QUARTERLY ISSUE/PROGRAM TOPIC REPORT JULY, AUGUST, SEPTEMBER 2023 THE STATE OF WISCONSIN EDUCATIONAL COMMUNICATIONS BOARD

Attached Reports Represent Q3 of 2023

ECB Radio Stations WLBL (AM/FM), WHAA (FM), WHAD (FM), WHBM (FM), WHDI (FM), WHHI (FM), WHLA (FM), WHSF (FM) and WHWC (FM) are affiliates of the WPR Ideas Network

ECB Radio Stations WERN (FM), WHWA (FM), WHND (FM), WHRM (FM), WHSA (FM), WPNE (FM), WSSU (FM), and WSSW (FM) are affiliates of the WPR News and Classical Network

During the period, this station, as part of the network that makes up Wisconsin Public Radio, has served the public interest by producing and broadcasting diverse content which addresses national, statewide and regional issues. The following is a list of some of the produced or acquired programming or news stories aired in response to areas of concern to listeners served by Wisconsin Public Radio.

ISSUES OF COMMUNITY CONCERN:

- AGRICULTURE
- ECONOMY
- EDUCATION
- ENVIRONMENT
- HEALTH
- POLITICS
- SOCIAL ISSUES

| The Ideas Network Quarterly Issues and Programs List July, August, September 2023 | | |
|--|------------------|---------------|
| AGRICULTURE | PROGRAM | DATE |
| Is Wisconsin experiencing a flash drought? First, | The Morning Show | 7/6/23 @ 8 am |
| we talk to local farmers about drought conditions | | |
| affecting crop yields. Then, a UW-Madison | | |
| researcher shares insight on flash droughts and | | |
| their effect on agriculture. (Duration: 43 min, 28 | | |
| sec) | | |
| Farmers across the Midwest are again dumping | Central Time | 7/17/23 @ 3 |
| volumes of milk down the drain as an oversupply | | pm |
| floods the markets. We talk with UW-Madison | | |
| Extension's Dairy Markets and Policy Outreach | | |
| specialist about what's causing the milk surplus | | |

| and how long it may last. (Duration: 21 min, 16 sec) | | |
|---|---------------------------|----------------------|
| We discuss \$12.7 million in new grant funding that aims to improve the cultivation of nut, fruit and timber crops in the Midwest. (Duration: 22 min, 24 sec) | The Morning Show | 7/20/23 @ 7:30 am |
| The law firm connected with the state's largest business lobby, Wisconsin Manufacturers & Commerce, has sued the state arguing that it is unlawfully regulating large animal farms. We talk with a water specialist from Clean Wisconsin about how animal farms are regulated and what's at stake. (Duration: 22 min, 25 sec) | The Morning Show | 7/24/23 @ 7:30 am |
| Congress is likely to reapprove an OSHA policy that leaves the vast majority of animal agriculture workers without oversight or protection. A reporter for Civil Eats shares insights from their award-winning investigation into the ill-supervised industry. (Duration: 18 min, 10 sec) | The Morning Show | 8/1/23 @ 7:30 am |
| U.S. Sen. Tammy Baldwin recently introduced legislation aiming to lower seed prices for farmers and increase the diversity of food and livestock. A leader of the Wisconsin-based advocacy group Family Farm Defenders discusses the bill, which would provide \$75 million in research grants. (Duration: 18 min, 28 sec) | The Morning Show | 8/3/23 @ 7:30 am |
| There are many small creameries across Wisconsin producing cheese, butter and other products. We talk with two people involved in those operations. (Duration: 22 min, 22 sec) | The Larry Meiller Show | 8/24/23 @ noon |
| A \$50 million grant project is underway at Edge Dairy Farmer Cooperative, one of the largest dairy co-ops in the country. The CEO explains how the company is using federal funds to implement eco-friendly farming practices. (Duration: 20 min, 58 sec) | The Morning Show | 9/1/23 @ 7 am |
| We take a look at what's in the Farm Bill, a massive five-year omnibus covering farming, rural communities, food assistance programs and more, as the September 30 deadline approaches. (Duration: 16 min, 27 sec) | Central Time | 9/13/23 @ 4 pm |

