

# PUBLIC FILE

## WLIV AM 920 & WLIV FM 104.7

WLIV AM and WLIV FM kept listeners aware of the recent problems, street closings, rising water danger areas, etc. during and following the recent heavy rains and flooding in Livingston.

Several city streets experienced water over the roadway and had to be closed.

A section of state highway one-eleven was closed for several days due to Dillon Pond overflowing onto the state route.

The road way from Livingston to Allons was also closed due to water overflowing from the same pond which forced closure of highway one eleven.

County Executive Ben Danner was on the radiio several times keeping the public informed of the emergency situation. Livingston Mayor Curtis Hayes also provided much information on city issues and problems caused by the heavy rains and subsequent flooding.

WLIV AM and WLIV FM provided extensive coverage of the situation throughout the event and until normal conditions were restored.

Placed in the public file 3-12-, 2019.

This 1st quarter, 2019 program material was carried on:
