**PUBLIC AFFAIRS TOPIC: Importance of Census Participation**  
**GUEST: Curtis Hayes, Livingston Mayor**

**With all the distractions around us, the importance of the 2020 US Government census could easily be overlooked.**

**Curtis Hayes, Mayor of the Town of Livingston was our guest to inform the local community of how important it is for each resident to fill out and mail their census forms if they haven't already done so.**

**The Mayor explained how the census numbers are used in determining federal funding coming into communities as well as the data being used in other ways which will directly benefit the town and residents.**

**Mayor Hayes explained that it is important that each and every person living in the household be accounted for in the census. Many people do not understand that this is for everyone – not just for the property owner.**

**The Mayor also emphasized that anyone needing help filling out their census form can get the help needed by calling Livingston's City Hall.**

**Our public affairs feature with Mayor Hayes aired on both WLIV AM & FM.**
