Program 23-27		Executive Producer:	Amirah Zaveri
Air Week: 7/2/2023		Production Manager:	Jason Dickey
SEGMENT 1:	WILL HORMONAL CONTRACEPTIVES WORSEN YOUR AUTOIMMUNE DISEASE?	Time	Duration
Synopsis:	Of the 24 million Americans with autoimmune diseases, about 80% are women. A 2020 paper in the American Journal of Nursing estimates that nearly 90% of women who could become pregnant but don't want to use contraception – which may worsen a preexisting disease. Our experts explain what to do if you fall into this category and how to safely use hormonal contraceptives.	1:50	12:47
Host:	Elizabeth Westfield		
Producer:	Kristen Farrah, Reed Pence		
Guests:	Dr. Lisa Sammaritano, Professor of Clinical Medicine, Weill Cornell Medical College; Dr. Kristen Demoruelle, Rheumatologist, Associate Professor of Medicine, University of Colorado School of Medicine; Kristy Griffin, patient		
Compliance issues:	Autoimmune Disease, Birth Control, Diabetes, Gender Issues, Patient Safety, Contraceptives, Hashimoto's Disease, Hormones, Immunocompromised, IUD, Multiple Sclerosis, Rheumatology, Thyroid		
Links:	M. Kristen Demoruelle, MD, PhD Dr. Kristen Demoruelle LinkedIn Lisa Rose Sammaritano Professor of Clinical Medicine		
SEGMENT 2:	DO YOU FEEL PRESSURED TO WORK WHILE YOU'RE SICK?	Time	Duration
Synopsis:	Though the pandemic changed a lot about traditional offices, by now many people are back working in communal spaces. While this is great for building relationships, it's also a surefire way to spread disease. Our experts discuss how office culture feeds into putting yourself and others at risk.	15:39	7:11
Host:	Nancy Benson		
Producer:	Kristen Farrah, Reed Pence		
Guests:	Richard Deosingh, District President, Robert Half International; Dr. Joseph Ladapo, Professor, University of Florida College of Medicine. State Surgeon General of Florida		
Compliance issues:	Infectious Disease, Patient Safety, Public Health, Vulnerable Populations, Employee, Flu, Office Culture, Vaccine		
Links:	Richard Deosingh - District President - Robert Half LinkedIn Joseph A. Ladapo, MD, PhD (@FLSurgeonGen) / Twitter State Surgeon General Florida Department of Health		

Program 23-28	Executive Producer:	Amirah Zaveri
Air Week:	Production Manager:	Jason Dickey
7/9/2023		

SEGMENT 1: HOW CAN WE SAVE INFANTS FROM THE EFFECTS OF OPIOID ADDICTION?	Time	Duration
<p>Synopsis: Though we've known about neonatal opioid withdrawal syndrome (NOWS) since the 1970s, there has never been a standard treatment plan across all hospitals. In fact, the scale that's used to determine a diagnosis is complicated and outdated. Experts discuss a promising new treatment approach and how to fix the root cause of NOWS.</p> <p>Host: Elizabeth Westfield</p> <p>Producer: Kristen Farrah</p> <p>Guests: Dr. Stephen Patrick, Neonatologist, Director, Vanderbilt Center for Child Health Policy, Vanderbilt University; Dr. Diana Bianchi, Director, Eunice Kennedy Shriver National Institute of Child Health and Human Development, NIH</p> <p>Compliance issues: Public Health, Vulnerable Populations, Drug Addiction, Drug Use, Infant Safety, Neonatal Intensive Care, Neonatal Opioid Withdrawal Syndrome, Opioid Crisis, Opioid Use Disorder, Standard Care</p> <p>Links: Stephen W. Patrick, MD, MPH, MS, FAAP Department of Health Policy</p> <p>Stephen Patrick, MD, MPH (@stephenwpatrick) / Twitter</p> <p>Diana W. Bianchi, MD</p> <p>Diana W. Bianchi, M.D.</p> <p>Eat, Sleep, Console Approach or Usual Care for Neonatal Opioid Withdrawal NEJM</p>	1:50	10:08

SEGMENT 2: "THERE'S NO 'NORMAL' PERSON": THE INTERSECTION OF ETHICS AND DISABILITY	Time	Duration
<p>Synopsis: Bioethicists help governments, universities, hospitals, and patients make the best possible judgement calls based on cultural and personal values. But they don't always get it right. Experts explain how the disabled community is often left behind in society, medicine, and bioethics.</p> <p>Host: Nancy Benson</p> <p>Producer: Kristen Farrah</p> <p>Guests: Dr. Jeffrey Bishop, Tenet Endowed Chair in Bioethics, Professor of Health Care Ethics, Saint Louis University; Dr. Brooke Ellison, Associate Professor, Stony Brook University, Author, Look Both Ways</p> <p>Compliance issues: Accessibility, Consumerism, Ethics, Healthcare, Medical Technology, Public Safety, Research Ethics, Bioethics, Communication Technology, Disability Rights, End of Life Care, Medical Ethics, Mobility</p> <p>Links: Brooke Ellison Center for Medical Humanities, Compassionate Care, and Bioethics</p> <p>About Brooke Ellison — Look Both Ways</p> <p>Brooke Ellison LinkedIn</p> <p>Jeffrey P. Program 23-29	Executive Producer:	Amirah Zaveri
Air Week:	Production Manager:	Jason Dickey
7/16/2023		

SEGMENT 1: BIOETHICS PART 2: SHOULD YOU HAVE THE RIGHT TO END YOUR OWN LIFE?	Time	Duration
<p>Synopsis: In this follow-up to last week's discussion on bioethics and disability, we dig into Dr. Brooke Ellison's life as a quadriplegic. Using her own experience, she explains the public policies and technological advances needed to help people with disabilities live life to the fullest. Along with Ellison, Dr. Jeffrey Bishop -- a bioethicist -- explores the many ethical decisions that surround end-of-life care.</p> <p>Host: Elizabeth Westfield</p> <p>Producer: Kristen Farrah</p> <p>Guests: Dr. Jeffrey Bishop, Tenet Endowed Chair in Bioethics, Professor of Health Care Ethics, Saint Louis University; Dr. Brooke Ellison, Associate Professor, Stony Brook University, Author, Look Both Ways</p> <p>Compliance issues: Accessibility, Consumerism, Ethics, Healthcare, Medical Technology, Public Safety, Research Ethics, Bioethics, Communication Technology, Disability Rights, End of Life Care, Medical Ethics, Mobility</p> <p>Links: Brooke Ellison Center for Medical Humanities, Compassionate Care, and Bioethics About Brooke Ellison — Look Both Ways Brooke Ellison LinkedIn Jeffrey P. Bishop, M.D., Ph.D. : SLU Jeffrey Bishop - Tenet Endowed Chair in Health Care Ethics - Saint Louis University LinkedIn</p>	1:50	10:49

SEGMENT 2: IS PSYCHEDELIC THERAPY THE FUTURE OF MENTAL HEALTH TREATMENT?	Time	Duration
<p>Synopsis: Compass Pathways is leading the charge for psychedelic therapy. The research is currently in stage three trials and is expected to receive FDA approval in the next few years. An expert explains how the treatment works and if the therapy will be covered by insurance.</p> <p>Host: Nancy Benson</p> <p>Producer: Kristen Farrah</p> <p>Guests: Dr. Steve Levine, Senior Vice President for Patient Access and Medical Affairs, Compass Pathways</p> <p>Compliance issues: Consumerism, Depression, Healthcare, Mental Health, Therapy, Medical Insurance, Psilocybin, Psychedelic Therapy, Psychedelics</p> <p>Links: Steve Levine, MD LinkedIn NIMH » Sequenced Treatment Alternatives to Relieve Depression (STAR*D) Study Single-Dose Psilocybin for a Treatment-Resistant Episode of Major Depression NEJM Psilocybin</p>	13:41	9:12

Program 23-30	Executive Producer:	Amirah Zaveri
Air Week: 7/23/2023	Production Manager:	Jason Dickey

