Dear Sir or Madam,

I am in the process of getting items for my father, for Father's Day... He enjoys rock n roll music, and I am looking for bumper stickers with rock n roll stations logos on them... I am going to use them as a border around his office ceiling and walls at home... I was wondering if you could send me bumper stickers from your radio station. He had a WMMS t shirt from Cleveland, but he wore it out... They don't play rock n roll music anymore, so he doesn't where it as often as he did... Erie has a decent rock n roll station, but nothing like yours... Hopefully you can assist me in this project...

Sincerely,

Stan Snyder
