In the year 2014, there were a total of 215 confirmed cases of child abuse in Overton county. Upon learning of this by way of information provided to us by CASA – Court Appointed Special Advocates – we immediately began a series of announcements alerting the public of this tragedy in our community and encouraging public participation in a special meeting on April 16, 2015 at 4 PM at the Overton county courthouse.

The abuse of helpless and defenseless children is an issue in many communities around the world – and – unfortunatly is an issue here at home.

Our script is attached along with the information provided to us by CASA.

We believe that helping our community to be safer place for children is typical of the year-round, always alert and on-going very best efforts of this broadcaster.

Placed in the public file on 16 (day) of April,
2015.
