The Sand Fire that broke out on Friday afternoon off the 14 freeway near Sand Canyon has pushed more evacuations (1,500 homes already evacuated). So far, the massive flame has destroyed 18 homes (threatening 2,000 as they're on its path), burned down 33,000 acres, and is only 10% contained. Reportedly there is more than 1,673 firefighters, 122 engines, 39 hand crews, 15 helicopters and 8 dozes contributing to putting the fire out. The Acton evacuation includes houses along Agua Dulce Canyon Road north of 14 freeway, Crown Valley north of 14 freeway, and all of Soledad Canyon/Bootlegger Canyon, according to LA County fire officials. The 14 freeway going northbound was shut down from the I-5 to Soledad Canyon, while 14 freeway southbound was closed from I-5 to Avenue M.

Here's how you could help TODAY 7/25:

Stop by Power 106 before 9AM @ Albertson's in Montebello off the 60 Fwy & donate to the Sand Fire firefighters:

- Protein bars
- Red Bull
- Water
- Candy
- Gatorade

29th ANNUAL FOURTH OF JULY FIREWORKS SPECTACULAR

(Los Alamitos, CA) – The 29th Annual 4th of July Fireworks Spectacular is taking place on Monday, July 4th at the Joint Forces Training Base in Los Alamitos.

The cities of Los Alamitos, Cypress, Seal Beach, and the Community of Rossmoor collaborate to host this annual event to honor the men and women of the military and celebrate our country's birthday.

Once again this year, the event and fireworks display will take place on the runways of Los Alamitos Army Airfield on the military installation.

The event area will be closer to parking, making the event's proximity for the elderly and handicapped more convenient.

The layout also provides a much cleaner seating area for participants to sit, enjoy the entertainment, and view the firework show.

Biking onto the instillation is allowed but all riders must wear a helmet. Parking on the military instillation is highly recommended.

Entry to the event will open at 4:00 p.m. via Lexington Dr. off of Katella Ave. Due to heighten security, please provide plenty of time and patience to enter the base.

The cities of Los Alamitos and Cypress will be collecting a \$5 parking fee per vehicle to support the event.

The parking fee will be waived for those with a valid military I.D.

The 4th of July Fireworks Spectacular will include free activities like sponsor booths with giveaways and information and live music on the main stage.

For a minimal cost, you can enjoy an extensive Family Fun Zone and fantastic food from several food vendors that will be serving a variety of dinner options,

desserts, and snacks. The event's climax begins at 9:00 p.m. with one of the best and longest fireworks displays in Southern California.

Subject: Request for Free Community Event Listing

Good Afternoon,

I am requesting that you add a listing for "*Walk a Mile with a Child*" to be held on Saturday, July 30, 2016 at the LA Live Complex to your Community Events Tab. This is a Free Community Family Event.

Walk a Mile with a Child begins with a 1-mile walk around the LA Live Complex and culminates with a health fair in the JW Marriott Hotel. Residents of Los Angeles – young and old, will join with National Medical Association members and their children as we focus attention on the obesity crisis in Los Angeles and this country.

Walk a Mile with a Child

The purpose of *Walk a Mile with a Child* is simple – to raise awareness about the value of incorporating regular physical activity like walking, as a part of a daily regimen to attain and maintain optimal health along with a proper diet. NMA physicians will use the walk to also chat with young people about healthy lifestyles, exercise and the importance of education. We will have health screenings including, blood pressure, vision, asthma and BMI. We will also have food, giveaways and presentations including Internet safety and cyberbullying.

The National Medical Association

The National Medical Association (NMA) is a 121 year-old non-profit 501 (c) 3 organization (tax identification number 53-6010805) that represents the interests of African American physicians and the patients they serve. NMA will hold its 114th Annual Convention and Scientific Assembly in Los Angeles July 30 – August 3. Throughout its history the NMA has focused primarily on health issues related to African Americans and medically underserved populations; however, its principles, goals, initiatives and philosophy encompass all ethnic groups. As an association dedicated to health and wellness, we host a community activity in cities where we hold our annual Convention.

Nine years ago, with an awareness of the rising trends in childhood obesity we adopted *Walk a Mile with a Child* as our signature community program.

I have attached a poster and flyer for the event. Should you require additional information please contact me or Ms. Yolanda Fleming at NMA. She may be reached at 202.347-1895.

Thank you for your consideration of the request.

