

To: Administrator or Biomedical Engineer at Recipient Health Care Facility

From: Station KCEC  
Digital Channel 26  
Denver, Colorado

Date: **3/20/2015**

Notice of Commencement of Digital Television (DTV) Operation

**THIS LETTER CONCERNS POTENTIAL INTERFERENCE TO MEDICAL TELEMETRY OPERATIONS. PLEASE ASSURE THAT THOSE WHO SUPERVISE CLINICAL OR BIOMEDICAL ENGINEERING AT YOUR FACILITY RECEIVE IT, REVIEW IT AND CONTACT US IF THERE ARE ANY MATTERS OF CONCERN.**

We are notifying you of the Station's intention to begin DTV operations because your facility may use biomedical telemetry devices that operate on frequencies within the television broadcast band and the proper operation of such devices may be negatively affected when the Station begins DTV service. This notice is provided to you with as much lead-time as possible as we hold a construction permit issued by the Federal Communication Commission, on January 9, 2015, to operate on the applicable output channel.

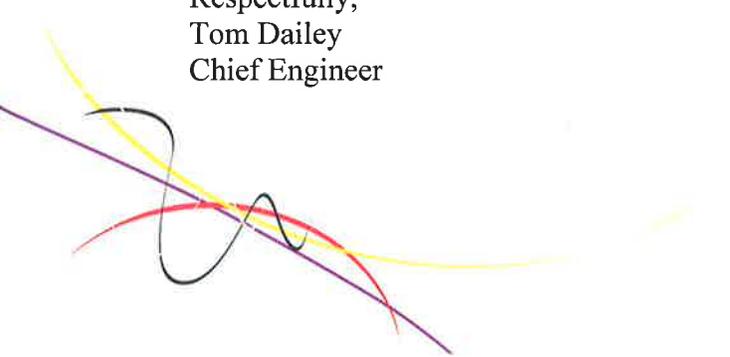

The rules of the Federal Communication Commission (codified at 47 CFR 15.242(a)(1)) have allowed certain biomedical telemetry devices to operate on unoccupied DTV channels on a secondary basis. This means that the medical facility or operator of such a device is responsible for resolving any interference problems that may arise once the Station commences digital television broadcast service or, alternatively, must cease operation of such affected devices.

The purpose of this notice is to provide you advance information so that you may resolve potential problems. However, you will want to discuss this with your technology supplier especially if you believe that biomedical devices used in your facility are likely to malfunction when the Station begins DTV operations.

The commencement date, DTV channel and frequency band for KCEC are listed on the attached page along with contact information for the broadcast executive in charge of DTV for the Station. If you desire more information or wish to report anticipated or actual interference problems, please contact the Station representative on the following page.

Respectfully,  
Tom Dailey  
Chief Engineer

1907 Mile High Stadium West Circle  
Denver, CO 80204

## INFORMATION ON KCEC DIGITAL IMPLEMENTATION

The relevant details of our proposed DTV operations are as follows:

Name of Station Owner: Entravision Holdings, LLC

DTV Channel: 26

Scheduled On-Air Date:

Frequency Band: 542-548 MHz

Effective Radiated Power:

Antenna Location: N. Latitude: 39° 43' 58"

W. Longitude: 105° 14' 08"

Antenna Height:     meters radiation center above average terrain

Contact Name and Title of Party to Speak to at Station:

Station Address: Station KCEC, 1907 Mile High Stadium West Circle,  
Denver, CO 80204

Telephone: 303-832-0050

Fax: 303-318-6256
