

## **Closed Captioning Certificate**

All programming distributed by the National Educational Telecommunications Association's program service ("NETA") complies with the closed captioning requirements established by the Federal Communications Commission as embodied in 47 C.F.R. § 79.1, including regulations concerning closed captioning quality.

Programming provided by NETA complies with these regulations by either:

- (ii) adopting and following the "Video Programmer Best Practices" set forth in 47 C.F.R. § 79.1(k)(1); or
- (iii) being subject to one or more of the captioning exemptions set forth in 47 C.F.R. § 79.1(d),

including programming for which the audio is in a language other than English or Spanish and that is not scripted programming that can be captioned using the "electronic news room" technique; interstitial material, promotional announcements, and public service announcements that are 10 minutes or less in duration; and/or programming that consists primarily of non-vocal music.
