

2nd QUARTER 2014

QUARTERLY CERTIFICATION OF COMPLIANCE OF COMMERCIAL CONTENT DURING E/I PROGRAMMING

This is to certify that WJGV, The Gospel Vision, conforms to the allowable commercial content during the E/I Programming. The Gospel Vision is run as a not-for-profit station even though it is licensed as a commercial station and has the rights of commercials. There are no commercials on the station, but there are sponsors and underwriters of the Public Affairs. The character generator is bypassed during E/I programming time period not allowing any character generated material to pass over the E/I Programming. Of course the E/I is on the tape and therefore is shown during broadcast of the programs.