| Originally passed during the Great Depression, the Farm Bill has vast power over food and farming in our country. It has been criticized for favoring large industries and inadequately addressing hunger and sustainable farming. We talk with a congressman from Oregon about his alternative. (Duration: 20 min, 56 sec) | The Morning Show | 9/14/23 @ 7 am |
|---|------------------|---------------------|
| ECONOMY | PROGRAM | DATE |
| Conservatives have criticized what they call | The Morning Show | 7/11/23 @ 7 |
| "woke capitalism" as an attack on the American | The Welling Shew | am |
| economy and "Americans' economic freedom." | | |
| But an economic journalist explains why | | |
| investments that prioritize "environmental, social | | |
| and governance" issues generally fail to do what | | |
| they promise. (Duration: 20 min, 56 sec) | | |
| More than a dozen states have taken steps to | The Morning Show | 7/12/23 @ 8 |
| remove unnecessary degree requirements for jobs | | am |
| in public service. We speak with the head of the | | |
| La Follette School of Public Policy and a labor | | |
| researcher to learn how private and public | | |
| employers can help millions of workers break the 'paper ceiling.' (Duration: 43 min, 36 sec) | | |
| The Great Resignation may be slowing down and | Central Time | 7/13/23 @ 4 |
| baby boomer retirements and remote work | Contrar Time | pm |
| continue to reshape the job scene. We'll look at | | r |
| the latest trends in jobs and what it all means for | | |
| people looking for new jobs or hoping to stay in | | |
| the one they have. (Duration: 21 min, 7 sec) | | |
| A new survey conducted by Wis. Manufacturers | Central Time | 7/19/23 @ 3:30 |
| & Commerce shows that less than half of | | pm |
| Wisconsin businesses plan to hire new employees | | |
| over the next six months. At the same time, the | | |
| survey shows that fears of a future recession have | | |
| slightly declined in that same group over the last | | |
| six months. We talk to an economic growth and development expert, as well as a representative | | |
| from the WMC, about the results of the survey. | | |
| (Duration: 22 min, 5 sec) | | |
| U.S. Sen. Tammy Baldwin is among several | The Morning Show | 8/3/23 @ 8 am |
| legislators behind a new bill aiming to lower the | The management | 3. 2. 22 (3) 6 4711 |
| cost of homeownership. The bill disincentivizes | | |
| big real estate investors from dominating local | | |
| housing markets. Experts explain how the bill | | |

| could affect Wisconsin real estate. (Duration: 43 | | |
|---|-------------------|----------------|
| min, 23 sec) | | |
| | | |
| | | |
| | | |
| We talk to an organization in Stevens Point that | The Morning Show | 8/9/23 @ 8 am |
| received a \$4 million grant from the U.S. Dept. of | _ | |
| Labor for the workforce re-entry services it offers | | |
| to people in the criminal justice system. We | | |
| discuss the need for similar programs and other | | |
| solutions with the Wisconsin ACLU president. | | |
| (Duration: 43 min, 24 sec) | | |
| Wisconsin uses more robots in manufacturing | The Morning Show | 8/22/23 @ 7 |
| than almost any other state, according to a new | J | am |
| report from the National Bureau of Economic | | |
| Research. We talk with one of the report's | | |
| authors about how using robots in factories | | |
| affects jobs and productivity. (Duration: 20 min, | | |
| 57 sec) | | |
| The new BIPOC & Trans Program manager at the | The Morning Show | 8/22/23 @ 7:30 |
| Wis. LGBT Chamber of Commerce explains how | C | am |
| the organization is exploring and implementing | | |
| best practices to support the needs of transgender | | |
| business owners of color. (Duration: 18 min, 41 | | |
| sec) | | |
| Pres. Biden has continued Trump-era tariffs and | Central Time | 9/7/23 @ 4 pm |
| deviated from previous Democratic | | |
| administrations with aspects of his trade policy. | | |
| An international trade economist joins us to | | |
| compare the current president's approach to | | |
| previous administrations. (Duration: 43 min, 34 | | |
| sec) | | |
| University of Toronto researchers say | The Morning Show | 9/15/23 @ 7 |
| Milwaukee's downtown recovery since the onset | | am |
| of the COVID-19 pandemic ranks among the best | | |
| in the Midwest. We speak with the co-author of | | |
| the study to learn why some cities are recovering | | |
| better than others. (Duration: 20 min, 54 sec) | | |
| | | |
| | | |
| EDUCATION | PROGRAM | DATE |
| For many reasons, current learning environments | The Larry Meiller | 7/3/23 @ 11:45 |
| are not ideal for students. Our guest says by | Show | am |
| utilizing the performing, visual, and multimedia | | |
| arts we can rethink learning, teaching and | | |
| curriculum. (Duration: 33 min, 27 sec) | | |
| curriculum. (Duration: 33 min, 27 sec) | | |

