Al-Anon Family Groups in your community offer hope and help to family and friends who have been affected by a loved one's drink, including 40 percent of Al-Anon members who first came to meetings because a friend or relative had a drug problem.
United Way's suite of "Join the Fight" PSAs show people who we are, what we fight for and why it matters. We shed light on the harsh realities of the work we do where viewers live, in an effort to galvanize audiences to join the fight for health, education and economic opportunity.
New Discovering Nature PSAs remind parents and caregivers that trails are a family's guide to the transformative power of discovery in the forests and parks near them. Help families this fall experience nature near them by running PSAs highlighting the many benefits of outdoor recreation.
The campaign's latest round of work encourages caregivers to care not only for their loved ones, but also for themselves. The PSAs drive to AARP's Caregiving Resource Center, where caregivers can find thousands of helpful articles, tips, and tools from experts.
This campaign takes a lighthearted approach to the topic of smoking cessation by exploring several real-life, comical scenarios in which people attempt to master difficult skills in one day. We encourage smokers to start the process of quitting, which starts with taking a break from smoking.
The campaign's latest round of work encourages caregivers to care not only for their loved ones, but also for themselves. The PSAs drive to AARP's Caregiving Resource Center, where caregivers can find thousands of helpful articles, tips, and tools from experts.
Al-Anon Family Groups in your community offer hope and help to family and friends who have been affected by a loved one's drinking, including 40 percent of Al-Anon members who first came to meetings because a friend or relative had a drug problem.
The PSAs — which are directed towards men between the ages of 21 and 35 —inspire young men to examine their behavior and take responsibility for their own decision to get behind the wheel after having a few drinks. PSAs emphasize that if you have to ask your friends for help, it's not a sign of weakness.
Project Roadblock is a multiplatform drunk driving prevention campaign exclusive to local broadcast television stations and is the largest annual station-supported initiative of a single PSA campaign. Sponsored by TVB, the U.S. Department of Transportation, and the National Highway Traffic Safety Administration.
The Ad Council's Fatherhood Involvement campaign will encourage men to "take time to be a dad today" by playing an active role in their children's lives. New PSAs feature kids re-telling jokes their dads shared with them, highlighting that even the smallest actions can make a big difference.
New Discovering Nature PSAs remind parents and caregivers that trails are a family's guide to the transformative power of discovery in the forests and parks near them. Help families this fall experience nature near them by running PSAs highlighting the many benefits of outdoor recreation.
PSA helps adults learn the risks of having prediabetes develop into type 2 diabetes.
The campaign's latest round of work encourages caregivers to care not only for their loved ones, but also for themselves. The PSAs drive to AARP's Caregiving Resource Center, where caregivers can find thousands of helpful articles, tips, and tools from experts.
Drunk driving claims a life every 50 minutes. Save lives by preventing drunk driving.
RBFF works to increase public awareness of the need to protect and restore the nation's aquatic natural resources. That's why this new PSA encourages viewers to obtain a fishing license, thereby contributing to their local conservation efforts. The campaign also promotes responsible fishing practices.
The new PSA's aim to raise awareness of the 1 in 3 Americans that has prediabetes. They feature humorous scenarios that show the viewer who in their own life could have prediabetes – "it could be you, your boss, or your boss's boss". Viewers are then encouraged to take action and report it.
Helps viewers realize that they can make a big difference in their community by donating to Goodwill.
This campaign takes a lighthearted approach to the topic of smoking cessation by exploring several real-life, comical scenarios in which people attempt to master difficult skills in one day. We encourage smokers to start the process of quitting, which starts with taking a break from smoking.
This campaign spotlights the need to find permanent families for teens, who have lower overall adoption rates and wait longer to be adopted than younger children. The newest PSAs highlight this need by reminding parents that there are plenty of heartwarming stories of successful adoptions.
Al-Anon Family Groups in your community offer hope and help to family and friends who have been affected by a loved one's drink, including 40 percent of Al-Anon members who first came to meetings because a friend or relative had a drug problem.
The campaign's latest round of work encourages caregivers to care not only for their loved ones, but also for themselves. The PSAs drive to AARP's Caregiving Resource Center, where caregivers can find thousands of helpful articles, tips, and tools from experts.

