Litton's Weekend Adventure Line-Up 3rd Quarter 2014

- Jack Hanna's Wild Countdown
- Ocean Mysteries with Jeff Corwin
- Born to Explore
- Sea Rescue
- The Wildlife Docs
- Expedition Wild

All programs in Litton's Weekend Adventure are weekly half-hour E/I programs and are primarily intended for children 13-16.

Jack Hanna's Wild Countdown

Wildlife expert and animal ambassador, Jack Hanna, brings the viewer face-to face with the best of the beasts. In this weekly half-hour series that will engage viewers 13-16, as well as the whole family, Jack highlights his favorite animals and adventures from around the world. Presented in countdown style, Jack offers up a different 'top ten' each week in a variety of categories.

What are the top ten 'fastest animals in Africa,' 'tallest insects,' 'biggest eaters,' 'smartest birds'...Jack will answer all of these questions and more. As Jack reveals the categories, he gives further insights and interesting facts about the animals allowing viewers of all ages the opportunity to be entertained as well as learn more about the fascinating animal kingdom in Jack Hanna's Wild Countdown.

Ocean Mysteries with Jeff Corwin

The half-hour weekly series, Ocean Mysteries, offers a fresh approach to the quest for aquatic understanding by blending stories of fascinating sea creatures, comparisons to popular land animals, and analogies to human experience.

Hosted by Jeff Corwin, Ocean Mysteries is produced for ages 13-16 - and beyond -by showing how animals share the same behaviors, challenges and triumphs that humans do. From exciting rescues of abandoned animals to unexpected conflicts in the 'family dynamics' of the mingling species, viewers will get to know – and care- about these heroes, and all of the fascinating life teeming in our oceans.

Born to Explore

Developed and produced for 13- 16 year olds, the world's cultures and its geographical wonders come alive as the youngest president in Explorers Club history, Richard Wiese, takes viewers on a globetrotting adventure. While developed for 13-16 year olds, Born to Explore is engaging for the whole family. In this weekly half-hour series, Richard uncovers amazing facts of nature and manmade treasures.

In Born to Explore, Richard Wiese takes the role of the ultimate Social Studies teacher to a new level, bringing the viewing audience to the places and people of our world who form our cultures. Whether he climbs Mount Kilimanjaro, explores why people live at the base of an active volcano, or travels down the Nile River, viewers will travel the world without leaving their homes.

Sea Rescue

The half-hour weekly series, *Sea Rescue*, features the rescue, rehabilitation and – in many instances - release back into the wild of ocean wildlife. Produced for ages 13-16, *Sea Rescue* offers educational and entertaining television by demonstrating the welfare and medical benefits that rescue and rehabilitation programs provide animals. Viewers will also learn that there's a reciprocal benefit: rescued animals provide valuable insight into their biology and ecology. This information adds to the pool of knowledge necessary to conserve threatened and endangered species.

Each week, *Sea Rescue* will leave its audience inspired by the real-life stories of the featured animals and rescuers and with a fuller understanding of the rich array of sea life with which we share our planet.

The Wildlife Docs

The half-hour weekly series, *The Wildlife Docs*, produced for ages 13-16 follows the surprising, exotic, and challenging lives of a veterinary staff that cares for over 2,000 animals. From nutrition to treatments, x-rays to surgery, preventative care to emergencies, this educational and information program will allow viewers to witness a kaleidoscope of wild experiences through the eyes of our Veterinary Team. Unpredictable events unfold giving viewers a glimpse of the enormity, variety, and quality of treatment that sets the standard for animal care.

Expedition Wild

Produced for ages 13-16, this educational and informational program is hosted by wildlife expert Casey Anderson and showcases his charismatic animal companions on an innovative and action-packed odyssey through North America's wild places — revealing a rare glimpse into the beauty and complexity of the natural world. Viewers will follow Casey on a series of breathtakingly wild adventures: he'll paddle the Grand Canyon, ski with Wolverines in British Columbia, observe Mountain Lions in Montana, stake out the scavengers of Yellowstone, investigate a raven's nest, observe Polar Bears on Alaska's northern slope, and climb to rugged extremes in pursuit of Northern Maine's Black Bears – bringing audiences a rare and personal experience with endangered species, some deadly, others dashing, in the stunning natural ecosystems that they call home

CALM Act Certification [Version to Provide to MVPDs]

This is to certify that:

1. Pursuant to Section 76.607(a)(3) of Title 47 of the Code of Federal Regulations, all commercial advertisements and promotional announcements embedded in programs produced by **Litton Entertainment** are in compliance with the loudness control practices contained in Advanced Television Systems Committee (ATSC) A/85: Recommended Practice: Techniques for Establishing and Maintaining Audio Loudness for Digital Television ("ATSC A/85 Recommended Practice") at the point of distribution by the **Litton Entertainment** to any cable operator or other multichannel video programming distributor that distributes this programming.
2. Compliance with the ATSC A/85 Recommended Practice is determined by the **Litton Entertainment** through the use of equipment and associated software that is installed, utilized and maintained in a commercially reasonable manner.
