#### Be an Environmental Educator with the Friends of Tryon Creek!

Have you ever wondered what it looks like when a child gets to pet a pelt for the first time? What about the thrill of helping a student discover the role of a mole in the watershed? Do you yearn to finally catch a glimpse of an owl while 10 sets of eyes excitedly follow your finger in the hopes of finding him too? Are you a lifelong learner with a passion for spreading your knowledge? If so, **you might be a Nature Guide!** Without you, thousands of students each year would miss out on the opportunity to experience the forest firsthand through educational hikes, activities and community learning experiences.

Since 1970, The Friends of Tryon Creek, in partnership with Oregon State Parks, has worked to nurture relationships with nature and connect people to Tryon Creek State Natural Area, Oregon's only urban state park. Currently, we serve approximately 5,000 students per year through our field trip program, which relies heavily on volunteer Nature Guide support. As a Friends of Tryon Creek Nature Guide, you will be leading groups of 5 to 10 students on 2-hour field trips as they explore our unique urban forest, learning about the natural and cultural history of this region. Our diverse community of volunteers enjoy a variety of skill-building and social events throughout the year, building relationships that last a lifetime.

The Friends of Tryon Creek are currently seeking enthusiastic and passionate people to be a part of this growing community and would like to invite you to register for our **FREE spring training session, to be held the last three**