Sincerely,

Tanya Levy

Southern California Resource Services for Independent Living (SCRS-IL) is proud to announce the creation of the 1st ever Disability Pride Parade in Southern California, to be held on the streets of Downey, CA. The Parade will kick-off October 9, 2016 from 11:00 am to 1:00 pm, along with a Vendor Faire from 1:00 pm to 3:00 pm. For over 37 years, SCRS-IL has been a force in the Independent Living Movement. Over the last several years; however, we have noticed a level of stagnation in this movement; a loss of innovation and inclusion of our surrounding communities. The time to go beyond a movement and into an action of change is here, and we can begin this journey by engraving our tire marks and footprints on the streets of Downey, the birthplace of SCRS-IL.

I hope that you an announce this amazing event, as we look to unite a community by not looking at a persons disability, but raather their abilities.

Thank you,

Hi there ☺

The **Down Syndrome Association of Orange County** (DSAOC) will be hosting its *Sixteenth Annual Orange County Buddy Walk* on the field at the **Angel Stadium of Anaheim on Sunday, October 30, 2016** in celebration of National Down Syndrome Awareness Month in October! Help us get the word out about this awesome event using the attached media alert, *script* (for station hosts to reference), the pre-recorded *mp3 file* played in open time slots, and/or posting on your *website, social media, and calendar!*

The Orange County Buddy Walk is one of the largest Down syndrome awareness events in the country, bringing together **more than 2,500 people** for a great cause and an exciting day. The actual walk is only a small portion of the day's activities, but it unites our participants and symbolizes celebration and acceptance of people with Down syndrome. In addition, the event raises funds to help further the missions of the Down Syndrome Association of Orange County (DSAOC.org) and the National Down Syndrome Society (NDSS.org).

We invite you to join us for this exciting and meaningful day, either as a Participant, Sponsor or an Exhibitor. Your participation and generosity will support national initiatives through National Down Syndrome Society (NDSS), as well as help fund programs and services that support local families who have children with Down syndrome, the most common chromosomal variation in humans.

DSAOC is a non-profit 501 (c) 3 organization founded in 1978 and today serves more than 2,000 families in and around greater Orange County. DSAOC is affiliated with the National Down Syndrome Congress (NDSC) and the National Down Syndrome Society (NDSS). **Tax ID# 95-3497922.**

If you have any questions, please feel free to email me ☺ Thank you for making the world more inclusive for individuals of ALL abilities!

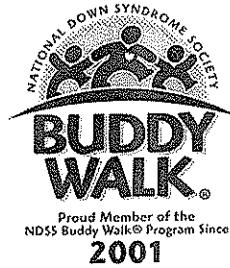

Best,
Alicia

We arrived at the boys and girls club at 12:30 and our contact, Susana, directed us where to pull our truck in and unload. We set up inside the gym area where the kids were eating. There was a photo booth and they also had a Carls Jr food truck on site. We started off playing music in the gym and playing games with the kids, our contact gave us some Diamond Supply hats to giveaway. As the kids got ready to make their way to the outside pool area, the contact had us move locations and set up in an outside, upper deck area over looking the pool, where we stayed for the remaining hour of our shift. I dj'd first and switched off with Hozer. Overall it was a fun event for the kids, and they had a great time.

We arrived at the event around 10am. We spoke to our contact who showed where to set up, but unfortunately it was next to the Will Call across the street from the actual festival. We set up and played music, but due to the less than ideal placement we weren't able to really get people to come to us. We did the best we could though, including giving away tickets that we had. Overall, the festival was a good event to be at, but our location could definitely be much better.

We arrived at the country club at 8a and met with the contact, Armando. He told us to set up directly in front of the snack shop entrance and to not use the backdrop because it was going to be blocking the entrance. We started playing music and hosting the event at around 8a. A lot of the people going golfing stopped by our tent before they went inside their golf carts and started the tournament. We were able to give out a lot of giveaways to the officers and to the people that were involved with the event. They liked our music selection and had nothing but good things to say about our station. We were able to give out all of the giveaways and take a lot of good pictures. At around 1030a, all of the people there were on the golf course playing golf. At that time, we went ahead and packed up everything and headed directly back to the station, overall it was a great and successful event.

We arrived to the event, and called our contact. She greeted us and let us know where to come in through. When we got to the spot, we also saw our co-partners from Care First. She was set up as well. We began to play music for the kids. It was a boys and girls club event, where they had the little kids working out with drills. We mostly played music for the entire time, as they had their event throughout the entire time. We wrapped up at 12 and headed back to the station.

We were unable to get in contact with our on site contact, Oscar but, Bryan gave us the number for Daisy, who was able to help direct us where to park, unload, and set up. They had a big movie screen set up in the park and they had us set up nearby and provide music for the families as they arrived for the movie. There was also a taco lady on site giving out tacos and nachos. Nancy played some quick trivia games to hand out some of our prizes before the movie started. We arrived to the park and called our contact. Our contact directed us to our location of entertainment. After setting up, we started playing music for the kids. There were a lot of people out to this event due to their program for underprivileged kids to stay out of trouble for sports night. There were multiple sports and games, food , and drinks .The LA Kings had a set of a hockey court for the kids as well. Everyone was so excited to have power106 at the park and all the kids participated in all of our games and raffles . This was a amazing event to be part of. We defiantly built a lot of street cred in this area.

