treatment for this skin disease.

INFORME ESPECIAL Sunday August 9, 2020 7:00am Half-hour
Dr. Sheila Justiniano – Clinical Psychologist – talks about depression and the difference between sadness and depression. Sadness is feeling down or unhappy in response to grief, discouragement, or disappointment. Depression is characterized by persistently depressed mood or loss of interest in activities, causing significant impairment in daily life. The persistent feeling of sadness or loss of interest that characterizes major depression can lead to a range of behavioral and physical symptoms. These may include changes in sleep, appetite, energy level, concentration, daily behavior, or self-esteem. Depression can also be associated with thoughts of suicide.

INFORME ESPECIAL Sunday September 20, 2020 7:00am Half-hour
Dr. Sheila Justiniano – Clinical Psychologist – talks about stress, the response to emotional pressure suffered for a prolonged period in which an individual perceives they have little or no control. Many factors can trigger a stress response, including dangerous situations and psychological pressures, such as work deadlines, exams, and sporting events. Chronic stress puts pressure on the body for an extended period. This can cause a range of symptoms and increase the risk of developing certain illnesses. Sheila also talks about managing stress:
Understanding the signs and symptoms, and Identifying triggers
Speaking to friends and family
Exercising regularly and Improving sleep quality
