Synopsis: Topics Discussed on Today’s Program:

Topic: Today on Insight, John and Josh Rosenstern discuss an Indiana court case involving a male teenager who is transgendering to a female and wanted his parents to use his proper pronouns, but they would not. The trial court decided to remove the child out of his home, and the Supreme Court decided to let that court-ruling stand. Brother Josh says he believes there were other deciding health factors besides psychological concerns for the 16 year old. Brother Josh is afraid the increase in these types of cases will be exploited, and will infringe on the future rights of parents, and in the end, cause more harm to children.