SEGMENT 1: "WE LIVE IN AN AGEIST SOCIETY": HOW TO ENJOY OLD AGE	Time	Duration
<p>Synopsis: Everyone ages, so why are so many of us not prepared to grow old? Dr. Rosanne Leipzig, a gerontologist, says most of her patients don't know what changes to expect in their old age – and often fight against the inevitable transition. She explains what's normal, what's not, and how to enjoy your later years in life.</p> <p>Host: Elizabeth Westfield</p> <p>Producer: Kristen Farrah</p> <p>Guests: Dr. Rosanne Leipzig, Professor and Vice Chair, Education of the Brookdale Department of Geriatrics and Palliative Medicine, Icahn School of Medicine at Mount Sinai, Author, Honest Aging</p> <p>Compliance issues: Ageism, Aging, Bone Density, Bone Health, Botox, Geriatrics, Hearing Aids, Injectable Filler, Public Health, Public Transportation, Social Infrastructure, Social Pressure, Suicide, Stigma</p> <p>Links: Rosanne M Leipzig - Internal Medicine Mount Sinai - New York Rosanne Leipzig Rosanne M Leipzig MD PhD (@leipzig_rm) / Twitter</p>	1:49	12:29

SEGMENT 2: ARE YOU PROTECTED FROM TICK-BORNE DISEASES?	Time	Duration
<p>Synopsis: Summer is a season of activities, but it's also the favorite season of blood-sucking bugs like ticks. Do you know how to best protect yourself, your family, and your pets? Dr. Bobbi Pritt explains which repellants are worth your money, and the most effective way to remove a tick to avoid diseases.</p> <p>Host: Nancy Benson</p> <p>Producer: Kristen Farrah, Tabor Brewster</p> <p>Guests: Dr. Bobbi Pritt, Professor of Laboratory Medicine and Pathology and Director of Clinical Parasitology, Mayo Clinic</p> <p>Compliance issues: Autoimmune Disease, Bug Repellent, Deet, Infection, Lyme Disease, Mosquitoes, Parasites, Pathology, Picaridin, Public Safety, Tick-Borne Disease, Vector-Borne Disease</p> <p>Links: Bobbi S. Program 23-31	Executive Producer:	Amirah Zaveri
Air Week:	Production Manager:	Jason Dickey
7/30/2023		

SEGMENT 1: HONORING NAZI DOCTORS AND CRIMINALS: THE DARK SIDE OF MEDICAL EPONYMS	Time	Duration
--	------	----------

Synopsis: Eponyms honor people who discover diseases, treatments, and procedures. You may be familiar with ones like Alzheimer's disease, named after Alois Alzheimer, or Hodgkin's lymphoma, discovered by Thomas Hodgkin. However, Our experts explain how eponyms can go awry and place honor on criminals or even the wrong person.	1:50	10:51
--	------	-------

Host: Elizabeth Westfield

Producer: Kristen Farrah

Guests: Dr. Sabine Hildebrandt, Associate Professor of Pediatrics, Boston Children's Hospital & Harvard Medical School; Dr. Eric Matteson, Professor Emeritus of Medicine, Mayo Clinic

Compliance issues: Ethics, History, Medical History, Vulnerable Populations, Eponyms, Gynecology, Medical Culture, Nazi Party, People of Color in Medicine, Vasculitis, Women in Medicine

Links: [Sabine Hildebrandt | Global Health and Social Medicine](#)
[Eric L. Matteson, MD, MPH, Section Editor, Rheumatology](#)

SEGMENT 2: HIGH-RISK PREGNANCY? BED REST MAY NOT BE THE ANSWER	Time	Duration
--	------	----------

Synopsis: Bed rest is one of the most common interventions prescribed for high-risk pregnancies, but does it work? There's no research that proves bed rest prevents preterm labor, however multiple studies show that this intervention harms a woman's physical and mental health. Our experts break down the evidence and explain alternative interventions.	13:43	8:36
--	-------	------