| Research has found that the pandemic led to significant learning loss, based on measures | Central Time | 7/5/23 @ 4 pm |
|--|------------------|-----------------|
| including pass rates and standardized testing. We | | |
| discuss what that learning loss looks like and how | | |
| schools around the country are trying to recoup | | |
| what students have missed. (Duration: 16 min, 25 | | |
| sec) | | |
| Last week, the U.S. Supreme Court ruled that | The Morning Show | 7/6/23 @ 7:30 |
| race-conscious admissions policies at colleges | | am |
| and universities are unconstitutional. We talk | | |
| with a reporter from The Chronicle of Higher | | |
| Education about how the ruling could reshape | | |
| higher education. (Duration: 22 min, 42 sec) | | |
| After the U.S. Supreme Court overturned a Biden | Central Time | 7/21/23 @ 4 |
| administration program for student loan relief, | | pm |
| Pres. Biden is out with an alternative plan. The | | |
| Dept. of Education is calling the Saving on | | |
| Valuable Education plan the "most generous" | | |
| repayment program of its kind. A UW-Madison | | |
| education professor gives an update on federal | | |
| student loan policy. (Duration: 42 min, 28 sec) | | |
| Even if you haven't learned a second traditional | Central Time | 8/8/23 @ 3:30 |
| language, you are probably still fluent in more | | pm |
| than one type of communication. We talk with a | | |
| language expert about how math, poetry and | | |
| other ways of thinking unleash the brain in the | | |
| same way as learning a language in school. | | |
| (Duration: 21 min, 39 sec) | | |
| Twenty years ago, a Wisconsin state agency | The Morning Show | 8/11/23 @ 8 |
| sought to improve the teaching of English to non- | | am |
| native speaking K-12 students. WIDA is now the | | |
| standard for English proficiency testing in more | | |
| than 40 states. We talk to WIDA's founder and | | |
| director, and two Wisconsin educators about the | | |
| program. (Duration: 43 min, 20 sec) | | |
| A new school year is quickly approaching. We | The Morning Show | 8/18/23 @ 8:30 |
| check in with a pediatrics expert from UW- | | am |
| Madison about how to best prepare children | | |
| mentally and physically. (Duration: 22 min, 24 | | |
| sec) | ~ | 0/04/00 0 0 0 0 |
| The rate of turnover among Wisconsin teachers is | Central Time | 8/21/23 @ 3:30 |
| rising to new levels as the school year is set to | | pm |
| begin. An education professor joins us to look at | | |
| what is driving the turnover and what impacts | | |
| that has. (Duration: 22 min, 36 sec) | | |

