

FINAL REV: TITLE: IN THE MAIL TODAY Length :60

LOUISE: Honey, read this - seems Councilman Barry Foster didn't pay his water bill for over two years - owing almost \$2,000!

HARRY: How? They would've cut his **water** off.

LOUISE: State mandates - the water service couldn't be cut during COVID.

HARRY: This says the Fosters make around \$150,000 a year - and they refused pay their water bill?

LOUISE: Since Barry Foster's been on City Council, city debt has **tripled**. With rising crime, he voted AGAINST hiring 5 new police officers.

HARRY: And the City **delayed** vital repairs to our drinking water system – now, repair costs have **skyrocketed**.

LOUISE: !t's time for a change....

HARRY: **Change** by voting for Carlos Ma-Ru-Ho

LOUISE: He's a Supervisor at Eastern New Mexico U. Carlos **knows** how inflation impacts Roswell's working families.

HARRY: Carlos Ma-Ru-Ho will **demand** Roswell live within its means - he **respects** Taxpayers.

LOUISE: We can't afford 16 years of Councilman Barry Foster.