Host: Nancy Benson

Producer: Kristen Farrah, Polly Hansen

Guests: Dr. Michelle Mottola, Embryologist & Professor, Schulich School of Medicine and Dentistry, University of Western Ontario, Director of the Exercise and Pregnancy Laboratory, R. Samuel McLaughlin Foundation; Dr. Cynthia Gyamfi-Bannerman, Professor & Chair of Obstetrics, Gynecology, and Reproductive Sciences, University of California San Diego, President-Elect, Society for Maternal-Fetal Medicine; Aileen Weintraub, Author, Knocked Down

Compliance issues: Bed Rest, Birth, Depression, High Blood Pressure, Patient Safety, Pregnancy, Public Health, Vulnerable Populations, Gestational Diabetes, High-Risk Pregnancy, Labor, Obstetrics

Air Week:	Production Manager:	Jason Dickey
8/6/2023		

SEGMENT 1: HIDDEN HEART DISEASE: WHAT MAKES A HEALTHY, 33-YEAR-OLD HAVE A STROKE?	Time	Duration
<p>Synopsis: Bicuspid Aortic Valve is a rare heart condition that's twice as likely to affect men. While it can be easily managed on its own, BAV can lead to hidden, secondary conditions that may cause heart malfunction. An expert explains the signs and symptoms to watch out for, and what to do if you're diagnosed with BAV.</p> <p>Host: Elizabeth Westfield</p> <p>Producer: Kristen Farrah</p> <p>Guests: Dr. Chris Malaisrie, Attending Cardiac Surgeon, Northwestern Medicine, Professor of Surgery, Northwestern University; Alexander McKeown, BAV & Aortic Aneurysm Patient</p> <p>Compliance issues: Cardiac Surgery, Mental Health, Patient Safety, Vulnerable Populations, Congenital Heart Disease, Genetic Conditions, Heart Health, Open Heart Surgery, Rare Disease, Stress, Stroke</p> <p>Links: S. Christopher Malaisrie, MD Northwestern Medicine S Chris Malaisrie (@ChrisMalaisrie) / Twitter LinkedIn: Alexander C. McKeown</p>	1:49	10:48

SEGMENT 2: KITCHEN CHEMISTRY: IS ASPARTAME TOO GOOD TO BE TRUE?	Time	Duration
<p>Synopsis: Aspartame has been studied for more than 40 years, but people are still skeptical of its safety. The World Health Organization recently released a report that reaffirms the sweetener's safety and didn't find any evidence of cancer-causing properties. Experts break down the new research and explain the effects of having aspartame in your diet.</p> <p>Host: Nancy Benson</p> <p>Producer: Kristen Farrah</p> <p>Guests: Dr. John Sievenpiper, Professor of Nutritional Sciences and Medicine, University of Toronto; Dr. Daniele Wikoff, Principal Scientists & Director of Health Sciences Practice, ToxStrategies</p> <p>Compliance Issues: Alternative Sweeteners, Aspartame, Cancer, Carcinogens, Consumerism, Diabetes, Nutrition, Obesity, Public Health, Public Safety, Diet Soda, Healthy Lifestyle, Sugar, Weight Loss</p> <p>Links: Wikoff, Daniele, Ph.D. ToxStrategies LinkedIn: Daniele Wikoff John Sievenpiper Department of Nutritional Sciences - University of Toronto LinkedIn: John Sievenpiper</p>	13:38	9:19

Program 23-33	Executive Producer:	Amirah Zaven

8/13/2023		

SEGMENT 1: HAVE WE CHEATED NATURAL SELECTION?	Time	Duration
<p>Synopsis: Natural selection is the driving force behind evolution and has helped humanity survive for thousands of years. But now that we've invented objects that let us dive deep in the ocean or live in Antarctica, have we cheated this ancient process? An expert reveals how natural selection works and how humans may be its best ally.</p> <p>Host: Elizabeth Westfield</p> <p>Producer: Kristen Farrah</p> <p>Guests: Dr. Steve Reilly, Assistant Professor of Genetics, Yale School of Medicine</p> <p>Compliance issues: Biology, DNA, Evolution, Genomics, Neurology, Public Health, Genealogy, Genetic Sequences, Humanity, Mammals, Natural Selection, Neurons, Stem Cells, Survival</p> <p>Links: Steven Reilly, PhD LinkedIn: Steven Reilly Reilly Lab The functional and evolutionary impacts of human-specific deletions in conserved elements</p>	1:50	11:38

