Subject: NewsNation FCC Closed Captioning Compliance Certification for Q1 2022

This letter certifies that during the **1st Quarter of 2022**, based on certifications received from its program providers/syndicators, the video programming either aired on or provided by NewsNation satisfies the captioning requirements of FCC Rule 79.1(b) and the caption quality standards of FCC Rule 79.1(j)(2) (accuracy, synchronicity, completeness and placement), except as noted below:

On January 3, 2022 8pm ET Dan Abrams Live and 12am ET Dan Abrams Live (encore) aired without captioning due to a technical problem during a system maintenance reboot

On January 3, 2022 10pm ET Banfield and 2am Banfield (encore) aired without captioning for the first 40 minutes due to a technical problem caused by a system maintenance reboot

The technical issue causing the above captioning omissions have been resolved. NewsNation will continue to closely monitor our captioning process to prevent future omissions.
