

PUBLIC FILE

WLIV AM 920 & WLIV FM 104.7

Guest: Mayor Curtis Hayes

Agency: Town of Livingston

Subject: Recreational Opportunites This Summer

Livingston Mayor Curtis Hayes was interviewed by WLIV's Roger Ealey about the recreational activities and opportunities that are available this summer to residents and visitors alike.

The Mayor outlined the various venues for such leisure-time activities such as Livingston City Park with its public swimming pool which recently received a grade of 99 out of 100 for cleanliness on its recent inspection. With the earlier-than-normal arrival of hot temperatures in our area, the Mayor said City Pool has been experiencing record numbers of swimmers.

The Mayor also talked about the new Livingston Central Park – which will feature events throughout the summer and into early fall. According to Mayor Hayes, the splash pad is again open for another summer of kiddy fun. The much attended “Central Park At Dark” free summer movie series is back for 2019 and was one of the activities Mayor Hayes talked about.

The Mayor was also invited to keep our listeners updated on events as they happen this summer by way of other interviews on this radio station. WLIV AM & FM will air future information and/or interviews to keep our community in the know.

Placed in the public file JUNE 9, 2019.
This SECOND quarter, 2019 program material was carried on:
