Public Affairs Programs

RADIO HEALTH JOURNAL: A 30-minute syndicated radio magazine of in-depth public affairs. It looks at economics, government reform, consumerism, education, substance abuse, domestic and child abuse, urban/rural problems, poverty, food safety, etc. Broadcast Sundays at 5:00AM.

GREEN COUNTRY SPEAKS A program hosted by KMYZ on-air personality Chuck Stikl every Sunday Morning at 6:00AM. It tackles a wide range of topics that include charitable organizations, politics, social action, family, the arts and culture, health, family issues, nature and the area we live in.

Quarterly Issues/Programs List

1ST quarter of 2023

KMYZ-FM / Pryor, OK

The following is a list of programs aired that have provided the station's most significant treatment of community issues.

| DATE | Time | Duration | Topic | Issue | Description |
|-------|------|----------|--|--|--|
| 1/8 | 6:00 | 11:23 | DRUNKOREXIA: A POPULAR PRACTICE THAT LEADS TO MALNOURISHMENT | excessive drinking; compulsive drinking; disordered eating; public safety; student safety; alcohol; alcoholism; healthy living; weight gain; peer pressure; vulnerable populations | 'Drunkorexia' is a habit that's popular among young people where they refuse to eat before a night of drinking. Though many assume this will help keep their calorie consumption low, experts reveal why engaging in this practice can lead to weight gain and other health risks. |
| 1/122 | 6:00 | 11:34 | MORE AND MORE MOTHERS ARE DYING | pregnancy; maternal mortality; vulnerable populations; gender | America is one of the only developed nations with a rising maternal mortality rate, according |

| | | | | | |
|------|-------|-------|---|--|---|
| | | | EACH YEAR – WHY CAN'T WE STOP IT? | issues; racial inequity; consumerism; doula; mental health; hospitalizations; children at risk | to the CDC. Even with cutting edge technology and advancements in women's health, mothers are still losing their lives. Dr. Lindsay Admon joins us this week to explain the factors feeding into this crisis and offers potential solutions that could save more women. Nicky Dawkins, a professional doula, also chimes in with the benefits of bringing in extra advocates. |
| 2/5 | 6:00 | 7:10 | PPD HAS MOVED TO NEW FACILITIES | Public safety | PPD Dispatch has moved. We discuss new facilities. They are now located at 502 E. Graham Ave. While the officers are still operating out of the S. Mill location, we discuss the transition and how to best work with it. |
| 2/19 | 6:00 | 11:06 | HOW SCIENTISTS ARE SPEEDING UP EVOLUTION USING GENOME EDITING | genetics; gene editing; genomics; evolution; DNA; genetic diseases; consumerism; patient safety; vaccines | The field of genome editing goes all the way back to the 1970s when researchers discovered how to clone DNA. Now, scientists can genetically modify DNA to eliminate genetic diseases and even create entirely new species of organisms. Experts discuss how gene editing technology can fit millions of years of evolution into mere months. |
| 2/27 | 6:00 | 15:22 | Pryor Public Schools Summer Explore Program | Public education; public health public health; retraining | Lessons will be provided 4 days a week for math, reading and Action-based Learning. Transportation can be provided and breakfast and lunch will be provided. We discuss all the details and who qualifies. |
| 3/6 | 6:00 | 13:33 | Summer Nutrition Program | Food insecurities; Public health | The Cherokee Nation Summer Nutrition Program is now accepting applications for the Summer EBT for Children program. We discuss the program which is available to anyone |
| 3/26 | 12:12 | 11:15 | RESEARCH MISCONDUCT: THE GROWING ISSUE OF DATA INTEGRITY IN SCIENCE | Alzheimer's disease; scientific research; data integrity; consumerism; photoshop; research misconduct; NIH; patient safety | Thousands of Alzheimer's research papers have cited a 2006 study as a basis for their work. Unfortunately, that paper is now under investigation for research misconduct. Dr. Matthew Schrag, the whistleblower of the alleged falsified paper, explains the issue and what it means for future research. |
