've really improved on. Successful event!

Was onsite client happy with event?

Yes, the client was very satisfied with our work.

Any problems or comments that station/AE should know about?

No, no problems whatsoever.

Did we have a good location? If not, did you speak with client/contact and ask to have us moved?
