Reporter: Stacy Loe

Date: April 24, 2008

KGMB exclusive follow up story on the Go! Airlines sleeping pilots' incident. KGMB confirms that both pilots admitted they fell asleep in the cockpit of flight 1002 on its way to the Hilo International Airport and overshot the runway. We also reveal that after the "sleeping incident," the Captain was admitted to Stanford Medical Center where he was diagnosed with a severe case of sleep apnea.

Story: Online drugs sale (2 parts)
Reporter: Stacy Loe

Date: April 28, 2008

It's being called the next American Epidemic. The illegal internet sales of prescription drugs may be easy access to medicine, but also a means for some powerful pills getting into the wrong hands. When you order online, you never know who's on the other side. Experts say more people in Hawaii are becoming addicted to painkillers. In part 2, we talked to a former painkiller addict. She shares her story about her addiction, how she got the drugs and how she dealt with the pain. This is a report only seen on KGMB9 News.

Story: Manila Street Children: "A Journey of Hope"
Reporter Jim Mendoza & George Hurd

Date: May 7-8, 2008

According to the latest world census, 88 million people live in the Philippines. 12 million people live within Manila's city limits. But there's a dark side to that statistic. Hidden in the numbers are tens of thousands of homeless children that wander the streets of Manila. They are runaways, abandoned, abuse and at risk. They sleep on cardboards, beg for money or food. We profile the children and talk to people trying to help them.
