

## WMDO-CA Chief Operator Designation

Date : 04/09/2012

In accordance with FCC section 73.1870 the management of WMDO-CA, Entravision Holdings, LLC Washington DC Names:

Chief Operator: Ermelinda Guevara

Alternate Chief Operator: Teresa Castillo

### The responsibilities shall include:

1. Inspections and calibration of the transmission system, required monitors, E.A.S. equipment, metering and control systems, and any necessary repairs or adjustments where indicated.
2. Review of the station records at least once each week to determine if required entries are being made correctly. Additionally, verification must be made that the station has been operated as required by the rules of the station authorization. Upon completion of the review, the chief operator or his designate must date and sign the station log and initiate any corrective action which must be necessary and advise the station licensee and/or station manager in writing of any condition which is not in the FCC compliance.
3. Any and all entries that may be required in station records and the keeping of the station log in a neat and orderly manner for a period of 2 years.
4. The chief operator normally, is responsible for seeing that other operators at the station are trained in proper operation of the transmitting equipment and is the station's liaison with the FCC. This appointment letter must be in writing and be posted with the station's license in the public file as well as studio book and copy at transmitter site along with copy of station licenses.