| College can be challenging for everyone, but first | The Larry Meiller | 9/7/23 @ 11:45 |
|--|-------------------|----------------|
| generation students face unique roadblocks in their experiences. Dr. Ruttanatip "Dang" | Show | am |
| Chonwerawong joins to talk about first-time | | |
| college goers and the support systems they need | | |
| in their lives. (Duration: 33 min, 10 sec) | | |
| Artificial intelligence and ChatGPT give students | Central Time | 9/14/23 @ 3 |
| the power to generate full essays at the click of a | | pm |
| button. We talk to a high school teacher about | | |
| how we need to change the way we approach English classes and assign writing to students. | | |
| (Duration: 16 min, 40 sec) | | |
| (Duration: 10 mm; 40 sec) | | |
| | | |
| ENVIRONMENT | PROGRAM | DATE |
| When Wisconsin last experienced El Niño | The Morning Show | 7/11/23 @ 7:30 |
| weather conditions from February to August | | am |
| 2019, the conditions were relatively mild. This | | |
| year, El Niño showed up earlier than expected. A | | |
| meteorologist and a forecaster explain how El | | |
| Niño might affect Wisconsin over the next nine to 12 months. (Duration: 22 min, 26 sec) | | |
| A panel of scientists are saying the planet is | Central Time | 7/12/23 @ 3 |
| entering a new geologic epoch for the first time in | Central Time | pm |
| civilization's history: the Anthropocene. It's also | | P···· |
| the first era sparked by humanity's planetary | | |
| impact. We talk with a UW-Madison | | |
| Environmental Studies associate professor about | | |
| the effects of humanity on the planet. (Duration: | | |
| 20 min, 37 sec) | | |
| New research from the U.S. Geological Survey | The Morning Show | 7/18/23 @ 7:30 |
| finds that PFAS may be in at least 45 percent of | | am |
| the nation's tap water. An analyst from the | | |
| nonprofit Environmental Working Group breaks down the numbers and recent research on some of | | |
| the best water filters to reduce PFAS in drinking | | |
| water. (Duration: 18 min, 20 sec) | | |
| Tribal nations and conservationists are working to | The Morning Show | 7/26/23 @ 7:30 |
| restore wild rice that has previously flourished on | C | am |
| Wisconsin's Spur Lake in Oneida County. We | | |
| examine why this site is significant to tribal | | |
| communities and how climate change is | | |
| influencing growth efforts. (Duration: 22 min, 28 | | |
| sec) | | |
| | | |

| becoming harder to deny the effects of climate change. We talk with a climate researcher about how close we are to climate collapse and what it means for life on Earth. (Duration: 20 min, 58 sec) Each year, thousands of trout, walleye and salmon are released into the Great Lakes. They're part of the Wis. Dept. of Natural Resources' decades-long stocking efforts. We learn more about fish stocking with a scientist from the DNR. (Duration: 35 min, 7 sec) Living on the precipice of climate change triggers a string of agonizing ethical dilemmas: Should you have children? Should you eat meat? Should you travel abroad? How long should you run your Ac? We get tips for living during this precarious time from The Washington Post's Climate Coach. (Duration: 43 min, 26 sec) A Wisconsin farm is the first to sell a new tree that promises to remove significant amounts of excess carbon dioxide from the atmosphere. We talk with the owner of the farm and a representative of the university that developed the tree to learn more about its potential to help the cervironment. (Duration: 20 min, 59 sec) Wisconsin's most polluted rivers are getting cleaned up thanks to data collected from a 13-year study of wildlife, aquatic plants and the water quality of wetlands throughout the Great Lakes Basin. Two Wisconsin researchers join us to explain how the research and cleanup efforts are connected. (Duration: 22 min, 25 sec) We take a look at a new U.Nbacked report finding that invasive species are costing the world more than \$423 billion per year and playing a role in 60 percent of extinctions. (Duration: 22 min, 25 sec) HEALTH A recent Pew Research Center survey finds widespread discomfort about the prospect of | | | T |

