

# PUBLIC FILE

**WLIV AM 920 & WLIV FM 104.7**

**When the Overton County Habitat for Humanity asked the Cookeville Habitat to take the oversight for operation of the local office, both WLIV AM 920 and WLIV FM 104.7 joined – at the request of Putnam county director – to make the public aware of this move.**

**We further participated by announcing their meetings and in helping the director to form a steering committee for the newly-revived Overton county Habitat.**

**We did so with both news coverage and with additional public affairs announcements on both AM & FM to educate the public and make them aware.**

Placed in the public file on 3 (day) of Nov,  
2017.
