PUBLIC AFFAIRS TITLE: Summer Library Offerings
SUBJECT: Promoting Reading

Summer is a time for leisure and fun activities but it can also be a time for continued learning and exploring the world through the offerings of the local public library.

Many local residents use the local public library's many resources but many more often fail to take advantage of the opportunities available at the library to learn about new peoples, new countris, new cultures, new subjects.

Through the great resources of our local library, young and old alike can - through books and other media meterials - explore new interests and learn much more about olt topics they have long held an interest in.

Our local library offers both printed and aucio/visual resources. The staff and volunteers there are always so helpful to all who come to the library.

The local library is a treasure trove for knowledge-seekers and is very much an asset to our community.

Through our public affairs campaign, we hope to increase the interest in and use of our public library this summer.

For the SECOND QUARTER, 2013