| MIT to learn how technological advances may impact medicine. (Duration: 43 min, 38 sec) | | |
|---|---------------------------|-----------------------|
| Teeth grinding and jaw clenching are becoming more common due to the increased amount of stress people are under, says an assistant professor in the Marquette University School of Dentistry. We talk with Dr. Yasser Khaled about facial pain. (Duration: 34 min, 42 sec) | The Larry Meiller Show | 7/11/23 @ 11:45 am |
| According to Newsweek, the UW Carbone Cancer Center is listed as the top cancer hospital in Wisconsin for 2023. We learn about the hospital's latest work, including prostate MRI's and proton therapy. Then, an oncologist shares her clinical trial research focused on gastrointestinal cancer therapy. (Duration: 43 min, 26 sec) | The Morning Show | 7/14/23 @ 8 am |
| July is National Minority Mental Health Awareness Month and many people of color in Wisconsin aren't receiving adequate mental health care. We talk to a UW Health psychiatric consultant about the prevalence of the issue and possible solutions. (Duration: 21 min, 22 sec) | Central Time | 7/19/23 @ 3 pm |
| Makers of insulin are dropping prices as sought by the Biden administration. We discuss access to new insulin delivery devices and more effective diabetes treatments with an endocrinologist and a certified nurse practitioner. (Duration: 43 min, 23 sec) | The Morning Show | 8/2/23 @ 8 am |
| We talk to two researchers about the current increase in Covid cases, the fall Covid booster and the latest on long Covid. (Duration: 16 min, 25 sec) | Central Time | 8/2/23 @ 4 pm |
| Even before the pandemic, about half of U.S. adults reported feelings of loneliness. We learn about the impact loneliness has on our mental and physical health, plus get some strategies to build social connections. (Duration: 37 min, 35 sec) | The Larry Meiller Show | 8/8/23 @ 11 am |
| Wisconsin researchers are tracking resistance to antibiotics to better understand how to treat infections. We learn more about what they've found and how it could impact our healthcare. (Duration: 16 min, 48 sec) | Central Time | 8/14/23 @ 3:30 pm |

| Endometriosis is an often painful disease that affects an estimated 10 percent of women and girls of reproductive age globally. But despite being relatively common, it takes endometriosis patients an average of 10 years to get a diagnosis—and even longer to find treatment options that work. A filmmaker shares what went into making a new documentary about endometriosis and a medical specialist answers questions about finding endometriosis care in Wisconsin. (Duration: 21 min, 55 sec) | Central Time | 9/6/23 @ 3 pm |
|---|---------------------------|----------------------|
| If you've been to physical therapy, you know that you might get homework. Your therapist gives you an exercise plan to follow that will help strengthen your body. We talk about the importance of sticking with that plan, plus managing lower back pain. (Duration: 1 hr, 13 min, 16 sec) | The Larry Meiller Show | 9/18/23 @ 11 am |
| | | |
| POLITICS | PROGRAM | DATE |
| The biennial state budget will provide \$3.6 million in aid to counties in northern Wisconsin. Republican Sen. Romaine Quinn, who represents the region, shares his views on education funding and tax cuts. Plus, we learn more about his latest bills addressing abortion. (Duration: 21 min) | The Morning Show | 7/17/23 @ 7 am |
| Two recently introduced Republican bills would ban transgender athletes from participating in sports consistent with their gender identities. We speak with the Legislature's LGBTQ+ caucus chair, state Sen. Mark Spreitzer, D-Beloit, about proposed legislation at the state Capitol. (Duration: 20 min, 57 sec) | The Morning Show | 7/24/23 @ 7 am |
| This week, the balance of power on Wisconsin's Supreme Court swings from conservative to liberal control. We discuss the implications of this change with a retired political scientist who previously advised the court on redrawing Wisconsin's election maps. (Duration: 22 min, 26 sec) | The Morning Show | 7/31/23 @ 7:30 am |
| A Congressional committee is investigating the president's son, Hunter Biden, as he faces prosecution in criminal cases. A political science and law expert joins us to look at the legal cases | Central Time | 7/31/23 @ 3:30 pm |

| A WPR reporter and a former state supreme court | | |
| justice lay out what's at stake. (Duration: 22 min, | | |
| 25 sec) | | |
| 20 500) | | 1 |

