Program Name	Schedule (Day/Time)	Description (Note whether local, syndicated or network)
Tantrums	4/1/2021 at 5:00am 2:15	Tantrums, we've talked about why kids have them, how to respond and how not to. But what if you find yourself getting heated too? I spoke with holistic child psychologist Dr Nicole Buerkens for some tips to stay calm.
Vaccine & Pregnancy	4/1/2021 at 5:00am 1:06	Despite the encouraging news about vaccines and children... many pregnant women are still concerned about getting the shot. Here's something that should ease your mind. A new study published in the "American Journal of Obstetrics and Gynecology" found that there are no significant differences in side effects from the vaccine between pregnant women and non-pregnant women. In fact... Doctor Michael Tsimis (TIE-MEES) - A "Maternal Fetal Medicine Physician" with Spectrum Health - Says pregnant women can actually protect their babies by getting vaccinated... because the antibodies created by the vaccine pass from mother to baby.
Vaccines for All	4/5/2021 at 6:00am 1:45	State Health officials hope to raise vaccination numbers in our state. And starting today, eligibility is expanding. Joining us live with the details is 13 On Your Side's, Angela Cunningham.
Spring Allergies	4/6/2021 at 5:00am 1:00	The Asthma and Allergy Foundation of America... released the top 100 cities that are the most difficult to live in... for Spring and Fall allergies in 2021. Grand Rapids coming in at 24 out of 100. They further reported that both spring and fall pollen has gotten increasingly worse every year. But why is that? Meteorologist, Samantha Jacques breaks down the report.
Vaccine and Allergies	4/7/2021 at 6:00pm 2:00	Michigan Medicine started a new clinical trial today in Ann Arbor studying allergic reactions to the mRNA COVID-19 vaccines. Experts say reactions have been rare. But as 13 On Your Side's, Emma Nicolas reports finding a solution now, will help with future vaccines.
Local J and J Pause Reax	4/13/2021 at 5:00pm 1:55	The state of Michigan did pause the use of the Johnson and Johnson vaccine, per the recommendation. Of course -- that's affecting clinics here in our area. Many of the recent Johnson and Johnson doses went to

		college and university campuses. 13 On Your Side's, Emma Nicolas spoke with health departments across the area to find out how they are responding to the news and what it means for you.
Young Kids and Covid	4/14/2021 at 5:00am 1:45	This pandemic began with the myth that children could not get or spread COVID. And, if kids did get it, they'd be asymptomatic. So, what's changed? 13 On Your Side's, Angela Cunningham is live from Helen DeVos Children's Hospital with answers.
MISC in Kids	4/15/2021 at 5:00am 2:20	The rise in pediatric COVID cases has doctors concerned about an often related, and equally dangerous illness... Multi-System Inflammatory Syndrome, also known as MIS-C. Health officials are still learning about the disease but know it can severely impact children's internal organs. Let's bring in 13 On Your Side's, Angela Cunningham who's live from Helen DeVos Children's Hospital.
Teen Sleep Study	4/19/2021 at 5:00am 1:20	This morning, we're tackling an issue many parents worry about. And that's teens and their sleeping habits. It seems they never get enough sleep.... but the problem can be even bigger for children with a-d-h-d. Now those sleep troubles have been linked to lower grades. Let's connect the dots.
Dr. B, Teen Anxiety & Depression	4/22/2021 at 5:00am 2:37	Anxiety and depression are two mental health issues that are common among adults but that's certainly not the only population dealing with these challenges. More and more teens are experiencing them as well. So what is the difference between the two and what symptoms should parents be aware of? I spoke with holistic child psychologist Dr. Nicole Beurkens for some insight.
Climate Change and Pandemic	4/22/2021 at 5:00pm :40 & :30	Scientists say the gradual warming of the earth's atmosphere affects extreme weather like droughts and hurricanes... and these natural disasters can play a role in the spread of disease and pandemics. As the earth warms, scientists say they're concerned about an increase in mosquito-borne viruses and infectious diseases spread by animals. There's also the possibility that long-dormant viruses frozen in ice could be released by thawing polar regions. Doctor Michaela Gack says climate change is a combination of natural and human factors. Carbon emissions accelerate climate change and even small efforts to reduce them – like walking or biking instead of driving – can help.....
J & J Decision Day	4/23/2021 at 5:00am 1:45	A CDC Panel is set to meet today to possibly determine the fate of the single dose of the Johnson & Johnson vaccine. This is following a handful of severe blood clot cases – including new details this morning about a woman of Oregon who died within two weeks of getting the vaccine. 13 On Your Side's, Veronica Ortega is in the Information Center with how this could play out today..
Young Kids and Masks	4/26/2021 at 6:00am 2:10	Beginning today, the state's face mask mandate will also apply to children between the ages of two and four. That means they are now required to wear a mask in all public places, including schools and daycares. This has many parents concerned for a number of reasons. 13 On Your Side's, Angela Cunningham took those concerns to an expert and joins us live with what he had to say.

Melanoma Survivor	5/3/2021 at 5:00pm 1:50	Today is "melanoma Monday", a day set aside each year to help raise awareness about melanoma, which is considered the deadliest form of skin cancer. Today, we're hearing from a young woman, about "how" she found out, "she" had melanoma and "why" it's important to get checked, if you notice anything unusual. Here's Health Reporter, Valerie Lego.
Dr. B Teens & Anxiety	5/6/2021 at 6:00am 2:23	When you have a teenager, who is experiencing anxiety or depression, it can be difficult for parents to know what to do. As more and more teens are dealing with these mental health challenges, we turned to Dr. Nicole Beurkens for some advice.
Police Hiring	5/6/2021 at 6:00pm 2:15	Now to the pandemic and the toll it has taken on mental health in America. In March, a c-d-c survey found more than 30% of Michiganders reported symptoms of anxiety or depression. A police department in Muskegon County is responding to an increasing number of mental health calls. It's why the department is working to fill new, "specialized" positions in the department. Here's 13 On Your Side, lakeshore reporter, Jon Mills.
OSC: Women's Health	5/7/2021 at 5:00am 1:45	May is women's health month, so we're kicking off a new focus for our One Small Change series. Covid Order Ends	6/17/2021 at 6:00pm 1:30	Michigan's covid-19 restrictions are coming to an end next week. Governor Whitmer announced today the state will open to full capacity on June 22nd. That's ten days earlier than originally scheduled. According to the state, a downward trend in new covid-19 cases accelerated the process. This will end 15 months of various restrictions in Michigan. 13 On Your Side's, Nate Belt is live in downtown Grand Rapids, with more on the orders that will be lifted soon.
Dads Health	6/20/2021 at 6:30pm 1:45	In addition to Father's Day in June -- the month of June is Men's Health Month. And the best "Father's Day gift", might be to encourage dad to "adopt healthy habits." According to the "University of California, Berkeley,"... new *studies show that having a sense of *purpose... makes dads *healthier, happier and stronger in the face of *challenges. And *Research reported by the "National Responsible Fatherhood Clearinghouse of the U.S. Department of Health and Human Services" shows that children with healthy...*involved fathers "perform better in school" are "more likely to graduate high school" *and "have more friends." The call to action is quite simple -- encourage dad to get regular checkups, maintain a healthy diet, and as they get older, encourage them to stay active!.....
Flu and Cold	6/21/2021 at 5:00am 1:10	Now that the country is opening back up -- we are seeing the return of some nasty bugs -- the flu and common cold. What is the best way to stay healthy this year? Let's connect the dots.
Wkd Delta Variant Ottawa	6/28/2021 at 6:00am :42	Turning to the coronavirus -- the Michigan Department of Health and Human Services has identified the first case of the "Delta Variant" in West Michigan. That's in Ottawa County. The state health department says the virus was found in a vaccinated person in their 50s who had recently traveled within the U-S. The Ottawa County Health Department says they believe both the Pfizer and Moderna vaccine are effective against this highly contagious variant. But the CDC is still examining how the J-and-J vaccine performs. If you have not been vaccinated, Ottawa County offers walk-in clinics every Monday from 10 to 4. And they advise residents to wear a mask, out of an abundance of caution.
