| The Dothan Hippy Program...the hippy program teaches parents to be their child's first teacher. Parents will prepare their children ages 3 through 5 to be ready to enter school through confidence, skills, and the tools that they will need to begin school. | Newscast | 8/5/15 | 4:55p | 3:00 mins | According to Collins Trott, head of the Houston County Hippy program, registration is underway for the entire month of August for this year's hippy program. Hippy stands for Home Instruction for Parents of Pre-school youngsters. It's a parent involvement school readiness program that helps parents prepare their 3, 4 and 5 year old children for success in school and beyond . Trott says hippy strengthens communities and families by empowering parents to actively prepare their children for success in school. The program serves families from diverse ethnic and geographic groups across the nation, particularly those most at risk because of poverty, parents limited education and social isolation. As a result, hippy is closing the achievement gap by serving more that 15,000 families in almost 140 communities across the county. |