SEGMENT 2: MERCURY HATS, ARSENIC DRESSES, AND POISONED SHOES: TOXIC FASHION	Time	Duration
<p>Synopsis: Clothes have always been a main form of non-verbal communication, but is this display of individuality worth the cost of our health? Alden Wicker, author of To Dye For, exposes the fashion industry's frequent use of harsh and toxic chemicals that are serious threats to our health.</p> <p>Host: Nancy Benson</p> <p>Producer: Kristen Farrah</p> <p>Guests: Alden Wicker, Award-Winning Journalist & Author, To Dye For, Founder, EcoCult</p> <p>Compliance issues: Allergic Reactions, BPA, Consumerism, Public Health, Chemical Intolerance, Chemical Reactions, Clothing Industry, Fashion, Mercury, Rash, Respiratory Disease, Sensitive Skin, Toxic Chemicals, Uniforms</p> <p>Links: Alden Wicker EcoCult Alden Wicker LinkedIn Alden Wicker (@AldenWicker) / Twitter</p>	14:30	8:25

Program 23-34	Executive Producer:	Amirah Zaveri
Air Week: 8/20/2023	Production Manager:	Jason Dickey

SEGMENT 1: REVEALING THE HIDDEN SYMPTOMS AND STIGMAS SURROUNDING BRAIN INJURIES **Time** **Duration**

Synopsis: Traumatic brain injuries can range from mild to severe, but there are symptoms that may not show up until months or years after the incident. Personality changes, hallucinations, and delusions are all common occurrences. Dr. Sandeep Vaishnavi, a cognitive neuroscientist, reveals the best practices to heal from a TBI, including meditation and nutrition. 1:50 **11:58**

Host: Elizabeth Westfield

Producer: Kristen Farrah

Guests: Dr. Sandeep Vaishnavi, Cognitive Neuroscientist, Faculty Network Member of the Duke Institute for Brain Sciences, Duke University, Co-Author, Healing The Traumatized Brain

Compliance issues: Anxiety, Delusions, Depression, Mental Health, Neuroscience, Patient Safety, Vulnerable Populations, Cognitive Behavioral Therapy, Concussions, Frontal Lobe, Hallucinations, Neuroplasticity, Traumatic Brain Injury

Links: [Sandeep Vaishnavi | Duke Department of Medicine](#)

[Healing the Traumatized Brain | Hopkins Press](#)

SEGMENT 2: EVOLUTION PT.1: HOW OUR ANCESTRY IS REVOLUTIONIZING PRECISION MEDICINE **Time** **Duration**

Synopsis: Science has come to learn that one treatment plan or medication won't work the same for every patient. We need to tailor every dosage and application specifically for each person to have the best results. Our expert this week explains that in order to move into this new era of medicine, we need to take a look back at our evolutionary path. 14:50 **8:08**

Host: Nancy Benson

Producer: Kristen Farrah

Guests: Dr. Tony Capra, Associate Professor of Epidemiology and Biostatistics, University of California San Francisco

Compliance issues: Ancestry, Bacteria, Evolution, Healthcare, Precision Medicine, Race, Virus, Disease, Genealogy, Genetic Sequences, Heart Disease, Immune System, Invention, Natural Selection, Travel

