Public Affairs Campaign: Home Security

Guest: Marvin Lamb

With home break-ins becoming more frequent, WLIV AM & FM felt it needful to feature public affairs programming that hilights home security. In particular, home security alarms.

Our guest was Mr. Marvin Lamb, residential security consultant with Twin Lakes Security.....a branch of Twin Lakes Telephone Company.

Mr. Lamb outlined the extensive list of uses homeowners can benefit from by having a home security system in place. The benefits go far beyond just security against home intrusions.

Home security devices can also be of great benefit to those with serious medical conditions by allowing fast contact with emergency health care services.

WLIV AM and FM felt this to be a topic of interest to the majority of our listening audiences. This public affairs feature aired numerous times in numerous dayparts to reach the maximum number of listeners.

Placed in the public file 6-26-, 2019.
