

PUBLIC FILE

WLIV AM 920 & WLIV FM 104.7

Overton county's school system has just appointed a new director after recently notifying current director Terry Webb that his contract would NOT be renewed.....and that the board would again be interviewing applicants.

The board then took applications for the job of director of Overton County schools. Only two applied. Current director Terry Webb and Mark Winningham who is also already employed by the school system as assistant director. Before the interviewing process began, Webb withdrew his name, leaving only Mark Winningham as the sole applicant for the job.

The board appointed Winningham. His length of contract was not told. He is to begin his duties July 1, 2016.

WLIV AM & FM have been diligent to keep the public informed of developments between the board and the current director and make the public aware of the scheduled open meetings where the issues would be discussed.

Through on-going coverage, the public has been made aware of the issues created by their school board relevant to this situation.

We believe that helping our community better informed is typical of the year-round, on-going best efforts of this broadcaster.
