ABC NEWS PROGRAMS – Second Quarter, 2016

WHAT WOULD YOU DO?

Friday, June 17, 2016 (premiere)

Hidden-camera fan-favorite returns this summer with all-new scenarios capturing unsuspecting people's reactions to everyday situations. These scenarios elicit new and sometimes surprising reactions, but what does not change is the incredible response to anchor John Quiñones when he appears on camera to ask about each person's split-second and often surprising decision-making process.

- A customer is bullying a supermarket employee with Down syndrome. Will customers step up and defend him or go about their business?
- A mother and her two daughters enter a local donut shop. The mother refuses to let one of her daughters get a donut because the girl is "overweight." Will onlookers intervene or let this mother parent her children the way she chooses?
- A mother and her children are shopping in a supermarket when the children begin to misbehave. To discipline this behavior the mother begins spraying a bottle of water in the kids' faces. Will onlookers support this mother's decision or be outraged?
- A pharmacist is loudly disclosing potentially embarrassing information about one of the people waiting online at prescription pick-up. Will someone tell the pharmacist to quiet down or will everyone listen in?
- A young girl is testing out a demo video game in the store when two boys begin harassing her, telling her "girls can't play video games." Will any of the customers come to the young girl's defense?

Friday, June 24, 2016

- **Surrogate Mom:** A surrogate mom excitedly tells the parents-to-be she is carrying twins, but they want only one baby and refuse to take the second one. How will bystanders react when the parents tell the surrogate to get rid of one of the babies?
- **Drunk Cab Driver:** A cab driver gets drunk on his lunch break and tries getting behind the wheel to continue his shift. How will bystanders react?
- **Overwhelmed Caregiver:** Our actors are a woman and her elderly mother, who needs help doing everything. Traci is at her wit's end – all of the emotion she's bottled up about having to care for her mom boils up and overflows. She complains to her mother about being overwhelmed, and her mother reacts nastily, saying things like, "I'm the one who should be overwhelmed. You're stupid and forgetful." What will people do?
- **Teacher/Student:** A teacher is out with her student helping him "study" when some inappropriate PDA between them starts up. They begin to discuss their relationship, and there seems to be something more going on between them than just tutoring. Do others speak up to protect the boy or stay quiet?
- **Eating Disorder:** Three teen girls are eating lunch together. One of the girls is curious how the other two stay so skinny despite the bad food they eat. They admit to her that they binge and purge, and they encourage her to do the same. How will other diners react to the two "skinny" girls pressuring their friend to take up their unhealthy habit?

"20/20" reports on the explosive Tom Fallis murder trial in Colorado. Fallis was accused of murdering his wife Ashley after it was originally ruled a suicide in 2012. She doggedly got a local news reporter to investigate, who, two and a half years later, found people who came forward to say they had heard incriminating statements that night –leading to a new investigation and an indictment. ABC News correspondent Ryan Smith reports.

Michele Harris, a mother of four young children, disappeared without a trace from her luxurious home in upstate New York. Many believed the 35-year-old had run away. The couple had been going through a contentious divorce while still living under the same roof. Cal Harris has been tried four times for Michele's murder, two convictions were overturned on appeal, and one resulted in a mistrial. Just last Tuesday Harris was acquitted of all charges after the fourth trial. Now, he speaks to ABC News' Matt Gutman.

20/20: IN AN INSTANT

Saturday, June 18, 2016 (premiere)

"In an Instant" does more than just re-tell heart-pounding first-person accounts of the world's most harrowing tales of survival; it brings them to life with breathtaking dramatizations of the moments before and after life was forever changed. The powerful series features trials and triumphs from every angle and includes gripping first-person interviews with the people who lived to tell their stories, and those who were instrumental in helping them survive.

Tragedy in Tornado Alley

- On May 20, 2013 the Storm Prediction Center issued a tornado watch for Eastern Oklahoma; two hours later storm spotters confirmed that an EF5 tornado had touched down and was ripping across the state towards the city of Moore, where school was in session. Teachers at Plaza Towers Elementary donned brave faces while bracing the students for impact. Talking for the first time ever on television, teacher Jennifer Doan, whose Plaza Towers class was the hardest hit, shares her very personal story of tragedy and triumph left in the tornado's wake.

Murder in the Maternity Ward

- Jae Lowder checked into Alta View Hospital expecting to have a baby, but soon she was caught in a violent hostage crisis.
- Rick Worthington, himself a father of eight, had burst into the hospital demanding to find the doctor who performed a tubal ligation surgery on his wife two years earlier. Worthington erroneously claimed the doctor performed the procedure without his wife's knowledge or consent while she was sleeping.
- New mom Cindy Tovey could only listen to the scene outside her room unfold in terror since she could not move, temporarily paralyzed from the waist down after a C-section. Like Jae Lowder, she spent agonizing hours wondering if her newborn was safe.
- Glade Curtis was the doctor Worthington came to kill. He was at Alta View that night and called 911 after doing what he could to get babies out safely. But no one did more to keep moms and babies alive than the nurses, including Margie Wyler, who helped a mom deliver her baby during the crisis, and Karla Roth, who sacrificed her own life in a brave attempt to wrestle a gun away from Worthington.