8/27/2023		

SEGMENT 1: SICKLE CELL DISEASE: AN EVOLUTIONARY PROTECTION TURNED DEADLY	Time	Duration
<p>Synopsis: Sickle cell disease is the most common genetic disease in America. Red blood cells become crescent-shaped and die much earlier than healthy cells. Oddly enough, the cause of this disease stems from an evolutionary advantage against malaria. Our experts explain the health and financial burdens of sickle cell disease.</p> <p>Host: Elizabeth Westfield</p> <p>Producer: Kristen Farrah</p> <p>Guests: Dr. Russell Ware, Pediatric Hematologist, Director of Hematology, Cincinnati Children’s Hospital Medical Center; Dr. Grace Onimoe, Pediatric Hematologist-Oncologist, Cleveland Clinic, Board Member, American Sickle Cell Anemia Association</p> <p>Compliance issues: Blood Disorder, Evolution, India, Public Health, Vulnerable Populations, Genetic Disorders, Infants, Pharmaceuticals, Sickle Cell Anemia, Sickle Cell Disease, Sickle Cell Trait, Southeast Asia, Sub-Saharan Africa</p> <p>Links: LinkedIn: Dr. Grace Onimoe American Sickle Cell Anemia Association Sickle Cell Disease Association of America Russell E. Ware, MD, PhD</p>	1:50	11:47

SEGMENT 2: EVOLUTION PT.2: IS THE SUCCESS OF HUMANITY BASED ON LUCK?	Time	Duration
<p>Synopsis: Last week Dr. Tony Capra, an epidemiologist, explained how evolution protected our ancestors based on their environments. Today, we’re breaking down how this same genetic history affects our current biological makeup – including our vulnerability to disease: where it comes from and why we haven’t yet evolved to be fully protected from illness.</p> <p>Host: Nancy Benson</p> <p>Producer: Kristen Farrah</p> <p>Guests: Dr. Tony Capra, Associate Professor of Epidemiology and Biostatistics, University of California San Francisco</p> <p>Compliance issues: Ancestry, Bacteria, Biology, Evolution, Genetics, Healthcare, Immune System, Precision Medicine, Race, Virus, Disease, Genealogy, Invention, Natural Selection, Travel</p> <p>Links: The influence of evolutionary history on human health and disease Nature Reviews Genetics Capra Lab Capra Lab (@capra_lab) / X Codirector Tony Capra, PhD</p>	14:39	7:44

Program 23-36	Executive Producer:	Amirah Zaven
Air Week: 9/3/2023	Production Manager:	Jason Dickey

SEGMENT 1: "YOU DON'T DESERVE TO BE TOLERATED": HEALING FROM TOXIC RELATIONSHIPS	Time	Duration
<p>Synopsis: Many of us have experienced a toxic relationship at one point in our lives – whether we were the aggressors or the victims. Jaime Mahler, a psychotherapist, specializes in helping people move past this relationship pattern. She explains how to notice when you're in an unhealthy situation and how to start your journey of healing.</p> <p>Host: Elizabeth Westfield</p> <p>Producer: Kristen Farrah</p> <p>Guests: Jaime Mahler, Licensed Psychotherapist, Author, Toxic Relationship Recovery</p> <p>Compliance issues: Communication, Mental Health, Relationships, Therapy, Vulnerable Populations, Abusive Relationship, Coping Strategies, Defense Mechanisms, Emotional Behavior, Psychotherapy, Self-image, Survival</p> <p>Links: Jaime Mahler, MS, LMHC (@recollectedself) • Instagram photos and videos</p> <p>Toxic Relationship Recovery Book by Jaime Mahler Official Publisher Page Simon & Schuster</p> <p>Jaime - Licensed Therapist (@recollectedself) TikTok</p>	1:50	11:37

SEGMENT 2: IS THERE SUCH THING AS A 'SAFE' AMOUNT OF CAFFEINE FOR TEENS?	Time	Duration
<p>Synopsis: Energy drinks have only gotten more popular since their creation in 1949. Today, many products market to younger audiences through sweet flavors like 'tropical punch' or 'blue raspberry' that contain up to 200 milligrams of caffeine. Doctor Holly Benjamin, a professor of pediatrics, discusses the dangers of adolescents consuming high amounts of caffeine.</p> <p>Host: Nancy Benson</p> <p>Producer: Kristen Farrah, Tabor Brewster</p> <p>Guests: Dr. Holly Benjamin, Professor of Pediatrics & Orthopedic Surgery and Rehabilitation Medicine, University of Chicago</p> <p>Compliance issues: Addiction, Adolescents, Caffeine, Diet, Mental Health, Patient Safety, Public Safety, Vulnerable Populations, Energy Drinks, Overdose, Stimulants, Sugar</p> <p>Links: Holly J. Program 23-37	Executive Producer:	Amirah Zaveri
Air Week: 9/10/2023	Production Manager:	Jason Dickey