This event was really successful! We were at a park in Compton and set up next to the Caere1st booth at a night event that the park hosts. They had food, prizes and games for the community and of course we provided the music and even more prizes for them. People here really knew our station and were excited to have us and take pictures with us. They participated well and were enthusiastic about winning our gear. We got a lot of comments, both positive and negative, but overall, the people were familiar with not just the morning show, but many asked about Justin Credible on the liftoff and Yesi Ortiz. I would definitely suggest that we return to an event at this location!

When Cruz and Todd arrived we told the crowd and they got excited and wanted to take pictures and meet them. Cruz got on the mic and spoke to the crowd. He got them energized and excited for the raffle. We did the raffle at about 630pm, giving away tickets to the World of Dance competition as well as tickets to the Teen Choice Awards. After those prizes were all gone we raffled off some Power106 mystery bags. The crowd stuck with us nearly the entire time and really enjoyed everything. Cruz pins to kids that registered with us or with Army. The Army group also gave out hats and other goodies for kids who did a push up challenge.

After the lunch break we went to Boost Mobile in Pomona and setup in front of the store. Again we got about 8 people to register for chance to win Celebrity All-Star basketball tickets as well as promoted their 2-line family plan. We arrived to the park, where we see a huge football camp going on. We called the contact and she let us know how we can go onto the grass area. Once we went it, we spoke to her, she told us we would be playing music, at a low minimum, while the games were on. They were pee-wee and junior leagues playing on their opening day. For the first hour or so we were playing music. By the 1 o'clock hour, we had to shut off while they did the opening ceremony and introduction to the teams and coaches. After the ceremony, we began to play music and start sharing the raffle information for the celebrity basketball game tickets. There was only about half hour left of our event to do so. We had some people come by, to say hi, get raffle tickets and hang out. We then raffled off our tickets by 230 and headed out right after. There was not much for us to do than to provide a bit of soundtrack for the games.

Along with the raffle tickets, we started to hand out lunch with the El Camino staff. At about 1p, we started raffling off the cool little prizes that el camino supplied for us. We set up by the football field since it was going to be an outdoor dance. As soon as the football game was over we were allowed to play music and begin the dance and students made their way to where we were at. We gave out a few prizes in between songs to keep the energy going. The contact was very pleased as the students were having fun and everything was running smoothly. Great response from these students and we should continue having events there.

We promoted the upcoming basketball game , gave plenty of shout outs to our neighbors "The Army". We mentioned the movie a lot on the mic and passed out posters along with our prizes and people were excited for that! Great school and great energy !

A few staff members came by the tint and thanked us for coming.

We started to unload and quickly and was able to have music up and running by 645p and immediately started to welcome the students to the power all star game. We started giving out prizes to the loudest sections in the bleachers. Sopenom introduced the starting line up for both teams and did a remarkable job! During the halftime performance, we had marc e bassy and jaxon both perform and the kids loved them. The kids were so happy and so eager to participate so it was easy to run out of prizes. Once 4th qtr ended we packed up and headed directly back to the station. Overall, it was a great and successful event.

We arrived at Moreno Valley High School and set up on the stage . We saw the people from the Army and introduced ourselves. They were set up really far from us so we suggested that they come closer to the stage with us so that when people asked questions about the Army they could answer them. A lot of people wanted to sign up for the raffle to win Drake & Future tickets. The kids also started a dance competition on stage and that brought a lot of traffic to Power & The Army's table. Overall really fun event & went really well!

We arrived at the event around 9am. We met with our contact who was very happy to have us back. We got set up and once they opened the doors we played music. Throughout the day we had prizes for people as well as music and promotion. We also played games and had a raffle for Ty Dolla Sign tickets. The crowd was very happy to see us and they enjoyed everything we did. Also they really appreciated the give aways. We got constant compliments about the music and our presence in general. It was a good event with a good reach.

We arrived to the school 20 minutes before the bell rang. Contacted the security to let us in the primeisis. We were directed to the location where to set up. After setting up , we started playing music and played some game with the students. The kids loved power and what we brought to the school , they were very entertained by the performance of Troy Noka as he did his ten minute set. We had two lunches to fulfill so it was great to have two groups to watch our performance. Everyone was very pleased with our performance and there were a lot of picture that were taken.
