WGIG  
Quarterly Issues/Programs List

---

WGIG provides its listeners with programming and public service announcements that address issues of concern to our local community.

-Extreme income disparity and poverty in our community leave education of our youth and their health and well-being a concern for many

-As the home of several Superfund sites, and a place that is to be affected by sea-level rise, we are concerned about the environment

-The environmental issues lead to our concern for the overall public health

-Economic opportunities and tourism are an issue in the city

-Lots of tourists in our area mean we are concerned about traffic and road safety issues as well