<p>This campaign spotlights the need to find permanent families for teens, who have lower overall adoption rates and wait longer to be adopted than younger children. The newest PSAs highlight this need by reminding parents that there are plenty of heartwarming stories.</p>
<p>Drunk driving claims a life every 50 minutes. Save lives by preventing drunk driving. ensure they continue to thrive.</p>
<p>It's estimated that nearly every area in the U.S. will deal with an emergency in the next decade. Planning ahead and knowing what alerts to look for when a disaster strikes can help you be prepared. PSAs direct viewers to Ready.gov as a resource to help them.</p>
<p>For children battling a critical illness, a wish is more than just a dream. It can be a turning point in their lives. Wishes can give kids the strength to fight, to get better ... to grow up. And, it can help families focus on the possibilities of tomorrow.</p>
<p>This PSA informs the audience about the need for ethnically diverse blood stem cell donors. The message highlights the need for Hispanic and Latino donors, and the unique opportunity to save someone's life. It encourages viewers to visit the website to learn more.</p>
<p>Communities In Schools (CIS) works within schools, one-on-one with students in communities across the country to help them with basic needs such as food, clothing and housing... as well as more complex problems such as emotional counseling. CIS brings to life the stories of students who have overcome adversity.</p>
<p>It's estimated that nearly every area in the U.S. will deal with an emergency in the next decade. Planning ahead and knowing what alerts to look for when a disaster strikes can help you be prepared. PSAs direct viewers to Ready.gov as a resource to help them.</p>
<p>125,000 youth in the U.S. foster care system are currently waiting for adoptive families, and only 5% of all children adopted in 2017 were between the ages of 15 and 18. For National Adoption Month this November, encourage potential parents to consider adoption and recovery is possible.</p>
<p>Prediabetes can be reversed with early diagnosis. 1 in 3 American adults has prediabetes. That means you, your boss, or your boss's boss could have prediabetes and be at high risk for developing type 2 diabetes. Air PSAs to remind viewers how many Americans are affected.</p>
<p>PSA about organ donation.</p>
<p>Over 5 million Americans live with Alzheimer's, but less than half are diagnosed. Acknowledging why your loved one is acting differently is hard, but early detection and care can make a difference in managing the disease. Help families start the conversation.</p>
<p>We hope you will communicate to your viewers a valuable breast cancer information and education resource by airing the new Public Service Announcement (PSA) titled "One In Eight Women" (: 30, : 15). In this PSA, Cinthia González shares how breast cancer is affecting her life.</p>
<p>The PSAs — which are directed towards men between the ages of 21 and 35 — inspire young men to examine their behavior and take responsibility for their own decision to get behind the wheel after having a few drinks. PSAs emphasize that if you have to ask your doctor for help.</p>
<p>The CDC created this public service announcement as part of their education effort National, Become Aware of Antibiotics, which aims to raise awareness among health care providers, patients and their families about resistance to antibiotics and the importance of taking antibiotics as directed.</p>
<p>The CDC created this public service announcement as part of its national educational effort Beat Blood Poisoning... aimed at emphasizing the importance of early identification of blood poisoning and the timely treatment...as well as the importance of prevention.</p>
<p>"Not Just Words" Public Service Television Announcements (: 60 and: 30) Public service television announcements titled "Not Just Words," available in English and Spanish, demonstrate the signs and symptoms of gynecologic cancer. The announcer encourages viewers to get checked.</p>
<p>Inspire adults to go after diplomas, dreams -- and more. Adults who complete their high school education can tap into a wealth of benefits, including greater career options, household income, and opportunities to become role models to their families and communities.</p>
<p>Helps viewers realize that they can make a big difference in their community by donating to Goodwill.</p>
<p>Helps viewers realize that they can make a big difference in their community by donating to Goodwill.</p>
<p>Project Roadblock is a multiplatform drunk driving prevention campaign exclusive to local broadcast television stations and is the largest annual station-supported initiative of a single PSA campaign. Sponsored by TVB, the U.S. Department of Transportation.</p>
<p>Run these PSAs during February for American Heart Month to encourage viewers who have stopped following their HBP management plan to partner with their doctor, get back on a plan, and get their numbers to a healthy range.</p>

