

List of Issues for Q2 2015
KIKU-TV
Honolulu, Hawaii

In accordance with 47 CFR 73.3526 (e)(11)(i) of the Federal Communications Commission's rules¹, the station has prepared this report to identify the programs that have provided the station's most significant treatment of community issues during the preceding three month period.

Section I: Issues

The station has identified the following as significant issues facing our community this quarter:

1. Asian Culture in Hawaii – Asians comprise 57% of Hawaii's total population and ethnic Filipinos are now the largest segment of Hawaii's Asian community, representing 25% of all Asians and 14.5% of Hawaii's total population. Coverage of Filipino and Japanese news and events keeps Hawaii's ethnic population in touch with news of importance to them and helps preserve cultural ties.
2. Hawaiian culture – Hawaii's people seek to preserve the legacy of its language and culture, including sports and arts.
3. Providing Opportunities for Filipinos in Hawaii – Many Filipinos in Hawaii trace their roots to immigrants who came to Hawaii to work in the sugar and pineapple plantations. Today, the Filipino community is still largely working class, with many in labor and service jobs. It is important to provide education, resources, and role models for young Filipinos to realize the opportunities available to them.

¹73.3526(e)(11)(i) TV issues/programs lists. For commercial TV and Class A broadcast stations, every three months a list of programs that have provided the station's most significant treatment of community issues during the preceding three month period. The list for each calendar quarter is to be filed by the tenth day of the succeeding calendar quarter (e.g., January 10 for the quarter October--December, April 10 for the quarter January--March, etc.) The list shall include a brief narrative describing what issues were given significant treatment and the programming that provided this treatment. The description of the programs shall include, but shall not be limited to, the time, date, duration, and title of each program in which the issue was treated. The lists described in this paragraph shall be retained in the public inspection file until final action has been taken on the station's next license renewal application.
