Hey Pat.

Well Ernie called again. Very upset that no one returned his call. He said he can be reached Monday through Friday from 11a to 1p only. He did say that he has never dealt with a company that doesn't give a s#%t and doesn't care enough to know that they are off the air like we always are, let alone to return phone calls. He said 960 is the major reason why he calls, he only calls half the time now because there's just no point in calling, he just turns the dial now. No point in reiterating everything else, you already know. If you need his number again, I can resend you the last email on it.

Happy Friday!!!! ☺

Thanks!