Drunk driving claims a life every 50 minutes. Save lives by preventing drunk driving.
The CDC created this public service announcement as part of its national educational effort Beat Blood Poisoning... aimed at emphasizing the importance of early identification of blood poisoning and the timely treatment...as well as the importance of prevention.
It's estimated that nearly every area in the U.S. will deal with an emergency in the next decade. Planning ahead and knowing what alerts to look for when a disaster strikes can help you be prepared. PSAs direct viewers to Ready.gov as a resource to help take action and report it.
The PSAs titled "Community Garden" were produced by CDC's Screen for Life: The National Campaign for Action Against Colorectal Cancer. They use animation and overlapping storytelling to address misconceptions about colorectal cancer and screening, such as not getting screened, not talking to a doctor, and not taking action and report it.
PSA helps adults learn the risks of having prediabetes develop into type 2 diabetes.
Helps viewers realize that they can make a big difference in their community by donating to Goodwill.
Drunk driving claims a life every 50 minutes. Save lives by preventing drunk driving.
Millions of Americans are building a life in recovery. Inspire a million more. Recovery is possible, and that is something to celebrate. Show people facing mental and substance use disorders that hope, help, and support are available. Post Your Recovery d

This campaign spotlights the need to find permanent families for teens, who have lower overall adoption rates and wait longer to be adopted than younger children. The newest PSAs highlight this need by reminding parents that there are plenty of heartwarming stories out there.

Run these PSAs during February for American Heart Month to encourage viewers who have stopped following their HBP management plan to partner with their doctor, get back on a plan, and get their numbers to a healthy range.

It's estimated that nearly every area in the U.S. will deal with an emergency in the next decade. Planning ahead and knowing what alerts to look for when a disaster strikes can help you be prepared. PSAs direct viewers to Ready.gov as a resource to help them.

The PSAs titled "Community Garden" were produced by CDC's Screen for Life: The National Campaign for Action Against Colorectal Cancer. They use animation and overlapping storytelling to address misconceptions about colorectal cancer and screening, such as:

- Colorectal cancer is preventable.
- Screening can find colorectal cancer and precancerous polyps early, when they are easier to treat.
- Screening can prevent colorectal cancer.

We hope you will communicate to your viewers a valuable breast cancer information and education resource by airing the new Public Service Announcement (PSA) titled "One In Eight Women" (: 30; 15). In this PSA, Cinthia González shares how breast cancer is:

- A leading cause of death among women.
- A disease that can be prevented.
- A disease that can be treated.

An impactful/emotional/moving/poignant new public service announcement (PSA) campaign, by Somos Una Voz, a charitable services fund at the Entertainment Industry Foundation, a 501(c)(3) charity, highlights the critical need for aid in areas of Puerto Rico.

"Not Just Words" Public Service Television Announcements (: 60 and: 30) Public service television announcements titled "Not Just Words," available in English and Spanish, demonstrate the signs and symptoms of gynecologic cancer. The announcer encourages women to:

- Know their bodies.
- Know when to seek help.
- Know their options.

AZA's campaign to support the preservation and care of wild animals highlights the value of zoos and aquariums, as well as the critical role their employees play. They are highly competent and dedicated to promoting the cause. While the campaign will continue, we encourage you to:

- Take action and report it.

DAV is a nonprofit charity that provides a lifetime of support for veterans of all generations and their families, helping more than 1 million veterans in positive, life-changing ways each year. With nearly 1,300 chapters and more than 1 million members, DAV is:

- A leading provider of services for veterans.
- A leading provider of services for families.
- A leading provider of services for communities.

