

## WJGV-CD Q3 2023 QUARTERLY CERTIFICATION OF COMPLIANCE OF COMMERCIAL CONTENT DURING E/I PROGRAMMING

This is to certify that WJGV-CD, conforms to the allowable commercial content during the E/I Programming.

All E/I programming aired on WJGV's main stream are free from commercials other than NRB TV has a Network promo that tells what children's program is coming up next. This comes only at the end of each 30 min segment which all audio goes thru the main audio limiter. All Sub-channels are compliant with allowable commercial content. All Children's Core programming claimed on this instant report have an "E/I" displayed. NRB and other Children Programming all have the required "E/I" displayed on screen.

Therefore, to the best of my knowledge WJGV-CD is in full compliance with the requirement.
