Statement of Continuing Eligibility

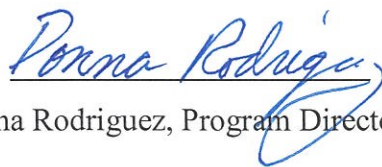

LPTV Station K32DY, Medford, Oregon is located within the protected Grade A contour of KOB-TV, Medford, Oregon, whose signal it rebroadcasts. Accordingly all of KOB-TV's broadcast programming that is produced within the market area served by KOB-TV is also produced within the protected service of LPTV Station K32DY.

See Establishment of a Class A Television Service, Order & Notice of Proposed Rulemaking, FCC 00-16, RM-9260, MM Docket Nos. 00-10, 99-292, at P 19 (rel. Jan. 13, 2000) (proposing to define "market area" as "the [LPTV] station's protected service area").