Over 5 million Americans live with Alzheimer's, but less than half are diagnosed. Acknowledging why your loved one is acting differently is hard, but early detection and care can make a difference in managing the disease. Help families start the conversation.

Millions of Americans are building a life in recovery. Inspire a million more. Recovery is possible, and that is something to celebrate. Show people facing mental and substance use disorders that hope, help, and support are available. Post Your Recovery Day.

Inspire adults to go after diplomas, dreams -- and more. Adults who complete their high school education can tap into a wealth of benefits, including greater career options, household income, and opportunities to become role models to their families and communities.

For children battling a critical illness, a wish is more than just a dream. It can be a turning point in their lives. Wishes can give kids the strength to fight, to get better ... to grow up. And, it can help families focus on the possibilities of tomorrow.

Drunk driving claims a life every 50 minutes. Save lives by preventing drunk driving.

Inspire adults to go after diplomas, dreams -- and more. Adults who complete their high school education can tap into a wealth of benefits, including greater career options, household income, and opportunities to become role models to their families and communities.

Removing unused, unwanted or expired opioid medications from the home is a key strategy in addressing the opioid crisis in the United States. The information included in these FDA PSAs will act as a call to action to encourage consumers to dispose of their unused, unwanted or expired opioid medications.

The PSAs — which are directed towards men between the ages of 21 and 35 — inspire young men to examine their behavior and take responsibility for their own decision to get behind the wheel after having a few drinks. PSAs emphasize that if you have to ask your friend if you can drive, you shouldn't be driving.

take action and report it.

New Discovering Nature PSAs remind parents and caregivers that trails are a family's guide to the transformative power of discovery in the forests and parks near them. Help families this fall experience nature near them by running PSAs highlighting the many benefits of nature.

and recovery is possible.

This new public service announcement from the Department of Homeland Security offers information about the importance of informing the authorities of any suspicious activity. The PSA communicates the key message "If you see something say something."

Drunk driving claims a life every 50 minutes. Save lives by preventing drunk driving.

Child Car Safety: Make Sure Kids Are In The Right Car Seat: Motor vehicle crashes are a leading cause of death for children under 13. PSAs tell parents how their love for their children extends to car safety. This means knowing the right seat for the child.

This campaign spotlights the need to find permanent families for teens, who have lower overall adoption rates and wait longer to be adopted than younger children. The newest PSAs highlight this need by reminding parents that there are plenty of heartwarming stories out there.

It's estimated that nearly every area in the U.S. will deal with an emergency in the next decade. Planning ahead and knowing what alerts to look for when a disaster strikes can help you be prepared. PSAs direct viewers to Ready.gov as a resource to help them.

125,000 youth in the U.S. foster care system are currently waiting for adoptive families, and only 5% of all children adopted in 2017 were between the ages of 15 and 18. For National Adoption Month this November, encourage potential parents to consider adoption and ensure they continue to thrive.

New Discovering Nature PSAs remind parents and caregivers that trails are a family's guide to the transformative power of discovery in the forests and parks near them. Help families this fall experience nature near them by running PSAs highlighting the many benefits of nature.

Communities In Schools (CIS) works within schools, one-on-one with students in communities across the country to help them with basic needs such as food, clothing and housing... as well as more complex problems such as emotional counseling. CIS brings to:

- Life skills training.
- Career counseling.
- Financial literacy.
- Leadership training.
- Mentoring.
- Peer support.
- Tutoring.
- Vocational training.

Prediabetes can be reversed with early diagnosis. 1 in 3 American adults has prediabetes. That means you, your boss, or your boss's boss could have prediabetes and be at high risk for developing type 2 diabetes. Air PSAs to remind viewers how many Americans have prediabetes.

The CDC created this public service announcement as part of their education effort National, Become Aware of Antibiotics, which aims to raise awareness among health care providers, patients and their families about resistance to antibiotics and the importance of taking antibiotics as directed.
