

## Position Announcement

### Job Title

Multimedia Journalist, EarthFix

### Summary

EarthFix is looking for a multimedia journalist to develop sources and enterprising story ideas on the environmental beat. The primary outlet for all work will be the EarthFix network, which includes digital/online, radio and television. This position is located in [Ashland](#), Oregon and collaborates with a team of journalists located in Portland, Seattle, Richland and Boise. This hourly, non-exempt position is a full time, regular status position with benefits.

### Position Details

#### Primary Duties/Responsibilities:

Develop sources and enterprising story ideas on the environmental beat, meeting OPB's ethical, technical, legal and aesthetic standards. The primary outlet for all work will be the EarthFix network, which includes digital/online, radio and television.

#### Working Conditions:

The reporter is based [at Jefferson Public Radio in Ashland](#), Oregon. They will divide time between an office/studio and fieldwork as needed for newsgathering, which may include travel to remote locations, working evening or weekends, and possibly working in inclement weather. Lifting and carrying equipment up to 40 lbs. is sometimes required. Some extended periods of standing and walking may be required. Frequent in-state travel and some out-of-state travel are required.

#### Required Qualifications

- Bachelor's degree in Journalism or related field.
- Three years full time experience producing news content in a deadline-oriented environment.
- Strong oral and written communication and interpersonal skills.
- Experience with social media tools such as Facebook and Twitter.
- Ability to meet deadlines and take direction.
- Ability to work independently in a remote location, as well as the ability to communicate well and work collaboratively with editors and reporters throughout the Northwest.
- Demonstrated ability to uphold high ethical standards for journalism.
- Ability and willingness to work a varied schedule.
- Enthusiasm for the role of public media in a changing journalism environment.
- Demonstrated experience in use of digital audio recording and editing equipment and software.
- Adaptable, flexible, able to carry projects forward independently with appropriate direction and judgment.
- Must thrive in a fast-paced working environment, take initiative and balance multiple priorities with speed and accuracy.

#### Preferred Qualifications

- Familiarity with environmental issues in the Northwest.

- Distinctive storytelling style.
- Demonstrated ability to produce broadcast-quality video or audio content.
- Ability to construct stories across several distribution platforms.
- Ability to shoot video and create other multimedia content for online distribution.
