To: hnixon@dbcradio.com <hnixon@dbcradio.com>

Hello, Kind Keeper Animal Rescue here! We are a 501-c3 nonprofit no-kill animal rescue. We were wondering if you could do public service announcements for us. Our animals live off of donations that we get in, so any help goes a long way! We are trying to get funding for our new building as well. Our new facility will not only triple our capacity of intake animals; it will also have a low-cost veterinarian clinic for the surrounding community. We will have boarding, training, grooming, spay/neuter clinic, as well as pet food bank for those in need! We also have large events that we would love to get the word out about! I have attached more about us below and our big events that are coming up! We would love your help to get the word out about our rescue. Thank you so much for your time!

Thank you,

Dear All... please see below email (**PSA in BOLD**) from Jess Wnuk of Grand Strand Humane Society re PSA to read out on today's shows ahead of the Horry County Council Meeting tonight regarding the GSHS new facility petition... if you're so inclined / matches your show formatting.

Hi Ruth,

I am so sorry for the late email. Things have been changing significantly all day with regards to the council meeting tomorrow. Unfortunately, as of right now, things are not looking good for GSHS. That being said, we are still doing all that we can and trying to remain hopeful and positive! Here are some questions that I think could be helpful in guiding our conversation. Thank you again for your time and willingness to highlight our story!

We heard that GSHS has requested a deferral from Horry County Council. What would this mean and why was it requested?

Do you feel that there is more opposition or more support of this project?

How has GSHS addressed some of the concerns brought forth by neighbors?

Why does GSHS need a new facility?

If GSHS is not able to purchase this land, what would that mean for Horry County?

How can people help the cause?

You mentioned a short PSA that could be broadcast across other stations during the day tomorrow. Here are a couple of sentences that I came up with if that is still a possibility!

Grand Strand Humane Society faces Horry County Council tonight at 6 PM to decide the fate of their new facility on River Oaks Drive. Please visit their website campaigngshs.org to learn how you can help!
