

WYSJ-CA
Certification as to Continuing Class A Eligibility
2016

The Commission's rules require that Class A television stations meet Class A eligibility standards, such as airing at least 18 hours of programming per day, including 3 hours per day of locally produced programming per week, and that they place documentation memorializing their compliance with those requirements in the station's public inspection file. See 47 C.F.R. 73.6001 and 73.3526(e)(17).

Based on the station's practices during the above calendar year, the station routinely was on the air 24 hours per day, and aired at least 3 hours of locally originated programming per week. Accordingly, this Certification is to memorialize the station's continuing eligibility for Class A status during the relevant calendar year.