| The author of a new book walks us through how the cable industry came to be such a dominant force in American politics, from Watergate to Fox News. (Duration: 21 min) | Central Time | 9/19/23 @ 4 pm |
|--|---------------------------|----------------------|
| | | |
| SOCIAL ISSUES | PROGRAM | DATE |
| We look at why many young Black men go straight from school to prison. Our guest was once one of them and his new book tells his story and looks at ways to change the system. (Duration: 37 min, 53 sec) | The Larry Meiller Show | 7/3/23 @ 11 am |
| How can the richest country in the world have more poverty than any other industrialized democracy? That is the question Matthew Desmond aims to answer in his new book, "Poverty, by America." We speak with Desmond on who profits off the poor and how to abolish poverty. (Duration: 43 min, 38 sec) | The Morning Show | 7/4/23 @ 8 am |
| The U.S. Supreme Court ruled that a business owner was within her first amendment rights to deny services to a same-sex couple. A law professor and LGBT rights expert joins us to explain the case and what precedent it sets. (Duration: 21 min, 50 sec) | Central Time | 7/10/23 @ 3:30 pm |
| Northwestern University fired its head football coach after a recent hazing scandal on his team. A professor who researches hazing joins us to explain what leads to hazing and how to stop it from happening. (Duration: 22 min, 3 sec) | Central Time | 7/17/23 @ 3:30 pm |
| A series of Meta-supported studies are finding Facebook's algorithms alone weren't responsible for harmful polarization in the 2020 presidential election cycle. But an independent audit found Meta maintained strong control over what data to provide researchers for study. We talk with the UW-Madison-based auditor about research into the power of social media algorithms and what makes an independent study. (Duration: 21 min, 54 sec) | Central Time | 8/1/23 @ 3:30 pm |
| The world's population is set to grow to 9.8 billion by 2050 and 11.2 billion by 2100, according to the United Nations. A nonprofit based in Saint Paul shares its solutions to combat human overpopulation and overconsumption. (Duration: 20 min, 54 sec) | The Morning Show | 8/2/23 @ 7 am |

|---|-----------------|----------------|
| AGRICULTURE | PROGRAM | DATE |
| Wisconsin Attorney General Josh Kaul has joined a federal partnership hoping to identify anticompetitive practices in agriculture and the food industry. Some farmer groups say a lack of choices is hurting fair prices. | Morning Edition | 7/24/23 @ 5 am |
| Continued drought in Wisconsin has many farmers nervous about their crops - especially as corn and soybean fields begin pollination. | BBC Newshour | 7/25/23 @ 3 pm |

| UW-Madison officials said last year that declining | Morning Edition | 8/14/23 @ 5 am |
|---|-----------------------|----------------|
| interest and revenue lead to the end of a historic | | |
| farm training course. A group of state lawmakers | | |
| now want to fund the program at UW-River Falls. | | |
| It's been one year since the U.S. Dept. of Agriculture | Morning Edition | 9/19/23 @ 5 am |
| announced grant funding for projects focused on a | | |
| "climate-smart" future for agriculture. | | |
| The farm bill is set to expire on September 30th | Morning Edition | 9/25/23 @ 5 am |
| without a replacement. But some Wisconsin farmer | | |
| groups say they're still hopeful Congress will take | | |
| action. | | |
| | | |
| | | |
| ECONOMY | PROGRAM | DATE |
| Wisconsinites will pay slightly less for a 4th of July | Morning Edition | 7/3/23 @ 5 am |
| cookout this year compared to 2022. | | |
| It's summer jobs season in Wisconsin, giving teens | Morning Edition | 7/28/23 @ 5 am |
| work experience. And some employers say they've | | |
| had an easier time finding seasonal workers than the | | |
| last two years. | | |
| Foxconn Technology Group is looking to sell two | BBC Newshour | 8/16/23 @ 3 pm |
| properties that were once meant to employ | | |
| hundreds of people. | | |
| Three GOP state lawmakers are circulating a proposal | All Things Considered | 8/24/23 @ 5 pm |
| that would eliminate work permits for Wisconsin's | | |
| 14- and 15-year-old job seekers. It faces opposition | | |
| from labor groups. | | |
| When people outside the state think of Wisconsin, | Morning Edition | 9/12/23 @ 5 am |
| they usually envision dairy farms and breweries. But | | |
| 15 private and public sector partners hope to add | | |
| biohealth to that list. | | |
| | | |
| EDUCATION | PROGRAM | DATE |
| | | |
| Wisconsin officials will now work to implement a bill | BBC Newshour | 7/20/23 @ 3 pm |
| to change how young students are taught to read. | | |
