

April 1, 2014

The following is a report on Public Affairs Programming for the First Quarter of 2014 during which time the top issues of community interest and concern in St. Petersburg, Florida and the surrounding area were found to be:

Health  
Public Safety  
Economy  
Government  
Education  
Community Relations

In order to meet these issues, WPOI-FM airs two public affairs programs on Sunday mornings as well as weekday news updates.

"Spectrum" airs Sunday mornings at 6:00 a.m. "Sunday Morning" airs Sunday mornings at 6:30 a.m.

WPOI-FM also helps meet community issues through daily programming. As traffic and transportation are often major issues for residents of Tampa Bay, WPOI-FM airs traffic reports four times hourly on weekdays from 6:00 to 9:00 a.m. and 4:00 to 6:00 p.m.

WPOI-FM also runs a heavy schedule of :60 second Public Service Announcements produced by the Florida Association of Broadcasters throughout all hours of the day.

Respectfully submitted,

### **Health**

Sunday, January 26, 2014 – Sunday Morning 6:30 a.m.

30:00

Host: Mimi Lawson. Guests: Dr. Sergio Golombek, MD, Neonatologist, and Professor of Pediatrics and Clinical Public Health, New York Medical College; and preemie mother, Kim Sutherland.

Respiratory Syncytial Virus is a common and highly contagious virus contracted by nearly 100 percent of children by their second birthday. Ms. Lawson discussed with Dr. Golombek and Ms. Sutherland the ABC's of RSV and how to help parents protect their children from this virus. Although RSV is the leading cause of hospitalization among infants, many parents are unaware of the dangers that RSV presents. Dr. Golombek and Ms. Sutherland explained that one-third of mothers have never heard of RSV. Although RSV most often causes mild, cold or flu-like symptoms, in some children it can develop into something much more serious, especially in preterm infants who have underdeveloped lungs and immature immune systems. Dr. Golombek and Ms. Sutherland gave tips to prevent RSV by instructing parents to keep toys, clothes, blankets, and sheets clean and to avoid crowds and other young children during RSV season which usually spikes during winter months.
