Dear Ladies and Gentlemen:

As you know, KDVR-TV is the primary network affiliate of the FOX Television Network for the Denver television market. Recently, we entered into an amendment to our affiliation agreement that protects KDVR-TV against the simultaneous and non-simultaneous duplication of FOX network programming from another television station through the term of that agreement, which expires on July 14, 2018. The terms of our network non-duplication rights are set forth in the attachment.

KDVR-TV broadcasts regularly scheduled Fox Television Network programming during the following time periods:

Monday-Saturday	7:00 – 9:00 pm MT
Sunday	6:00 – 9:00 pm MT
Weekend, All Star & Post Season Sports (including pre-game and post-game shows)	

From time to time, KDVR-TV broadcasts Fox network programs in additional time slots, including news, sports, pre- and post-game shows, and awards programs.

FCC rules prevent local cable systems from carrying the signal of any other television station when such other station broadcasts FOX programming. If your cable system has been honoring KDVR-TV's network exclusivity rights, we thank you for your cooperation and request that you continue these efforts through the duration of our affiliation agreement. If your cable system has not been honoring KDVR-TV's rights (for example, by importing out-of-market FOX signals), we hereby assert our right to require your cable system to begin providing program exclusivity at the earliest practical date, but in no event later than sixty days from your receipt of this letter.

Please contact me if you have any questions concerning KDVR-TV.

Sincerely,

Peter Maroney
President and General Manager

Enclosure

AMENDMENT TO FOX BROADCASTING COMPANY ("FOX")
STATION AFFILIATION AGREEMENT REGARDING
NETWORK NONDUPLICATION PROTECTION

For and in consideration of their mutual undertakings, the undersigned parties hereby agree to amend their Station Affiliation Agreement as follows to accommodate the Federal Communication Commission's ("FCC") revised network nonduplication rules:

Licensee shall by the terms of this Amendment be entitled to invoke protection within the geographic zone described herein against the duplication of FOX programming by any other analog or digital television signal carried by a Multichannel Video Programming Distributor against which and to the extent Licensee is entitled to assert nonduplication protection under the Communications Act, the Satellite Home Viewer Extension and Reauthorization Act of 2004, including any amendments thereto, and any successor or replacement law or statute ("SHVERA") and the rules and regulations of the FCC. Such right shall apply to all FOX programming for the duration of the FOX Station Affiliation Agreement for Station KDVR-TV ("Station"), the term of which commences on July 14, 2008. For the duration of said Affiliation Agreement, Licensee's rights shall apply to both simultaneous and non-simultaneous duplication; provided, however, that each time, if any, that FOX elects to extend the duration of said Affiliation Agreement for an additional one (1) year period, pursuant to said Affiliation Agreement, FOX may elect, in its sole discretion, to terminate this Amendment (while extending said Affiliation Agreement) effective as of the expiration of the then-current contract period under said Affiliation Agreement, by written notice given to Licensee at the time FOX makes said election to extend said Affiliation Agreement. Licensee shall be entitled to invoke nonduplication protection in the area within 35 miles of the FCC's reference point for Denver, CO and, if Station is in a Hyphenated Market for purposes of FCC nonduplication rules, in the area within 35 miles of the FCC's reference point for each other Designated Community within such Hyphenated Market; provided, however, that Licensee shall not invoke said nonduplication protection beyond the boundaries designated as the Denver, CO Designated Market Area ("DMA") as defined by Nielsen.
