

PUBLIC FILE

WLIV AM 920 & WLIV FM 104.7

PUBLIC AFFAIRS TOPIC: Moving Forward After the Quarantines
GUEST: Dr. Kenneth Beaty, Livingston Family Healthcare

As America and our community look toward the easing of restriction and the end of Shelter In Place orders, residents must focus on how to live their lives going forward – once life returns to a new “normal”.

Doctor Kenneth Beaty, physician with Livingston Family Healthcare was our guest on WLIV AM and FM FOCUS COMMUNITY public affairs feature to tell listeners how to be safe as they resume more activities.

Dr, Beaty stressed that, going forward, we all need to continue to practice the good washing and hygiene habits we've developed during the coronavirus pandemic. Dr. Beaty stressed the continued frequent washing of hands, use of hand sanitizer, staying home when you're sick, avoiding sick people, and continuing the social distancing we've come to accept and practice.

Both WLIV AM 920 and WLIV FM 104.7 carried FOCUS ON COMMUNITY.....airing it over a period of several days and in different dayparts in order to reach the maximum number in audience size.

Knowing this information is important as our community begins its return to normal life, WLIV AM and WLIV FM reached out to Doctor Kenneth Beaty to be our guest on FOCUS ON COMMUNITY.

Placed in the public file 4-22-, 2020.
This second quarter 2020 program material was carried on:
