

4Q 2023 ISSUES AND PROGRAMS LIST

EPDE

FLORENCE & MYRTLE BEACH, SOUTH CAROLINA

October 1, 2023 – December 31, 2023

LIST OF ISSUES

ECONOMY/INFLATION

The Myrtle Beach area is the #1 fastest growing area, with rent increases up 36% since before the pandemic. As the nation deals with rising inflation – affecting everything from food to gas prices – we focused on the impact this is having on our communities and industries. We’re also seeing impacts to other communities from workforce shortages and inflation issues.

FLOODING

In the past several years, our communities have dealt with a number of major weather events, from a historic 1,000-year flood in 2015 to several hurricanes like Matthew and Florence. While those events caused flooding, we’re also now seeing flooding after minor weather events. In some cases, development is to blame, in others it’s a lack of attention or resources to flood mitigation. We continue to be a voice for those in our community who are seeing flooding over and over again.

GROWTH AND DEVELOPMENT

Horry County is one of the fastest growing areas in the country. This quarter we saw a number of major developments along highways in our community. Residents are concerned that the roads are not able to handle the number of cars safely. We covered discussions about building moratoriums and how growth puts a strain on resources in our community. It also leads to issues with stormwater drainage, which leads to flooding. As we build up more and more, places begin to see flooding that haven’t before. We are committed to covering the growth in our area and the challenges it presents to our communities.

PEE DEE CRIME

The crime wave in the Pee Dee continues. Sheriffs there tell us young people aren’t considering the consequences and have no consideration for the value of human life. We make sure we are able to cover not only the crimes, but the solutions being presented, and the impact on the families involved.

Below is a list of some of the significant issues responded to by Station EPDE, Florence/Myrtle Beach, South Carolina, along with the most significant programming treatment of those issues for the period October 1, 2023 to December 31, 2023. This list is by no means exhaustive. The order in which the issues appear does not reflect any priority or significance.