SEGMENT 1: CAN WE FIX OUR HEALTHCARE SYSTEM WITHOUT STARTING FROM SCRATCH?	Time	Duration
--	------	----------

Synopsis:	America’s healthcare system is full of patchwork legislation. Some experts say we should keep pushing forward with the status quo, while others want to completely rebuild from the ground up. And though many universal healthcare proposals skew more toward left-wing politics, Dr. Amy Finkelstein, a professor of economics, has a plan that aims to please both sides of the political divide.	1:49	10:05
------------------	--	------	-------

Host: Elizabeth Westfield

Producer: Kristen Farrah, Tabor Brewster

Guests: Dr. Amy Finkelstein, Professor of Economics, Massachusetts Institute of Technology, Author, We’ve Got You Covered; Dr. Jonathan Oberlander, Professor and Department Chair of Social Medicine, University of North Carolina Chapel Hill School of Medicine

Compliance issues: Consumerism, Economics, Health Insurance, Patient Safety, Politics, Public Health, Public Policy, Deductible, Medicaid, Medicare, Universal Healthcare

SEGMENT 2: THE ‘PERFECT PREGNANCY’ DOESN’T EXIST: CHILDBIRTH THROUGHOUT HISTORY	Time	Duration
---	------	----------

Synopsis:	Modern technology has saved countless pregnancies. Instead of mothers worrying if they’ll survive childbirth, they’re now able to focus on the child they’re expecting – which Dr. Lara Freidenfelds, a historian, says has shifted our view of pregnancy. Dr. Lara Freidenfelds explains how our mindset has changed over time and the repercussions that follow.	12:56	9:55
------------------	--	-------	------

Host: Nancy Benson

Producer: Kristen Farrah

Guests: Dr. Lara Freidenfelds, Historian of Health, Reproduction, and Parenting in America, Author, The Myth of the Perfect Pregnancy

Compliance issues: American Population, Consumerism, Contraception, Pregnancy, Technology, Family, Marketing, Miscarriage, Parenthood, Pregnancy Loss, Pregnancy Test, Smart Phones, Youth at Risk

SEGMENT 1: HOW WILL THE AFFIRMATIVE ACTION BAN AFFECT HEALTHCARE?	Time	Duration
---	------	----------

Synopsis:	The US Supreme Court recently voted to ban affirmative action, a topic that's been debated for decades. Our experts break down how this will affect medical school enrollment, as well as the healthcare career opportunities for minority populations.	1:50	11:28
Host:	Elizabeth Westfield		
Producer:	Kristen Farrah, Polly Hansen		
Guests:	Dr. Dayle Davenport, Associate Dean for Health, Equity, Diversity, and Inclusion, Pritzker School of Medicine, Emergency Medicine Physician, University of Chicago Medical Center; Dr. Mark Henderson, Professor of Internal Medicine, Associate Dean for Admissions, UC-Davis School of Medicine; Dr. Geoffrey Young, Senior Director for Transforming the Health Care Workforce, Association of American Medical Colleges

SEGMENT 2: HOW TO PROTECT YOURSELF FROM AIR POLLUTION	Time	Duration
---	------	----------

Synopsis:	Wildfire smoke has affected cities across America, but it's not the only reason for our poor air quality. Polluted air leads to 7 million deaths each year worldwide, according to the World Health Organization, so how can you protect yourself? Dr. Nikki Vars McCullough, a respiratory expert, gives advice on how to stay safe even when inside your home.	14:20	8:04
Host:	Nancy Benson		
Producer:	Kristen Farrah
