### Idaho Food bank Distribution & Fundraising

**Issue:** More than 210,000 people in Idaho experience food insecurity every year, including more than 57,920 children. The Idaho Food bank was established in 1984 and since that time has distributed millions of pounds of food every year. In fiscal year 2022, The Food bank provided food for more than 22.7 million meals to Idahoans living with food insecurity.

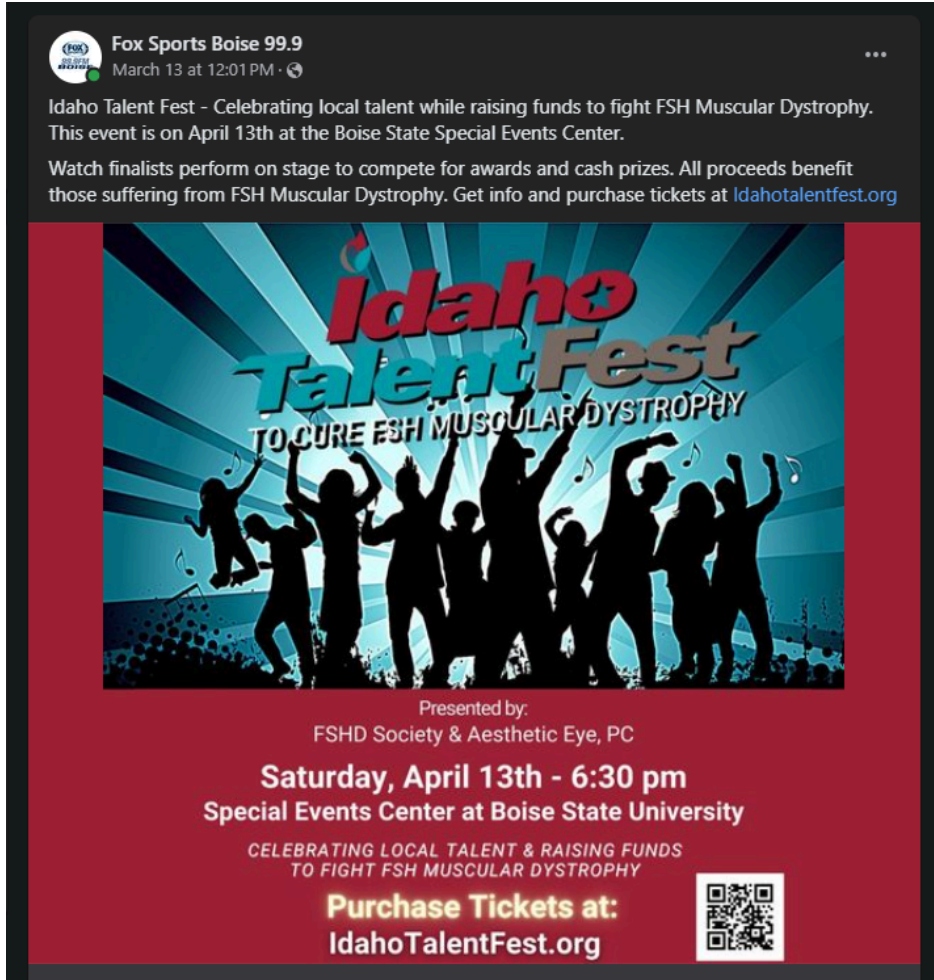

**Support:** Each month, the Idaho Food bank hosts distribution events, where they offer free boxes of food to anyone who shows up and declares a need.

Iliad Media Group supports the Idaho Food bank and their distribution events with on-air and online support, to let the community know how they can access free food, and to encourage donations to support their mission.
