ACLU statement on transgender children	4/5/21	ROS	1M	Break Point

National Issue- John Stonestreet discusses a recent statement by the ACLU on transgender children. "Most of the time, the ACLU, is not friendly to Christian ideals. Last week, however, they got one right...unintentionally. 'Trans children are perfect exactly as they are,' tweeted the legal organization. This attempt to affirm the new progressive doctrine actually communicates the opposite. Transactivists insist that children, or anyone, who struggles with gender dysphoria...[should] 'be their true selves' by altering their bodies, blocking their natural development through puberty, and sterilizing them with medication and surgery. In other words, what the ACLU really thinks is that trans children are not perfect the way they are."

National Issue- In this episode of the National Crawford Roundtable the hosts look at the shooting of Daunte Wright and the ongoing trial of Derek Chauvin. What, if any, charges should be file against her?
