

**WLOS(TV) Third Quarter 2018 Children’s Television
Programming Report Explanatory Document**

In the Children’s Television Programming Report for Third Quarter 2018, WLOS(TV) inadvertently omitted the descriptions for some of the core programs the station aired that quarter. Because stations are no longer able to amend previously filed quarterly Children’s Television Programming Reports, and consistent with the FCC’s Form 303-S instructions, WLOS(TV) is providing information here that would have otherwise been provided in its Third Quarter 2018 Children’s Television Programming Report.

Program Title	Rock the Park
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program follows hosts Jack Steward and Colton Smith, as they come face to face with nature in America’s national parks. Viewers will learn about the wonders of nature and the variety of wild animals that inhabit America. The hosts’ adventures may inspire viewers to visit and explore the vast resources the national parks.

Program Title	Wild America
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The key objective of this program is to familiarize children with the animals of the North American continent, their interaction with other animals, and their environment. Throughout the series, emphasis is placed upon protecting endangered species and the impact that humans have while interacting in their environment. The goal of this program is for the viewer to achieve a greater understanding of nature and specific animal species, with the aid of up-close and detailed photography throughout the program. Through this understanding, it is hoped that viewers will better relate to the natural environment in North America and learn to protect North America’s animal species.

Program Title	Jewels of the Natural World
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program is an educational nature program, which provides viewers the opportunity to explore wild animals up close, particularly the various animals throughout Africa. Children will have the opportunity to observe the various animals in their natural habitat and will learn about the struggle for survival of Africa's most iconic animal species. Episode examples include the migration of wildebeests, lions on the Serengeti plains, and threats to elephant.

Program Title	Rescue Me with Dr. Lisa
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program is about a veterinarian's mission to match orphaned pets with new owners and new homes. Episode examples include finding a dog for a mother and her two young daughters; and, overcoming the challenge of finding a dog for a family who doesn't know what they want. Children will learn what it takes to be a responsible pet owner.

Program Title	Get Wild
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program is based at the world-famous San Diego Zoo and features notable animal experts teaching children the living habits and unique behaviors of wild animals. Episode examples include: learning how experts studying adult orangutans learn how they raise their young; and explains the Panda's living patterns.

Program Title	Wild World
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program is based at the San Diego Zoo and focuses on showing how zoo enrichment programs help animals initiate natural behavior. This program teaches children about animal behavior and the importance of providing an enriching environment for animals in our care.

Program Title	The Wildlife Docs
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program follows the surprising, exotic and challenging lives of a veterinary staff that cares for over 2,000 animals. The viewer will witness a variety of wild experiences through the eyes of the veterinary team, such as nutrition, treatments, x-rays, surgery, preventive care and dealing with emergencies. Through this program, the viewer will be given a glimpse of the enormity, variety and quality of treatment that sets the standard for animal care.

Program Title	All In with Laila Ali
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Former professional boxer, Laila Ali, scours the globe to find some of the world's most compelling stories. The program steps off the beaten track into uncharted territory profiling inspirational people, groundbreaking achievements and extraordinary lifestyles. Whether through sports, culture, travel or adventure, this program inspires its audience to go ALL IN on their dreams.

Program Title	The Brady Barr Experience
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This action-packed series documents the work of Herpetologist Dr. Brady Barr, who has traveled the globe and worked with hundreds of scientists to study some of the world's most dangerous and endangered amphibious predators – alligators and crocodiles. Dr. Brady's life work has been to protect these powerful animals. By increasing the viewer's knowledge and understanding, Barr hopes to save both human and reptile lives.

Program Title	Expedition Wild
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Wildlife expert Casey Anderson showcases his charismatic animal companions on an innovative and action-packed odyssey through North America's wild places. Through this program, viewers will have a rare glimpse into the beauty and complexity of the natural world. Viewers will follow Casey on a series of adventures, such as paddling the Grand Canyon, skiing with wolverines in British Columbia, observing mountain lions in Montana, staking out the scavengers of Yellowstone, investigating a raven's nest, observing polar bears on Alaska's northern slope, and climbing rugged extremes in pursuit of Maine's black bears. These adventures will bring the viewer a rare experience with endangered species - some deadly, others dashing, in the stunning natural ecosystem they call home.

Program Title	Food for Thought
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The program’s young host, Claire Thomas, shows viewers how everyday life can inspire culinary creations. In each episode, Claire shows how food can be used as a tool to explore new places, meet new people and learn about new cultures. The inspiration for the food prepared on the program can come from family, friends, or people asking for her expertise. No matter how exotic or familiar the location, Claire is always in search of new tastes. While teaching the viewer how to prepare the particular inspired dish, she also promotes a healthy attitude towards food and life.

Program Title	Outback Adventures
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This educational and informational program is hosted by animal expert and wildlife park operations manager, Tim Faulkner. Viewers can watch and learn as Tim showcases the beauty and wonder of the natural world. Audiences will gain a better understanding of wildlife as Tim explores the habitats and adventures of creatures of all sizes, including a giant Galapagos tortoise, a baby wombat, the flying fox, and even a newly discovered species of birds.

Program Title	The Real Winning Edge
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program features young people who have been chosen to be profiled because of their adoption of pro-social values and principles. The particular youth featured is interviewed by a celebrity in the same talent field. This program shows the viewer that honesty, loyalty, hard work, self-discipline and balancing school work with social activities and friends, and developing a sense of purpose in his/her life, all combine to help the viewer stand against influences which could hurt him/her or others.

Program Title	Dragonfly TV Sports
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program highlights children engaged in projects with real hands-on experience and demonstrates practical applications of mathematics and science, in particular, as it relates to individual sports or sporting activity. Children learn a variety of scientific disciplines within a particular sport and challenges them in critical thinking and problem solving skills, while providing valuable information to reach answers. Each sports-related episode is engaging, entertaining and educational in structure, allowing children to investigate science on their own.

Program Title	Future Phenoms
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Hosted by Pat Summerall, this program takes viewers coast-to-coast and in-depth with the brightest young athletes in sports. The series profiles high school athletes who have overcome personal adversity to pursue their dreams. The athletes are recognized for their classroom achievements, as well as their contributions in extracurricular activities. The importance of dedication, discipline, commitment to academics, and community involvement are spotlighted as part of the athletes' success. The stories strive to inspire viewers to pursue knowledge and a healthy, active lifestyle, despite any personal difficulties.

Program Title	Sports Stars of Tomorrow
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program showcases the hard work and dedication required to be a true sports star. Chronicled are the trials and tribulations of young athletes as they strive to become top level performers in the sports arena. This program helps viewers realize that with hard work and determination, their goals in life and on the playing field are attainable. Key values such as dedication, discipline, commitment and community involvement are reinforced in each episode. The program also provides in-depth stories that reveal the important challenges and lessons that mold young athletes. Through these stories, viewers learn that while many desire greatness on the grand stage of competition, much can be learned through the journey that can make a significant difference throughout their lives.

Program Title	Sports Lab
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program showcases a wide range of sports, helping children gain a better understanding of many sports and the scientific elements at work in each sporting activity. Whether it's hitting a baseball to determine its acceleration off a bat or why a certain technique increases running speed, this program looks into the science involved within the sport. Episode examples include explaining the science of soccer, horse dressage, track, tennis, cricket and trampoline.
