## WLIV AM 920 & WLIV FM 104.7

The deadline for paying county property taxes is February 28, 2019. Taxes are payable at the office of Overton County Trustee Peggy Clark Smith in the Courthouse Annex.

WLIV's interview with Mrs. Smith was conducted to make local property owners aware of the coming deadline (Feb. 28) so that taxes can be paid without penalty.

In our interview, the Trustee also mentioned ways her office works with taxpayers to help avoid creating financial hardships. Mentioning that some residents need to wait for their income tax refund, Mrs. Smith stressed that her office works to help taxpayers avoid and hardship created by the need for additional money with which to pay property taxes.

She also mentioned that – although unpaid taxes will be subject to interest charges – the current taxes will remain in her office and can be paid there for a period of time past the 2/28 deadline (with additional interest due up to the time taxes are paid).
