Re: WHYL, Inc. (WHYL)
WHYL(AM), Carlisle, PA
Facility Identification Number: 74556
Special Temporary Authority (STA)
BESTA-20200406AAO

Dear Mr. Swidler:

This is in reference to the request filed on April 6, 2020. WHYL requests a further extension of the STA granted on September 17, 2014, as modified to continue operating from an alternate site to allow time to file the required FCC Form 301 application.¹ In support of the request, WHYL stated that additional time will be needed to file the application (due to loss of the licensed site in 2014).

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of STA IS HEREBY GRANTED, and WHYL may continue to operate with the following facilities:

¹ WHYL is licensed for DA operation on 960 kHz with 5 kW day and 0.022 kW night.

Geographic coordinates	40° 17' 23" N, 77° 08' 10" W (NAD 1927)
Frequency	960 KHz
Hours of operation	Unlimited
Operating power	1.3 kW day, 0.022 kW night
Antenna type	Existing WCAT-FM tower (ID# 74557)
ASRN	1026157
Overall height above ground	80.2 m

WHYL must reduce power or cease operation if complaints of interference are received, and use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310. WHYL must submit an e-mail to my attention to note the date the application was filed.

This authority expires on **October 28, 2020**.

Sincerely,

Joseph Szczesny, Engineer
