WLTXTV Statement - Coverage of the COVID-19 Pandemic and FLU

On a regular basis, WLTXTV fully covered the COVID-19 Pandemic from a local perspective. Our *Facts not Fear* approach was designed to give our community a full look at the facts regarding the impact of the virus. Every newscast every day had the latest information.

The station updated the community with pertinent information about Community Spread with information direct from the CDC and South Carolina Department of Health and Environmental Control.

The Flu season turned out to be more dangerous than in the past two years so special emphasis was placed on Flu vaccine and information on staying safe. Special attention was also paid to underserved areas outside of the metro area.

The station produced multiple messages urging people to be safe – wash their hands, wear a mask, and socially distance.

WLTXTV viewers received complete coverage and life-saving information throughout the quarter as WLTXTV utilized all platforms.

Local Issues Addressed During the Quarter

The following are some of the local issues of concern in the community. Programs that addressed these issues during this reporting period are listed on the following pages.

<u>Issue/Concern</u>	<u>Brief Description of the local issue or concern</u>
Health	The COVID-19 pandemic and Flu affected the lives of every South Carolina resident throughout the quarter. Even though the Community Transmission rated went down, COVID was still a major concern.
Safety	COVID-19 was one of the main stories during the quarter. Segments focused on ways to keep individuals and families safe. Our goal is to help educate to help our community deal with these issues.
Politics	Columbia is the State Capital of South Carolina and there are always political issues to deal with. This quarter, the November election was top of mind with the US Senate, Governor, and local races in play.
Crime	During the pandemic, crime did not stop – it changed a bit, but didn't stop. The station always keeps the public informed on crime and crime prevention making sure that our coverage is balanced.
Consumer	Throughout the quarter, consumers were living in a new normal where their daily routines had been disrupted. The station helped consumers learn to navigate the process, how to find deals, and finding ways to save money.
Education	Education is always top of mind as parents are very concerned about the quality of education their children are receiving. The school year was back in-person but various problems arose during the quarter.
