They said they believed in treating others as they would like to be treated doesn't apply to unborn babies, since it's not a person! Dr Bernard Nathanson helped make abortion legal, and aborted 75,000 babies, says he was converted to be prolife and Christian and made a sonogram of an abortion in "Silent Scream" demonstrating what abortion really is. Radio host Mark Davis answered a caller that "privacy" is not a constitutional justification to keep abortion legal. If we are honest, we know it is a baby and killing it is murder.

Abortion	Issues in Education	7/16/2022 3:30pm	25:00:00	We have a generation that is historically illiterate. (Cuts of college students who say they've never heard of Adolph Hitler.) The minds of people are changed from pro-abortion to pro-life by watching a documentary comparing Hitler's holocaust to America's abortion holocaust of millions of babies. Ray Comfort, producer of the film entitled "180", makes people think! Killing innocent children in abortion is similar to killing Jews in Nazi Germany. To say it's a woman's choice is comparable to saying it was Hitler's choice to kill Jews. Comparisons are so convincing that people change their minds on abortion.

International Espionage	Sekulo	7/25/2022 11am	29:00:00	In 2017, China offered to build a \$100 million pagoda in Washington D.C. However, the project was killed by federal officials when they discovered multiple red flags indicating it was actually a spying plot. The FBI has also been investigating Huawei equipment determined to be capable of receiving and disrupting American nuclear weapons communications. Jay, Jordan, and the rest of the Sekulow team discuss these latest Chinese threats.	
Marxism in Schools	Issues in Education	7/30/2022 3:30 PM	25:00:00	<u>We are witnessing a spiritual war for the future of our nation using schoolchildren as pawns. Alex Newman wrote magazine articles in The New American: Rescuing Our Children, says there is a deliberate dumbing down of children using a reading method that's a proven failure to produce a people ignorant of history and functionally illiterate. The founders of public education, Horace Mann and John Dewey, influenced the teacher's colleges so they would unwittingly follow a pattern used in communist countries, to transform America to socialism and communism. Their socialism is working to transform our nation</u>	
IRS	Sekulo	8/3/2022 11am	29:00:00	Senate Majority Leader Chuck Schumer and Senator Joe Manchin have proposed a bill titled the "Inflation Reduction Act of 2022." The bill calls for an additional \$80 billion in funding to the IRS over 10 years, adding some 87,000 new agents, and over 1 million more audits, in effect DOUBLING the size of an agency already considered by many to be the most institutionally corrupt in the Federal Government.	
First Amendment	Issues in Education	8/6/2022 3:30pm	25:00:00	The Supreme Court has made a complete paradigm shift! Now, with three Trump appointed justices on the Court, Joe Kennedy's prayers on the football field have been upheld as Constitutionally protected. The attorney who won the case, Jeremy Dys of First Liberty said, "Because of this landmark case we now have more religious freedom than any time in our life tHow to Transform Our Nationime!" Kelly Shakelford of First Liberty noted how Justice Gorsuch lambasted the school for discriminating against the coach for exercising his First Amendment freedoms. ACLJ Senior Advisor for National Security and Foreign Policy Ric Grenell joins the broadcast.	
Mentorship	Issues in Education	8/13/2022 3:30pm	25:00:00	Most Christians are unaware of the spiritual assault on our nation and don't know how to counter it. David Barton of Wallbuilders says the church has the wrong strategy by focusing on conversion and not discipleship. Jesus had huge crowds but the crowds didn't change the world. It was the dozen mentored disciples who did. The War for Independence was won with local victories. To change America we need to focus on our local battles. John Quincy Adams was mentored to become one of America's greatest Founders. David compares totalitarianism to the freedom in our republican form of government.

Dr Miriam Grossman says sex is based on chromosomes while gender has become based on subjective feelings. Prof Khiara Bridges told Sen. Josh Hawley that women who call themselves men (so-called trans-men) are capable of getting pregnant. Matt Walsh producer of What is a Woman gives a powerful speech to the Loudoun Country S.B. that they are deceiving children by saying masculine girls are boys. Psychologist Jordan Peterson refuses to call a girl a boy and vice versa.	
Socialism and Prejudice	Issues in Education	8/27/2022 3:30pm	25:00:00	Libby Emmon tells how schools are teaching racial prejudice by teaching students that their worth is based on skin color! When half the Christians don't vote, how are they being the salt Christ told us to be? Pastor Bishop EW Jackson, says, "In this country we choose our leaders. Socialism eliminates freedom and brings economic stagnation and oppression. God is not finished with America and wants to bring victory and revival if God's people do their part. Do we want socialism or limited government under our Constitution?" He gives a most powerful, passionate oration using the Bible to motivate Christians.	
FBI Investigations	Sekulo	8/31/2022 11am	29:00:00	New reports indicate the FBI is absolutely out of control. The Washington Times reported that an FBI top agent, Timothy Thibault left the Bureau amid charges of political bias regarding an investigation of Hunter Biden's infamous laptop. There are reports indicating Thibault harbors a deep-seated animus toward former Attorney General William P. Barr and President Trump.	
Critical Gender Theory	Issues in Education	9/3/2022 3:30pm	25:00:00	Increasingly, the left has used public schools to change our culture by indoctrinating naive students into believing they can be whatever gender they choose. Also cuts of filmmaker Matt Walsh saying schools need to tell the truth and stop lying to kids	
Energy Collapse	Sekulo	9/8/2022 11am	29:00:00	America and Europe face a major energy crisis. European reliance on Russian oil backfired when Russia invaded Ukraine back in February. European leaders were faced with the decision to either continue buying energy from Russia and essentially funding Putin's war effort or to refuse the Kremlin's energy and allow their respective countries to face a major energy crisis. Meanwhile, the Biden Administration's insistence on hampering American energy production has put the United States in no position to help the desperate nations of Europe. In fact, the U.S. faces serious questions about how we'll sustain our own energy needs.	

Surviving 9/11	Issues in Education	9/10/2022 3:30pm	25:00:00	<u>How would you overcome extreme fear and panic and remain calm if you were in the World Trade Center's towering inferno on 9/11, and you were completely blind? Listen to a total triumph of trust in this horrific catastrophe as a blind man. Michael Hingston, describes his miraculous survival in the face of imminent death. Michael Hingston, the national ambassador for the Braille Literacy Campaign, is the author of Thunder Dog. Although Roselle, Mike's guide dog, was intensely focused on guiding him to safety, she remained calm and even gave a firefighter a kiss on his final trip up the stairs</u>
Astronomy	Issues in Education	9/17/2022 3:30 PM	25:00:00	The heavens declare the glory of God, yet secular astronomers say distant starlight proves the universe is billions of years old. Ken Ham, founder of Answers in Genesis and author of Creation to Babel, says God created starlight seen on earth when He created the stars. Evolutionists fabricate drawings to fool naive students. Louie Giglio gives an exhilarating description of the gigantic stars compared to earth
Education	Issues in Education	9/24/2022 3:30pm	25:00:00	What is the PURPOSE of educating a child? Just to learn academics? Don't ask what kind of education is best, ask what kind of person do you want them to become? Bob Gannage says schools omit God in creation and history. He sold encyclopedias so he could educate his kids himself. RC Sproul, Jr, a home school expert, says home schooling is a joy that produces children who relate well with people of all ages. Ed Gandy built a \$4 million school and hired teachers from his church to give his church kids a Christian education. Brian Schwertley, says, "The greatest commandment is to love the Lord with your MIND."
