Our 2019 series has been updated to give current information and tips for filing of 2018 returns before the deadline of 4/15/19.

Topics covered this year include:

Withhold enough	Using a professional filer
Tax scams	How to get tax information

Doing Your Own Taxes	Small Business Tax Tips
How Best To Use Your Refund	

Our 2019 TAX TIPS series runs February 20 through April 15.

We air these tax tip programs in the public interest to both encourage on-time filing and provide helpful information to tax payers in the community served by WLIV AM & WLIV FM.
